(Reconvened at 9:03 a.m.)

COMMISSIONER MacCALLUM: Good morning.

ALL COUNSEL: Good morning.

#### MURRAY SAWATSKY, continued:

#### BY MR. HODSON:

Morning, Mr. Sawatsky. If we could bring up the report 023167, and go to page 242, is where we left off. And just a couple remarks before we start this morning. I think yesterday, Mr. Sawatsky, when we started, you and I were

literally on the different pages on a couple of areas, I think you had your paper report and I was referring to matters on the screen, and I think there was a couple of areas where, particularly related to Father Murphy, that you were looking at a different area than I was asking. So I think we've clarified that and we'll try and get with what's on the screen.

The second thing, and I covered this back in June when you started your evidence but I think it's worth repeating with you here, a couple things. Number one, I think you told us that, let's go back to the time you did this investigation, 1992 to 1994 -- and I don't

			1 age 30207
	1		think there's any dispute about this number
	2		one, your people did not have the DNA results with
	3		respect to Larry Fisher, correct, those came in
	4		1997?
09:05	5	A	That's correct.
	6	Q	Two, you did not have the benefit of a conviction
	7		of Larry Fisher?
	8	А	Correct.
	9	Q	And you did not have the benefit of the Government
09:05	10		of Saskatchewan acknowledging David Milgaard to be
	11		factually innocent; correct?
	12	A	Correct.
	13	Q	So at the time that you people are doing this
	14		investigation, from 1992 to 1994, is it fair to
09:05	15		say that David Milgaard's guilt or innocence was,
	16		at a minimum, uncertain?
	17	A	Yes.
	18	Q	And, as well, I think you told us that you put
	19		some weight on the Supreme Court of Canada
09:05	20		reference decision, and in particular their
	21		statement that David Milgaard had the benefit of a
	22		fair trial; is that correct?
	23	A	That's correct.
	24	Q	And that, even though his conviction was set aside
09:05	25		and then the charges stayed, I think you told $\P$

	1		us please correct me if I'm wrong but the
	2		fact that he had been convicted and the Supreme
	3		Court said what they said in April of 1992
	4		influenced your thinking and the thinking of your
09:05	5		officers and your approach to the matter; is that
	6		fair?
	7	A	I think that's probably a fair comment.
	8	Q	Yeah. And so I will try, and I have tried in
	9		asking you questions about what you did in 1992 to
09:06	10		1994, to try and put the questions on the basis of
	11		what information you would have had at the time,
	12		and to try not to say "okay, with what we now
	13		know", because didn't know what we now know back
	14		when you did your investigation; is that correct?
09:06	15	A	That's correct.
	16	Q	And I appreciate, Mr. Sawatsky, that there will
	17		be, and has been, some debate about and would
	18		you agree with this from 1992 to 1994 when you
	19		did the investigation, this uncertainty about
09:06	20		David Milgaard's guilt or innocence, there were
	21		people that strongly advocated his innocence;
	22		correct?
	23	A	Correct.
	24	Q	In particular Mr. Wolch, for example,
09:06	25	A	That's correct.
		I	

		Page 36269 —————
1	Q	Mrs. Milgaard? So there was a group of people
2		that strongly asserted, based for a number of
3		reasons, that he was innocent; correct?
4	А	Correct.
09:06 5	Q	The Supreme Court of Canada did not, did not make
6		that finding at the reference, did not find him to
7		be probably innocent for reasons stated in their
8		decision; correct?
9	A	Correct.
09:07 10	Q	And that was something you knew?
11	А	That was something I knew, correct.
12	Q	And, as well, is it fair to say that on the other
13		side of the equation there were people who had
14		strong views about his guilt?
<i>0</i> 9: <i>0</i> 7 15	А	That's correct.
16	Q	And that being David Milgaard's guilt. And
17		similarly with Larry Fisher, you would have people
18		on both sides of that fence as well, some thinking
19		he was guilty, some people thinking he was
09:07 20		innocent; is that fair?
21	А	That's fair.
22	Q	And then, as police officers, tell us what tools
23		or what do you rely upon, I guess, on the question
24		of guilt or innocence at the time? Is it the
09:07 25		information that you have, or can you just

	1		elaborate on what, as investigating officers at
	2		the time what influences your thinking on that
	3		matter then?
	4	A	Well I think, in this particular case, our
		A	
09:07	5		thinking was influenced by the entire
	6		investigation itself, and at the investigation
	7		the end of the investigation we were able to draw
	8		conclusions about the evidence that we had been
	9		able to obtain. Granted, there were areas where
09:08	10		we tried to probe where we perhaps weren't able to
	11		get, you know, full evidence, but at the end of
	12		the investigation we drew a number of conclusions
	13		based on the evidence that we had before us.
	14	Q	So, in approaching the question of guilt or
09:08	15		innocence of David Milgaard or Larry Fisher back
	16		in '92 to '94 in the absence of the DNA, would it
	17		be correct to say that you would be influenced by
	18		the information you gathered, the information that
	19		was presented on both sides of the argument, and
09:08	20		basically what you investigated, that would
	21		ultimately influence your thinking and the
	22		thinking of your investigators?
	23	A	That's correct.
	24	Q	And, on that, you've told us I think back in June
09:08	25		that although this is your report in the sense

			3
	1		that it was a report on behalf of, I think, a
	2		group of 10 or 12 investigators; is that right?
	3	А	That's correct.
	4	Q	And I think you told us that this would represent
09:08	5		the collective thinking of all of the officers
	6		involved?
	7	А	That's correct.
	8	Q	If we can just go back, I think where we left off,
	9		we were dealing with issues on Ron Wilson's on
09:09	10		the question of your investigation as to whether
	11		or not the police intimidated Ron Wilson to lie.
	12		And if we can just go to the next page, and I
	13		think this is where we, and we've dealt with this
	14		in detail yesterday about the knife, but here's
09:09	15		your comment here where after I'm sorry, if we
	16		can just go to, sorry, the next page. And I think
	17		this talks about the meeting with Inspector
	18		Roberts:
	19		" picked out a knife from a group of
09:09	20		five, shown to him by Insp. Roberts. He
	21		acknowledged it was similar to the one
	22		he saw in the car en route from Regina
	23		to Saskatoon. This being a reddish
	24		brown coloured bone handled type paring
09:10	25		knife."

1		And I'll ask you this in respect to this comment,
2	2	and I asked you a similar question yesterday, but
3	3	what, if any, significance did you as an
2	1	investigator put on the fact that somehow Ron
09:10	5	Wilson told Inspector Roberts on May 23rd he saw
6		a reddish-brown-coloured bone-handled type paring
7	7	knife in the car en route to Saskatoon when he
3	3	said a contradictory statement to Detective Karst
Ç	)	the day before when he was asked about a knife
09:10 10	)	and said "I don't think so, check at Champs Steak
11		House"; do you recall what you made of that
12	2	distinction at the time?
13	B A	Well I think that, certainly, there was a question
14	l l	as to why this disclosure would be made. But I
09:10 15	5	think, in the absence of any indication that there
16		had been improper questioning by Mr. Roberts to
17	7	get this, you would accept it as a new piece of
18	3	information.
19	Q	And so, at the time, is it correct to say, '92 to
09:11 20	)	'94, the issue of whether or not David Milgaard
21		had a maroon-handled paring knife was an issue
22	2	that there was some uncertainty about?
23	В	Yes.
24	Q	And so that, if he did have the knife, then there
09:11 25	5	could be let me go through this again. If he
		4

	1		did have a maroon-handled paring knife in the car,
	2		then it may well have been that Inspector Roberts
	3		did nothing wrong in getting that information from
	4		Ron Wilson because it's truthful?
09:11	5	Α	That's correct.
	6	Q	On the other hand, if he didn't have a
	7		maroon-handled paring knife, is it fair to say
	8		that it's more likely that Inspector Roberts may
	9		have done something inappropriate to get that
09:11	10		information from Mr. Wilson?
	11	А	That's a possibility, yes.
	12	Q	And, again, are you telling us that, for reasons
	13		you stated yesterday, because you didn't have the
	14		charts, the interview notes, and because you could
09:11	15		not rely on what Mr. Wilson told you, is this area
	16		basically fore closed off from you to find out
	17		what happened in that meeting?
	18	А	Well we did have the benefit of the transcripts
	19		from the Supreme Court, and also of an interview
09:12	20		of Mr. Roberts, where he basically confirmed what
	21		he had told the Supreme Court. And, of course,
	22		the finding of the Supreme Court was that there
	23		had been no improper conduct on the part of the
	24		police in interviewing the witnesses, so we did
09:12	25		have the benefit of that. Personally, I believe

	1		that I would have found it helpful if I'd have had
	2		more information from Mr. Roberts such as charts
	3		to look at, his interview notes and those sorts of
	4		things, and those were not available to us.
09:12	5	Q	Yeah. Did the fact that Mr. Roberts testified at
	6		the Supreme Court, and the findings of the Supreme
	7		Court, then influence your thinking when you
	8		looked at his conduct in his interviews with Ron
	9		Wilson and with Nichol John?
09:12	10	А	Yes, I think it did, to the extent that we
	11		certainly didn't find any indication that he had
	12		done anything wrong. And then of course, as I
	13		mentioned a moment ago, we followed up that with
	14		an interview where he basically told our
09:12	15		investigators the same thing that he had said at
	16		the Supreme Court.
	17	Q	If we can just scroll down, again this sets out
	18		what further information was added after the
	19		Inspector Roberts meeting, and I just want to
09:13	20		raise a couple of points here. Let's contrast
	21		these last two paragraphs. The last paragraph is
	22		the information that where Ron Wilson says
	23		David Milgaard told him in Calgary that he grabbed
	24		a girl, tried to take her purse, he jabbed her
09:13	25		with a knife and put her purse in a trash can, and

	Ī		Page 36275
	1		I think you'd have to agree that that is very
	2		incriminating evidence
	3	A	Yes,
	4	Q	with respect to David Milgaard?
09:13	5	A	I agree, it is.
	6	Q	And although it's not an eyewitness account, if
	7		it's to be believed, it's an admission made the
	8		next day that is fairly consistent with the crime
	9		scene, in other words the jabbing and the purse in
09:13	10		the garbage can; correct?
	11	A	Correct.
	12	Q	And so I won't dwell on this point because I think
	13		I've covered it sufficiently with the knife and
	14		other issues, but here what significance, if any,
09:14	15		did you place on the fact that this piece of
	16		information was not given to Detective Karst by
	17		Ron Wilson, or to others, before he went in to see
	18		Inspector Roberts?
	19	A	Well, again, this was a new piece of information
09:14	20		that came as a result of the interview with Mr.
	21		Roberts so it, I placed the same value on it that
	22		I did on the preceding comment you made, where it
	23		would have been nice to have
	24	Q	Yeah?
09:14	25	A	a little bit more information about how that
			4

	1		response came about.
	2	Q	Let me just go back on this specific piece,
	3		though. Two days earlier Ron Wilson says, May 21
	4		in Regina I think when he's talking about when he
09:14	5		says for the first time that "we got stuck" and
	6		that "David left the car" and that "this must have
	7		been the time when he committed the murder", okay,
	8		that's what he told the police two days earlier;
	9		would you not have expected him to say "and the
09:14	10		reason I know that is because David told me the
	11		next day that he had stabbed a girl"? Like in
	12		other words that to try and understand what, I
	13		guess, why it was that Wilson was making
	14		admissions to the Saskatoon City Police, or to
09:15	15		Roberts, that he wasn't making to the Saskatoon
	16		City Police when it appeared from the record
	17		and I think this is noted in your report that
	18		the Saskatoon City Police gave him every
	19		opportunity and were pushing him to get as much as
09:15	20		they could?
	21	Α	Yes.
	22	Q	Would you agree with that?
	23	A	I would agree with that. In fact, the police
	24		interviewed him on a number of occasions, and
09:15	25		certainly there is no indications that their $\P$

1 interviews weren't thorough and exhaustive. 2 So let's just take this last point which Ron 0 3 Wilson now says he made up and is not true. looking at trying to understand how it came to be 4 5 that Ron Wilson told Inspector Roberts that, or 09:15 told the police that after meeting with Inspector 6 Roberts, what was it that you and your people 8 considered or concluded about that? Now let's 9 just take the two scenarios. One would be if it 09:16 10 were true, in other words, if this last comment 11 were true, and I think you've told us, well, then 12 maybe Inspector Roberts didn't do anything wrong 13 if he got the truth, but let's take the other side 14 where it's not true. 09:16 15 And I really think one can look at it both ways Α 16 because when you look at that statement, you may 17 wonder how it suddenly came about, whether it was, 18 you know, through improper questioning or 19 whatever, but at the end he does mention that he, 09:16 20 that he had told Nichol about that, so on one hand 21 you sort of look at it and say, well, I sort of 22 disbelieve it, but on the other hand, there's 23 possibly an element of truth to that in that he 24 told someone else and you can confirm it by asking 09:16 25 that person, and quite often when a person will

	1		lie like that, they don't then say I told someone
	2		else because that gives you the opportunity then
	3		to go and question that person, so you could kind
	4		of look at this statement two ways.
09:17	5	Q	So then when you look at that and have Nichol, and
	6		Nichol's statement is that she told Ron the
	7		morning of the murder at the time, she told Ron
	8		that she had witnessed it?
	9	A	That's correct.
09:17	10	Q	I think the question was raised is why would Mr.
	11		Wilson tell her the next day something she had
	12		already told him the day before, and so that issue
	13		there, you are familiar with that inconsistent
	14		or that issue between their two statements?
09:17	15	A	I am. Yes, I am.
	16	Q	Again, let's just go back to Inspector Roberts for
	17		a moment and the question is this, that let's just
	18		take this last statement in Calgary and accept the
	19		premise that that's not true. Would it be your
09:17	20		view, sir, that what are the possible
	21		explanations as to how it would be that Ron
	22		Wilson, after being interviewed by the Saskatoon
	23		City Police on many occasions, does not give this
	24		very incriminating piece of information to the
09:17	25		Saskatoon City Police when pressed to do so, yet
			Meyer CompuCourt Reporting

	1		gives other incriminating information, and then
	2		after a session with Inspector Roberts gives this
	3		new piece of very incriminating information and
	4		the premise being that it's not true, what were
09:18	5		the possible scenarios that would give rise to
	6		that?
	7	А	Well, of course it's very difficult to say what
	8		was in someone's mind, but it could be that there
	9		was something planted there, that there was
09:18	10		improper questioning. It could be that Wilson was
	11		trying to be more helpful and thought I'll try and
	12		provide, I'll provide more information that's
	13		perhaps not true. I guess there could be a number
	14		of reasons why he would, you know, come out with a
09:18	15		lie or with something that's not the truth.
	16	Q	And in your investigation did you have sufficient
	17		information to make any conclusions about what
	18		happened in that room that may have given rise to
	19		Ron Wilson's new information?
09:18	20	А	No, we did not.
	21	Q	And then let's just contrast it with the paragraph
	22		before where one of the things that came out of
	23		the Inspector Roberts' interview was the compact
	24		or cosmetic case being thrown out of the car and
09:19	25		the evidence at trial from Cadrain and John

1 corroborated that, the fact that there was a 2 cosmetic bag or compact or whatever thrown out of 3 Mr. Tallis testified that he was advised 4 by David Milgaard that that happened, so that to 5 the extent that it's corroborated in those three 09:19 6 areas, if you accept that as being true, what do you make of the fact that, or how do you, as an 8 investigator, in looking at trying to figure out 9 what happened with Inspector Roberts when it appears that some of the information, new 09:19 10 11 information gained after Mr. Wilson meets with 12 Inspector Roberts may well be corroborated by 13 other facts? Do you follow? 14 Yes, I do. I think what you are suggesting is Α 09:19 15 that some of the statements that were obtained we 16 were able to corroborate through other means such 17 as you indicated Mr. Milgaard had indicated to 18 Mr. Tallis, that there had been a compact and it 19 had been thrown out the window, and then the other 09:20 20 statement about jabbing with a knife was more 21 difficult to corroborate; in other words, there 22 was no other evidence to support that, so what you 23 make from that is you place more importance or 24 more believability on the one statement than the 09:20 25 other.

	1	Q	Okay. And then does one influence the other in
	2		the sense that if you are looking at what happened
	3		with Inspector Roberts, if one of the pieces of
	4		new information that came out is in fact
09:20	5		corroborated, what does that tell you, if
	6		anything, about the other pieces of information
	7		that you are investigating?
	8	А	Well, I guess it perhaps makes you think that it's
	9		possible that the other one is believable, but
09:20	10		still in the absence of anything to corroborate
	11		it, it does make it more difficult to rely heavily
	12		on it.
	13	Q	Okay. If we can go to the next page and scroll
	14		down here to this paragraph, and again, this is
09:21	15		going through the summary of information, and
	16		again keep in mind that what we're looking at is
	17		your investigation to find out whether the police
	18		coerced or intimidated Ron Wilson to give false
	19		evidence, and the paragraph here talks about the
09:21	20		trip when Ron Wilson was being brought to trial
	21		and that Ron Wilson told Karst and Mackie:
	22		"of an incident in which Milgaard
	23		had, in effect, re-enacted the killing.
	24		The re-enactment was for the benefit of
09:21	25		Melnyk, Lapchuk and two girls who had

09:22 25

been with Milgaard in a motel..." And I think the evidence that the Commission has heard is to the effect that that information -the motel room incident was not known by the police or the prosecutors until Ron Wilson volunteered it to the police on his trip from Regina to the trial, that the police then went and investigated, the Crown then interviewed the witnesses and they were called, and can you tell us, what significance if any did that set of facts have in your probing into whether or not Ron Wilson was intimidated or coerced to lie? I think that shows evidence that he wasn't, and if you look at sort of Ron Wilson, his evidence or his statement sort of came out over a long period of time, he was interviewed a number of times, I think two or three times at the outset, and then he was interviewed a number of times after that, and each time he provided a little bit more information. This particular piece of information of course was corroborated by others. Some of his information wasn't as easily to corroborate and of course when we tried to interview him, he wasn't able to provide us with explanations, so it certainly, it certainly appears that Wilson either

	1		didn't grasp the importance of what he had, what
	2		he could provide, or simply, you know, was the
	3		type of witness who sort of had to be interviewed
	4		extensively to get all the information from.
09:23	5	Q	The fact that Mr. Wilson would give this
	6		information about Melnyk and Lapchuk to the
	7		police, I guess you could look at it one of two
	8		ways, is it a case of saying, well, he was
	9		intimidated and therefore gave up his friends and
09:23	10		said here's more information, or on the other hand
	11		is it the other way, saying that he wasn't
	12		intimidated because he volunteered and gave more
	13		information. I'm wondering how you again, on
	14		the issue of Ron Wilson and his relationship with
09:23	15		the police at the time and this intimidation, what
	16		if any conclusions did your people reach or how
	17		did this how did the fact that Ron Wilson gave
	18		the motel room re-enactment information to the
	19		police fit into that inquiry?
09:23	20	А	Well, there's certainly no evidence that he was
	21		coerced into saying that. It appears to have been
	22		volunteered during the interview.
	23	Q	And then go down to Wilson's recantation, we spent
	24		a fair bit of time on this with a number of
09:24	25		witnesses. The first part you mention is that you

1 refer to the 1981/'82 conversation between Ron 2 Wilson and Mrs. Milgaard and we have played I 3 think both of those tapes, or certainly have the 4 transcripts and we've been through those 5 interviews as to what was said. You say here: 09:24 "At the time of the interview Ron Wilson 6 7 did not express any concerns about his 8 treatment by the police nor did he 9 indicate that his 1969 trial testimony 09:24 10 implicating Milgaard was fabricated. 11 His recantation takes place in 1990 12 during his interview with Centurion 13 Ministries investigator, Paul 14 Henderson." 15 Can you tell us, what was the significance again 09:24 16 in trying to understand Ron Wilson's evidence and 17 his later recantation, what was the significance of the 1980/'81 interviews between he and Mrs. 18 19 Milgaard? 09:25 20 Well, certainly in 1980 or '81, or '81/'82 I guess 21 when that conversation was taped, he certainly did 22 have the opportunity to tell Mrs. Milgaard that he 23 had been coerced, that his evidence was false, 24 that he had lied and didn't take advantage of

09:25 25

that, and it wasn't until he was interviewed by

			——————————————————————————————————————
	1		Mr. Henderson, you know, where evidence of that or
	2		statements to that effect were taken.
	3	Q	Now, you've got and what are you saying that
	4		why didn't he recant in '81/'82?
09:25	5	A	Exactly. He had the opportunity and was asked and
	6		he didn't recant.
	7	Q	Now, would you agree that there could be some
	8		valid reasons for that?
	9	A	Yes, there certainly could.
09:25	10	Q	And that witnesses, a witness who lied at trial
	11		might, for various reasons, it might take some
	12		time or some prodding or prompting to get that
	13		person to say they lied at trial?
	14	А	Yes, for sure.
09:25	15	Q	And so I suppose the same could be said is why
	16		didn't in 1972 he recant. I guess the difference
	17		in '80 and '81 is that he was given the
	18		opportunity and didn't take it; is that the point?
	19	А	That's correct.
09:26	20	Q	You also make mention, if you can go down to the
	21		bottom, a footnote, you say:
	22		"Note: Of interest is an exchange
	23		between Mrs. Milgaard and Wilson
	24		regarding the availability of ten
09:26	25		thousand dollars to anyone that can
		i	

	1		prove David innocent. Wilson responds
	2		that he can't prove it. Later, in the
	3		Supreme Court, when asked about his
	4		knowledge of the reward Wilson indicated
09:26	5		he did not know about it until that very
	6		day in the Supreme Court."
	7		Can you tell us, what was of the significance of
	8		this information?
	9	A	I believe, if I recall correctly from the
09:26	10		statement, there was a mention made by Mrs.
	11		Milgaard of some money and I think Ron's answer to
	12		that was that he couldn't help her or that he, you
	13		know, couldn't provide her with any information,
	14		so I'm not sure, you know beyond that, I'm not
09:26	15		sure what you are asking me, Mr. Hodson.
	16	Q	Well, it's made as a footnote. If we can just go
	17		back to the top, you talk about the Wilson
	18		recantation. You told us that the fact that he
	19		didn't recant in '81, let's say it's 1981, I think
09:27	20		that's the date, was of some significance in the
	21		matter; is that right?
	22	A	Uh-huh.
	23	Q	And would that be the credibility of his 1990
	24		recantation, is that why you put it there, in
09:27	25		saying that lookit, in looking at the credibility

			Page 36287 —————
	1		of hig 1000 regentation
	1	_	of his 1990 recantation
	2	A	Yeah, there's no indication that the reward
	3		wouldn't have been available in 1990 as well. I
	4		mean, you know, there was an indication that there
09:27	5		was some money. He could have certainly asked for
	6		it in 1990. There's no indication that he did,
	7		but he could have.
	8	Q	And so just so that I understand this, so when you
	9		are looking at again trying to figure out what
09:27	10		happened to Ron Wilson in 1969/'70 and how his
	11		incriminating evidence came about, what he said
	12		later on in '81 would be informative; is that
	13		right?
	14	A	Yes.
09:28	15	Q	And his recantation in '90 would be informative?
	16	A	Yes.
	17	Q	And similarly his subsequent interviews I think by
	18		Mr. Williams and then his Supreme Court evidence
	19		would also be informative in trying to figure that
09:28	20		out?
	21	A	That's correct.
	22	Q	So let's just take a look at the 1981 interview
	23		just so that I understand the two aspects of it.
	24		One, you are saying that he did not recant at that
09:28	25		time when given an opportunity to do so?
			Mayor CompuCount Panarting

			Page 36288
	1	A	That's correct.
	2	Q	And are you saying then that means the 1990 recant
	3		is more suspect?
	4	A	Yes, it's suspect for that, but for a number of
09:28	5		other reasons as well.
	6	Q	Okay. And secondly, the fact that in 1981 Mrs.
	7		Milgaard mentions to him a \$10,000 reward, what if
	8		anything does that do to the credibility of the
	9		1990 recant?
09:28	10	A	Well, in my view it certainly strengthens the 1981
	11		recant where he's offered money and doesn't, but I
	12		think what I was trying to suggest before is that
	13		doesn't mean that in 1990 he wouldn't be thinking
	14		that money was still available. As I indicated,
09:29	15		there's no evidence that he was provided with that
	16		or that he asked for it, but certainly in his own
	17		mind it could have been something he was thinking
	18		of.
	19	Q	But if money was a motivator, do you not agree
09:29	20		that in 1981 he could have said okay, here's your
	21		recant?
	22	А	Yes.
	23	Q	Give me my money?
	24	A	Yes, he certainly could have.
09:29	25	Q	And so the fact that he did not recant, as you

1 say, in '81 when the reward was there, would that 2 not be an indicator that the money did not 3 influence his recantation --4 Α Yes. 5 -- later? 09:29 Q 6 Yes. Α 7 Would you agree that as an investigator involved Q 8 later on in these proceedings in trying to sort 9 out what happened in 1969, 1970 and try to 09:29 10 determine what weight if any could be given to Ron 11 Wilson, as an investigator would the fact that a 12 reward is mentioned to him by Mrs. Milgaard or by 13 anybody in an effort to get a recant, would that 14 be a negative thing for people later on trying to 09:30 15 get to the bottom of things, and maybe I didn't 16 ask that very -- I'm trying to -- here's the point 17 that I want to get at, that when you go to see Ron 18 Wilson in 1992, the fact that a number of people 19 have talked to him, both authorities, 09:30 20 non-authorities, I think you mention it made it 21 very difficult for you to try to get to the bottom 22 of things, and what I'm trying to get at is would 23 the fact that a reward is out there be an issue in 24 your mind in that it may, it either may influence 09:30 25 the witness or, if it doesn't influence the

			J
	1		witness, it may give that appearance?
	2	A	Yes, most definitely.
	3	Q	And I guess if we take a look at Albert Cadrain,
	4		and we've heard extensive evidence about this and
09:31	5		whether the \$2,000 reward did or did not influence
	6		his thinking, certainly that was the view of some,
	7		is it fair to say that the minute a reward is out
	8		there and put into the minds of a witness, that
	9		whatever happens later, some people are going to
09:31	10		go back and say, well, lookit, what effect if any
	11		did that reward have on this witness?
	12	A	Yes, I think that's a fair statement.
	13	Q	And in cases where the offering of a reward, and I
	14		think Mr. Wilson's evidence on this is it had no
09:31	15		effect on his decision to recant, but nonetheless,
	16		it appears that your investigators pursued that?
	17	A	Yes, yes, we did.
	18	Q	And why?
	19	A	Well, as I had mentioned, we couldn't get any
09:31	20		information from Mr. Wilson, we tried to interview
	21		him, so I think it was important for us to try and
	22		determine, in the absence of him providing us with
	23		anything, it was important for us to try and
	24		determine what would lead to a recantation and to
09:32	25		try and see what importance we could place on that

1 recantation, so to follow up and to look into 2 whether or not money was a motivating factor was 3 certainly in our minds something that we wanted to 4 know. 5 Q Okay. Then if we can just scroll down here, I 09:32 6 think here you go through the recantation and 7 describe that and what he recanted to Mr. 8 Henderson, and then down here you say: 9 "The bulk of Wilson's Supreme Court 09:32 10 testimony dealt with his recollection and his recantation of previously stated 11 12 facts including those set out in his 13 statement to Henderson. Wilson stated 14 the police were polite and although he 15 was not threatened, through their 09:32 16 repeated questioning and their 17 suggestions, he felt a need to agree 18 with them. Wilson gave the police what 19 they wanted to get them off his back. 09:32 20 He acknowledged the police interviewed 21 him numerous times because they may have 22 thought he was holding back on them." 23 And we have been through Mr. Wilson's evidence 24 before the Supreme Court and the citation for 09:33 25 contempt and his post-contempt evidence,

	1		etcetera. Was that something that your
	2		investigators relied upon, what Mr. Wilson
	3		ultimately said to the Supreme Court about how he
	4		was treated by the police?
09:33	5	A	Yes, yes, we did, because as I mentioned, we
	6		weren't able to get very much from him when we
	7		tried to interview him.
	8	Q	And if we can go to 023249, and this is your
	9		investigator's comment, your summary, you say:
09:33	10		"They both gave limited accounts of the
	11		trip to Saskatoon and Alberta, but said
	12		nothing about their encounter with Gail
	13		Miller. In both cases, the
	14		investigators had reason to believe the
09:33	15		two were not telling the truth in their
	16		first statements."
	17		And was that your conclusion, Mr. Sawatsky, that
	18		the first statements, the March, 1969 statements
	19		by Wilson and John, that in both cases
09:34	20		investigators at the time had reason to believe
	21		the two were not telling the truth in their first
	22		two statements?
	23	A	Yes, that's correct.
	24	Q	And then:
09:34	25		"The police thought one, or all three of

1 the group, might be implicated in the 2 murder..." And then so you go on to describe the later 3 meetings. You talk here: 4 5 "On May 21st, Wilson implicated David 09:34 6 Milgaard and in subsequent interviews May 22/24 he provided additional details 8 to those given on the 21st." 9 Then: 09:34 10 "Until 1990 when he was interviewed by Centurion Ministries investigator Paul 11 12 Henderson, Wilson's account of the 13 circumstances surrounding the Miller 14 Then, and later murder was unchanged. 15 in the Supreme Court, he recanted 09:34 16 several aspects of his incriminating 17 testimony alleging he told the police 18 what they wanted to hear because of 19 persistent questioning and fear." 09:34 20 And: 21 "Both John and Wilson expressed a fear 22 of Milgaard. It can be surmised their 23 reluctance to talk when first 24 interviewed was directly related to this 09:35 25 concern and also to their apprehension

	1		of the police."
	2		Can you just elaborate on that last comment?
	3	A	Yes, certainly, and I think what we're trying to
	4		do there is suggest that their initial response to
09:35	5		the police when they said nothing happened was
	6		later, through a series of interviews, they were
	7		able to provide the police with quite a bit of
	8		information, and notwithstanding the fact that
	9		Wilson did recant, and part of his recant was
09:35	10		factual and some of it wasn't, it's quite possible
	11		that the reason they were reluctant to talk to the
	12		police initially was because they were afraid of
	13		Milgaard or they simply were afraid of the police,
	14		so to speak.
09:35	15	Q	Okay.
	16		COMMISSIONER MacCALLUM: You state that
	17		only as a possibility. Were you convinced of
	18		that? It can be surmised is
	19	Α	Yeah, and I think that's the best we can say
09:35	20		there, My Lord, is I don't think we were convinced
	21		either way.
	22		COMMISSIONER MacCALLUM: Okay.
	23	ВҮ	MR. HODSON:
	24	Q	And would that be influenced by the thought that
09:36	25		this fear may have given rise because they thought
			1

	1		he killed Gail Miller, David Milgaard?
	2	A	It could be, it could be that they thought they
	3		would somehow be implicated if they spoke. I
	4		guess one could surmise there's any number of
09:36	5		reasons why they weren't forthright when they were
	6		first interviewed.
	7	Q	And would you say, sir, that if the two believed
	8		wrongly that David Milgaard had been the murderer
	9		of Gail Miller, that that might have caused them
09:36	10		to be more fearful than if someone had said
	11		lookit, he didn't kill her; in other words, that
	12		their fear might have been premised on the wrong
	13		assumption that David Milgaard was the killer?
	14	A	Correct.
09:36	15	Q	You agree with that?
	16	A	Yes, I do.
	17	Q	If we can go down to go to page 023247 and this
	18		is the last, just finish up here, Ute Frank, and
	19		we've heard a fair bit of evidence about Ute
09:37	20		Frank. Your report summarizes the interview that
	21		your people did in '93, that she was reluctant to
	22		talk to the police because she was scared, and it
	23		goes on to talk about one of the policemen who
	24		interviewed her yelled and screamed at her a lot,
09:37	25		the other was a nice guy:

"Frank stated that the details she gave
Det. Karst about the evening in the
motel room were true, but were totally
out of context. She completely left out
the re-enactment scene because she felt
if she told anyone, Milgaard would kill
her."

And we heard from Mr. Tallis as to what Ute Frank told him in 1969 and we also heard from Ute Frank, and can you tell us, what did your investigators make of whether or not the police were involved in intimidating or coercing Ute Frank to say what she said? Now, she didn't testify at trial, but she gave the police a statement which she later said was incomplete. Well, certainly she, Ute Frank indicates that one of the officers perhaps, you know, wasn't nice with her and maybe didn't treat her as well as she would have liked, but there's certainly no indication that that treatment caused her to say something that wasn't true, or caused her to lie. If we can go to 023250, and just at the top, I think this is the concluding part of D.2 which is the heading about intimidation of witnesses. conclude:

1 "The techniques used by the investigators during their interviews of 2 3 these three key witnesses could be 4 viewed as psychologically aggressive. 5 But, given the fact that they were 09:38 6 investigating a rape/murder, the police apparently felt that their techniques 8 were not unreasonable nor unfair. 9 interviews were accomplished without 09:38 10 violence, or threats of violence and 11 considering the serious nature of the 12 offence, they obviously believed their 13 actions were justified and in the interests of law enforcement. 14 15 The police obviously 09:38 16 concluded that they had succeeded in 17 getting the truth from Cadrain, John and Wilson because in the end their final 18 19 versions of what transpired were 09:39 20 corroborated by each other and by

remarks about the actions of the police and

circumstances."

	1		whether they intimidated or coerced the witnesses
	2		to lie?
	3	А	That's correct.
	4	Q	Now, when you say here that some of their
09:39	5		techniques could be viewed as psychologically
	6		aggressive, can you expand on that at all?
	7	А	Well, I think certainly the police, once they felt
	8		that they were on the right track, you know, tried
	9		various techniques and certainly were quite
09:39	10		aggressive in trying to get to the truth.
	11	Q	Aggressive in what way?
	12	А	Aggressive in perhaps making suggestions in
	13		continual questioning, in maybe asking the same
	14		question over and over in order to try and get
09:39	15		statements from the witnesses.
	16	Q	As an investigator, and we touched on this
	17		yesterday, as an investigator, if you learned that
	18		a witness has been holding back information, gives
	19		you new information that is incriminating and
09:40	20		corroborated, would that be a reason to perhaps be
	21		more aggressive in the interviewing?
	22	А	It may be perhaps, particularly if you believe
	23		that there's more information that is being
	24		withheld.
09:40	25	Q	And I guess the question is where, as an officer,

	1		where is the line drawn then in being aggressive
	2		in getting the truth and not being too aggressive
	3		to get untruths?
	4	Α	Well, I guess there's sort of two types of
09:40	5		witnesses in my mind, there's those who simply
	6		volunteer everything because, you know, they
	7		provide you a pure version, and then there's those
	8		who are withholding for certain means, and I guess
	9		what you need to do as an investigator is to try
09:40	10		and satisfy the witness who is reluctant that they
	11		can provide you with the information you are
	12		seeking, so a reluctant witness may require much
	13		more aggressive techniques by the police to try
	14		and get to the truth. It may be that you need to
09:41	15		confront them with a statement that somebody else
	16		has provided them, you may need to confront them
	17		with facts that you know are the truth, it may be
	18		any number of things that you may employ to try
	19		and get them to tell you what you are after or
09:41	20		what you need to hear.
	21	Q	And if you could as well, you say that their final
	22		versions of what transpired were corroborated by
	23		each other and by certain independent facts and
	24		circumstances. What are you referring to there?
09:41	25	А	Well, we had the benefit, you know, of a number of

	1		things that of course the investigators didn't
	2		have in 1969, one of them being, of course, what
	3		David Milgaard told Mr. Tallis, and some of the
	4		things that they talked about with regards to the
09:41	5		compact, the scene of the crime, those sorts of
	6		things, out to rob a woman, were all corroborated
	7		by David Milgaard to his counsel Mr. Tallis, so we
	8		had the benefit of that, so in looking at that and
	9		then looking at their statements, we were able to
09:42	10		see that as the statements evolved, they became
	11		closer to the truth, and of course the initial
	12		denial that anything had happened when they were
	13		first confronted by the police, so we had that.
	14		We also had the scene where both John and Wilson
09:42	15		had identified certain things at the scene, so
	16		there were a number of things that were able to
	17		independently corroborate their statements.
	18	Q	And are you saying that everything Wilson, John
	19		and Cadrain said was corroborated by something?
09:42	20	А	No, I'm not saying that, I'm saying a number of
	21		things they said we were able to corroborate.
	22	Q	Okay.
	23		COMMISSIONER MacCALLUM: Mr. Hodson, before
	24		you go on, the witness really didn't answer your
09:42	25		question, and given his expertise in this area,

1 I'm interested in what he might have to say. 2 Sir, you were asked where is the line drawn 3 between being aggressive and using aggressive, 4 psychologically aggressive techniques to get at 5 the truth and going too far, I'm just 09:42 paraphrasing. Where is the line? 6 7 My Lord, that's --Α 8 COMMISSIONER MacCALLUM: You really didn't 9 say that. 09:42 10 Α Yeah. 11 COMMISSIONER MacCALLUM: And, you know, I'm 12 interested in, you know, particularly in this 13 case these witnesses were very young and one of 14 them complained that the police called her a slut 09:43 15 and so on and that sort of -- the other guy was 16 nice and one was very insulting to her. 17 recognize the fact that it's a very difficult 18 concept to deal with, but surely there must have 19 come a point when a police officer, a person in 09:43 20 authority and a very imposing presence has to 21 back off a little bit with young people for fear 22 of not getting the truth, simply getting them to 23 say what they perceive the police want them to 24 say just to stop the --09:43 25 My Lord --Α

	1		COMMISSIONER MacCALLUM: criticism.
	2	Α	I'm not sure that I can answer that question, you
	3		know, satisfactory to the hearing here. I guess
	4		if a police officer employs techniques that you
09:44	5		then find out later caused the person to say
	6		something that wasn't true, then I think they
	7		could definitely be criticized.
	8		COMMISSIONER MacCALLUM: Well, yes,
	9		ultimately I suppose it rests with the finder of
09:44	10		fact in a trial setting to determine whether what
	11		they got was the truth or not, but I just
	12		wondered if there was any accepted line of
	13		demarcation within the police procedures to
	14	A	Certainly codes of conduct and standing orders and
09:44	15		stuff tell police, you know, govern police
	16		conduct, so certainly, you know, if they cross
	17		that line, so to speak, I guess, you know, there
	18		could be a complaint and they could certainly be
	19		investigated.
09:44	20		COMMISSIONER MacCALLUM: What is the line,
	21		though, in your view?
	22	A	Well
	23		COMMISSIONER MacCALLUM: You can't say?
	24	A	It's very difficult yeah, it's very difficult
09:44	25		to say. I guess in this particular case where the

investigator was fairly difficult with Ute Frank and indicated to her that she was a slut and other things, she ended up providing statements which appeared to be the truth. On the other hand, if those actions would have caused her to say statements, to provide statements that weren't the truth, then I guess we would be more critical of the actions of the officer.

COMMISSIONER MacCALLUM: But would you only judge the officer's conduct by the result? Oh boy. Yeah, I -- I don't want to suggest for a moment that the end justifies the means, but this is a serious case and I think sometimes your actions are perhaps governed by the seriousness of If it's a very minor offence, the case as well. perhaps an officer should be less prone to sort of go further than you would, but on a murder case perhaps an officer is justified in pushing a little bit harder, in resorting to means that may be, in a very minor matter, would be considered I'm -- I apologize, I odd or unusual to use. don't think that I can be much more help than that.

COMMISSIONER MacCALLUM: Yeah.

1 Q If I might maybe, just by way of example, that if 2 you had -- let's talk about Nichol John for a 3 If you have, and let's focus on the Inspector Roberts time frame, that you have --4 5 leading up to that point I think the record shows 09:46 that, at least according to Mr. Tallis, that a 6 number of pieces of incriminating evidence had 8 been provided that suggested David Milgaard was in 9 the vicinity around the time of the murder, that 09:46 10 they had stopped a woman for directions, that he had left the car and a number of other things that 11 12 were suspicious and incriminating, they did not 13 establish that he was involved in the murder but 14 the evidence we've heard is that the police 09:46 15 certainly had strong suspicions if not more. 16 so, in approaching Nichol John on May 23rd, 1969 17 as a police officer with high suspicions, with 18 information from Wilson -- actually, let me add 19 something. I think, before he went in to see 09:46 20 Wilson, he got Ron Wilson to say that David 21 Milgaard had made an admission. Can you tell us, 22 what are some of the things that you think would 23 be appropriate in questioning her and what would 24 be inappropriate in questioning her? 09:47 25 I think if you were questioning her along -- to Α

	1		try and get her to confirm some of the things that
	2		Wilson had said, and perhaps you used some of his
	3		statements and put them to her as things that you
	4		believed and asked her to confirm or deny, I don't
09:47	5		think that would be inappropriate.
	6	Q	For example, to say "your travelling companion
	7		just told us that David admitted it, we know he
	8		did it, you were in the car, were you with him or
	9		did you see it, why didn't you do something",
09:47 1	10		things of that nature; would that be do you see
1	11		any
1	12	А	No, I don't see any problem with that, in fact, I
1	13		know that's done frequently by police
1	14		investigators.
09:47 1	15	Q	And where what would be inappropriate, then,
1	16		what would be things that and let's just focus
1	17		on Nichol John for a moment?
1	18	A	Well I would think that certainly, if you
1	19		suggested to her things that I think if you
09:48 2	20		suggested to her things that you believed to be
2	21		true, that would be appropriate. I think if you
2	22		suggested to her things that you believed to be
2	23		not true and simply wanted to try and fabricate or
2	24		to make get a means to an end, I think that
09:48 2	25		would be probably inappropriate. $\P$

	1	Q	And if we can just talk about the Wilson-John
	2		interaction, and I think the evidence we've heard
	3		is that before Inspector Roberts interviewed
	4		Nichol John he did get from Ron Wilson the very
09:48	5		incriminating statement, the admission, and I take
	6		it as, let's put that aside for a moment, let's
	7		assume that to be true or that the officer
	8		believes that to be true; would that be an
	9		influencing factor in approaching Nichol John?
09:48	10	А	Very likely. I think he used what he knew when he
	11		interviewed Nichol John and likely put some of
	12		that to her to try and get her to confirm or deny
	13		that that happened.
	14	Q	And so then let's take a step back to Ron Wilson,
09:49	15		because it seems that one if something wrong
	16		happened in getting Ron Wilson's statement, that
	17		wrong may have been compounded if that was used
	18		with Nichol John; would you agree?
	19	А	Yes.
09:49	20	Q	And so, in Inspector Roberts dealing with Ron
	21		Wilson and the polygraph, now you're a you
	22		conducted the polygraph for many years; is that
	23		correct?
	24	А	Yes, I did, for about six.
09:49	25	Q	Yeah. And so back in 1969-1970 we've heard some
			1

1 evidence, I think from Mr. Robinson, that the polygraph was an investigative tool in the sense 2 3 that it was, it was and could be used in an effort 4 to get information from a witness as opposed to 5 simply testing the truth of what the witness says; 09:49 6 would you agree with that? 7 Yes. Α 8 And that what are some of the ways that a 9 polygraph can, in your view, be used to get 09:49 10 information from a witness like Ron Wilson, and 11 appropriately? 12 А Well I think you could ask, you know, obviously 13 you would have a statement from a witness, you 14 would ask the witness certain things about that 09:50 15 statement and then try and verify whether what 16 they told you in that statement was true, and in 17 this case I believe that Mr. Roberts had some 18 admissions from Mr. Wilson so I'm assuming that he 19 likely tested Mr. Wilson on that statement and 09:50 20 asked him if elements of that statement that he 21 told the police were true. From his Supreme Court 22 testimony I believe he felt that Mr. Wilson was 23 being deceptive, that he wasn't being fully 24 truthful, and therefore would have likely, during

the post-test or after he had completed the

09:50 25

	1		charts, during that phase of the interview he
	2		would then have tried to go on and get further
	3		information from Mr. Wilson because of the results
	4		of the polygraph that would have indicated to him
09:50	5		Wilson wasn't being completely truthful.
	6	Q	And I think Inspector Roberts' evidence was that
	7		he used the SKY test, do you Suspect, do you Know,
	8		and did You commit; is that the correct
	9	A	That's correct, Suspicion, Knowledge, and You.
09:51	10	Q	You. And I think his evidence was that either one
	11		or two of those, it's not clear whether one false
	12		question was an earlier question, but in any event
	13		I think he said he felt Wilson was being deceptive
	14		on the "do you suspect" and "do you know" and went
09:51	15		back, and in that case if he went back and said
	16		"lookit, this says you're lying, you know more"?
	17	A	I'm certain that's likely what he would have said
	18		to him.
	19	Q	And, again, anything; do you see any reason to
09:51	20		question that practice?
	21	A	No, that would have been appropriate, I believe,
	22		for him to have done that.
	23	Q	And that if the polygraph indicated that Mr.
	24		Wilson was being deceptive when he said he didn't
09:51	25		know or didn't suspect anybody in relation to Gail

	1		Miller, then you are saying that would be
	2		appropriate to go further and say "lookit, you
	3		know, are lying on that"
	4	А	Yes.
09:51	5	Q	"according to the polygraph"?
	6	А	Yes, it would.
	7	Q	What about the you talked about putting, is
	8		there a difference between interviewing a suspect
	9		as opposed to a witness in what you might the
09:52	10		techniques you might use?
	11	А	Probably, initially, not much, but as the
	12		statement goes on, and let me explain that. I
	13		think, as I've indicated before, when you are
	14		interviewing a witness quite often the witness
09:52	15		will just tell you everything in a pure version
	16		form, you are then able to clarify elements of
	17		that statement through questioning at the end of
	18		the statement. You may have a witness who is
	19		reluctant to tell you things who you either
09:52	20		believe is withholding information or you are able
	21		to verify through other independent means that is
	22		withholding information, that may take a more
	23		rigorous form of questioning. It's not any
	24		different, perhaps, with a suspect. You may talk
09:52	25		to a suspect, ask the suspect if they are

responsible for the crime, and the suspect may provide you with a full admission. That isn't as -- that doesn't happen as often as a denial, but then of course your interviews would then be guided by you trying to then obtain information concerning the offence you are investigating from the suspect, so you may then have to take more aggressive forms of interviewing techniques to try and get your admission from a suspect.

So initially the interviews could be very much the same, but based on the circumstances and the evidence that's coming from the -- or the statements that are coming from the person you are interviewing, you may have to employ a different technique to try and get the person to tell you what you believe to be true, or you believe the suspect knows, --

Q And just --

A -- or witness knows, sorry.

And just one last point on this. I think the

Commissioner raised this in one of his questions

about the age of these witnesses. Would you agree

that certain witnesses may be able to withstand

more aggressive questioning more so than others,

and that the age, demeanour, and position of the

	1		witness would be an important factor in the
	2		question of how far an officer could go in
	3		questioning?
	4	A	Very much so. And I think a young person is
09:54	5		somebody who, you know, certainly an officer would
	6		be conscious of that.
	7		In this particular case, My
	8		Lord, I think some of these, there's evidence that
	9		these were quite street-wise young individuals, so
09:54	10		perhaps they may have been perhaps a bit wiser
	11		than their young years, but certainly these were
	12		young people and greater care does need to be
	13		taken with interviewing young people than perhaps
	14		adults who are more experienced and in life.
09:54	15	Q	And would you agree with this, that one method of
	16		aggressive questioning, quite within the bounds,
	17		but one method of aggressive questioning of a
	18		witness might not get anything from witness A
	19		because that witness is strong, but might get
09:54	20		something from witness B because he or she is
	21		weak?
	22	A	Yes.
	23	Q	In other words, the information obtained by one
	24		line of questioning may not be credible because of
09:54	25		the person being interviewed?

	1	A	That's correct, certain techniques may work with
	2		one person and not work with the other.
	3	Q	Okay. If we can then go down to D.3, this is the
	4		Investigative Summary, and I think, Mr.
09:55	5		Commissioner, we've agreed to call this the Mackie
	6		summary; is that correct?
	7		COMMISSIONER MacCALLUM: Yes, correct.
	8		BY MR. HODSON:
	9	Q	We've called it a number of things. This is
09:55	10		and you are familiar with this document then,
	11		Mr. Sawatsky, that's the five-page document,
	12		there's four pages of summary of what's in the
	13		police files and then one page of notes or
	14		theories, and then the suggestion at the bottom
09:55	15		about bringing these witnesses in for a polygraph?
	16	A	Yes, I'm familiar with this document.
	17	Q	In fact 023440, if we could just call that up,
	18		it's attached to your report as an appendix. And
	19		you are familiar with that document, if we can
09:55	20		actually go to the fifth page?
	21	A	Yes, I'm familiar with this document.
	22	Q	And I think this is the summary where we'll spend
	23		most of our time dealing with it, so if we can
	24		just go back to page 023250, and here in your
09:56	25		report you say:

	1		"This issue is about a <i>five</i>
	2		page police report which allegedly
	3		illustrates the fact the evidence of
	4		witnesses John and Wilson was fabricated
09:56	5		by the police.
	6		Page five of the report is a
	7		'summary' of points which Wolch alleges
	8		predict what John and Wilson will say.
	9		According to Mr. Wolch these two had not
09:56	10		yet given full statements to the police
	11		and the summary is evidence of a strong
	12		determination to have the witness'
	13		evidence conform a pre-existing theory.
	14		Mr. Wolch cites a comment at the bottom
09:56	15		of the summary under the heading
	16		'Suggestions' which emphasizes his
	17		point:"
	18		And let me just stop there. Does that accurately
	19		outline what the issue was, or the allegation
09:57	20		that was presented to you?
	21	А	Yes.
	22	Q	And is it correct to say that it was, up until the
	23		time this summary was prepared, the witnesses did
	24		not give incriminating information, the summary
		1	

09:57 25

			r ago sootti
	1		we're saying happened, even though we know it
	2		didn't happen, now go out and get Wilson and John
	3		to testify, here's the script, get them to say the
	4		following and we'll get our conviction"?
09:57	5	А	That's
	6	Q	Essentially?
	7	А	That's essentially, yes.
	8	Q	And that the script was part of the game plan, so
	9		to speak, of the police to go out and get Wilson
09:57	10		and John and perhaps Cadrain to give evidence that
	11		would fit with what the police said happened;
	12		correct?
	13	А	Correct.
	14	Q	And, in fact, would it be a bit further let me
09:57	15		give you two scenarios. Was it a case where it
	16		was was the allegation that, lookit, the police
	17		thought this is how it happened, legitimately
	18		believed this is how it happened, and went out and
	19		got the evidence to conform; or, secondly, the
09:58	20		case where the police didn't know how it happened
	21		and didn't care, but this was the way to get these
	22		witnesses to give evidence to give their
	23		conviction to get a conviction?
	24	А	That's correct.
09:58	25	Q	And was it the latter one, that's, that was the $\P$

	Ī		
	1		allegation?
	2	А	The allegation was the latter one, yes.
	3	Q	Yes, and so can you tell us, then actually, if
	4		we can just go to the next page. It looks like
09:58	5		one of the tasks that your people performed was to
	6		find out who was the author; is that correct?
	7	А	That's correct.
	8	Q	And was a fair bit of time spent by your
	9		investigators investigating into this, into the
09:58	10		Mackie summary?
	11	А	Yes, this summary was investigated very
	12		thoroughly.
	13	Q	And so it appears that:
	14		"We then",
09:58	15		" to determine their knowledge of the
	16		documents the report and summary
	17		with those in the police reports to
	18		establish:
	19		authorship
09:59	20		the date created, and
	21		verification of details and
	22		comparison between when they were known
	23		and the date the report was created."
	24		And so that would have been sort of the
09:59	25		significant job at the outset, who drafted it,

	1		when did they draft it, and who had it?
	2	A	Yes.
	3	Q	And I take it that that would be evidence that
	4		might be significant to establish this allegation
09:59	5		that it was used as a script for the witnesses?
	6	A	Correct.
	7	Q	If we can scroll down. And we have been through
	8		this with a number of witnesses, Mr. Sawatsky, but
	9		pages 1 to 4 are simply the summary of evidence
09:59	10		based on police reports and statements, you are
	11		familiar with that, that
	12	А	I am, yes.
	13	Q	And I think the evidence that we heard from
	14		Mr. Mackie, who I believe has acknowledged that he
09:59	15		is the author at least of the fifth page, the
	16		summary, but I think the evidence this Commission
	17		has heard is that at some time, likely in late
	18		April-early May, he put together the summary, and
	19		that the first four pages would have been, I
10:00	20		think, prepared by another police officer who
	21		would have gone through the file to put together a
	22		summary of all the information on the police file
	23		that related to David Milgaard as a suspect, it
	24		was generally that was the evidence. So that
10:00	25		there were, there may be two authors of that, but
	ļ		Meyer CompuCourt Reporting Negrinal Court Reporters serving P.A. Reginal & Saskatoon since 1980
		1.2	ennen ennessional Cour Reponers Servino P.A., Repina & Naskatoon since 1980 - "/

	1		Mr. Mackie said that he prepared the fifth page.
	2		I don't think your investigators got that
	3		information from Mr. Mackie at the time?
	4	А	No, I think we believed it was either Mackie or
10:00	5		Penkala, and weren't able to be certain as to
	6		which one of the two.
	7	Q	If we can then go to the next page, I don't
	8		propose to go through this, this just details the
	9		investigation. I think you've said that you took
10:00	10		significant steps into this document, who created,
	11		I think you sent it to people to look at the
	12		language used in it just to compare it with the
	13		language used by other officers to see if there
	14		were similar words used; is that right?
10:01	15	А	Yes, yes.
	16	Q	If we can go to page 253. And again, pages 1 to 4
	17		are the summary of what's in the police reports,
	18		it says:
	19		"We compared pages 1-4 with
10:01	20		police reports and witness statements in
	21		order to verify if the details
	22		originated from these sources and
	23		whether or not knowledge of the details
	24		preceded the date the report was
10:01	25		written."

			Page 36318 ————
	1		And then you go on to say:
	2		"Most of the information set
	3		out in pages 1-3 can be verified",
	4		and there is two exceptions:
10:01	5		"1) Item attributed to Nichol John on
	6		page 2: 'Admits seeing nurse (looked
	7		like nurse) near funeral home. Asked
	8		directions'".
	9		And then:
10:01	10		"2) Detail attributed to Lt. Penkala on
	11		page 3."
	12		And I think what you're saying, and please
	13		correct me if I'm wrong, that, other than these
	14		two items, the first four pages of the Mackie
	15		summary had a source document in the police files
	16		that supported what was in the summary?
	17	A	That's correct.
	18	Q	And we've heard evidence on item number 1 here,
	19		the Nichol John matter, and in her statement of
10:02	20		March 11th, 1969 there is no mention of:
	21		"'Admits seeing nurse (looked like
	22		nurse) near funeral home. Asked
	23		directions'",
	24		and there is no police report that is a source
10:02	25		for that either up until, you know, towards the $lack$

			1 ago 550 15
	1		end of April-early May. Do you recall looking at
	2		this issue, or what your people concluded as to
	3		how it was that this piece of information may
	4		have been in the Mackie summary, yet not in a
10:02	5		statement or a police report?
	6	A	Yeah, I think we concluded that it's likely the
	7		summary was drafted by someone who may have had
	8		some factual knowledge of this from some other
	9		means. Certainly, the bulk of the report could be
10:02	10		verified from other sources, but these two
	11		statements, this statement in particular we
	12		weren't able to verify through any other means
	13		except that the author perhaps knew that
	14		information him or herself.
10:03	15	Q	Okay. So that it would be, and there was some
	16		evidence that after the March 11th, 1969 statement
	17		to Inspector Riddell, I think there was one or
	18		probably two police interviews with Nichol John in
	19		April, and there are police reports that we've
10:03	20		looked at, there are no statements and there are
	21		no notes about those interviews; did your people
	22		conclude that this piece of information likely
	23		came from one of those interviews but simply
	24		wasn't recorded or, if it was recorded, it was not
10:03	25		found later?

			ŭ
	1	A	That's correct, it was possible that that is what
	2		happened.
	3	Q	Did you reach any conclusion that it might have
	4		been put in there inappropriately, in other words
10:03	5		fabricated by an officer?
	6	А	Well certainly, when you look at the document in
	7		its entirety, it didn't appear to have been
	8		something that was made up or fabricated.
	9	Q	I mean this point, in other words the other four
10:03	10		pages other than the Penkala point, I think had a
	11		source document?
	12	A	That's correct.
	13	Q	And did you consider whether or not this piece of
	14		information was somehow put in there
10:04	15		inappropriately or deliberately without a source
	16		document?
	17	А	Well I think in our we tried to explain how it
	18		could have possibly got in there, and I think our
	19		best explanation was that perhaps the author had
10:04	20		some independent knowledge of this, and it simply
	21		wasn't supported by the documentation at the time.
	22	Q	Okay.
	23	А	But I think, when you look at the entire document
	24		in its entirety and weigh it, there doesn't appear
10:04	25		to be any impropriety there.

			Page 3032 /
	1	Q	Okay. If we can go to the next page, and
	2		authorship, I think there was a suggestion that
	3		Mr. Caldwell may have been involved in either
	4		drafting it, because a copy of it was found on his
10:04	5		file in 1991 or 1992; is that correct?
	6	A	Yeah, that suggestion did come up.
	7	Q	And was that something you looked at to see
	8		whether Mr. Caldwell drafted that document or had
	9		it?
10:05	10	А	Yes, we did.
	11	Q	And what would I believe the conclusions are
	12		that it was a Saskatoon City Police-authored
	13		document; is that right?
	14	А	Yes, those are the conclusions, and I believe this
10:05	15		document was prepared well in advance of Mr.
	16		Caldwell being involved in the file.
	17	Q	And I'll show you, a bit later, your comments
	18		about what role you concluded Mr. Caldwell played
	19		in this. Is it fair to say that, regardless of
10:05	20		whether it was Penkala or Mackie or whoever, when
	21		you looked at this Mackie summary you did so on
	22		the basis that the Saskatoon City Police drafted
	23		the document, the five-page document, and they did
	24		so in advance of the May 21 to 24, 1969 interviews
10:05	25		of Wilson and John?

	1	A	Yes.
	2	Q	And so there was no issue, I think your starting
	3		point was that it was prepared in advance of the
	4		information obtained from Wilson and John May 21
10:05	5		to 24, and therefore it was created by the police
	6		at a time that it could have been used to
	7		influence the evidence of witnesses?
	8	A	Right.
	9	Q	Is that correct?
10:06	10	A	That's correct.
	11	Q	Go to 023255. And then you make mention, here,
	12		that:
	13		"Both Nichol John and Ron
	14		Wilson provided the bulk of their
10:06	15		incriminating information to the police
	16		during interviews 69-05-21/24. As noted
	17		above, Mr. Wolch claims the summary is
	18		evidence of a strong determination to
	19		have the evidence conform to a
10:06	20		pre-existing theory. If the
	21		investigators' 'brainstorming' meeting
	22		took place 69-05-16, this would predate
	23		their decisive interviews."
	24		And just on that point, Mr. Sawatsky, we've heard
10:06	25		evidence, I think from Mr. Penkala, that there
			4

	1		was a meeting May 15-16 of senior officers, and
	2		that this Mackie summary was likely, or was
	3		considered by them, it was something that was in
	4		existence at the time, and I think we've heard
10:07	5		evidence from Mr. Mackie that he prepared the
	6		document for Lieutenant Short for the purposes of
	7		going to his senior people to get some direction
	8		on either eliminate or to either eliminate Mr.
	9		Milgaard or to conclude charges. So, again,
10:07	10		would that be consistent with what your
	11		investigators concluded, although the dates may
	12		have been a bit different?
	13	A	Yes, that was consistent, and I believe there was
	14		also an RCMP report authored around that time
10:07	15		where the RCMP an RCMP investigator was
	16		present
	17	Q	Yes?
	18	А	for this interview, or for this brainstorming
	19		session as well.
10:07	20	Q	We then go on, if we can scroll down just a bit
	21		here, you say:
	22		"The statements outlined in the summary
	23		· · · " ,
	24		and when you use the term "summary" I think you
10:07	25		are referring to the fifth page with the heading
	l.	li .	The state of the s

	1		Summary which is the theory; is that right?
	2	Α	That's correct.
	3	Q	And let's talk about that. You say:
	4		"The statements are a mixture of
10:07	5		fact and theory. The author makes no
	6		effort to hide the fact that some
	7		statements are conjecture. Throughout
	8		the text words are used such as:
	9		'he seems',
10:08	10		'it would appear that',
	11		'may have gone driving',
	12		'this would be around funeral home
	13		which would coincide with'.",
	14		etcetera. If we could go to 023444, please. And
10:08	15		just generally, Mr. Sawatsky, when you looked at
	16		this document did you see anything improper,
	17		unusual, suspicious about this summary document,
	18		predating the May 21 interviews, being on the
	19		police file, being a police document?
10:08	20	Α	No. No. This appears very much to be sort of
	21		like an operational plan as to what they knew and
	22		then what needed to be followed up on.
	23		This is not uncommon. Police
	24		files contain operational plans all the time. In
10:08	25		fact, over the years, some operational plans have
			1

	1		become very sophisticated where they talk about
	2		resources, the amount of money that will be
	3		required, what techniques will be employed, and
	4		even outline the total costs of the operation.
10:09	5		So, to me, this document didn't appear unusual at
	6		all in that sense.
	7	Q	In your experience as a police officer and an
	8		investigator in major crimes, was it your practice
	9		or was it uncommon to sit down and write out what
10:09	10		you think might have happened, "here are some
	11		theories to pursue", you know, "if David Milgaard
	12		committed the murder, and I think he did, here's
	13		maybe how it happened, here's maybe what Ron
	14		Wilson did, here's maybe what John did, we should
10:09	15		go check these theories out because I think this
	16		is maybe what happened"?
	17	А	That's a very common practice. I've done it in
	18		many, many investigations I've worked on, in fact
	19		it was done many, many times with Mr. Fraser and
10:09	20		Mr. McCrank during this investigation.
	21	Q	And so is there a danger putting on paper your
	22		thoughts or your theories as to what you think
	23		might have happened?
	24	А	No, there isn't, because you then go out and work
10:10	25		on those and, at the end of the day, you may find
			<b>T</b> .

	1		that you were simply investigating the wrong lead,
	2		or something that didn't pan out, or you may have
	3		been on the right track and are able to find
	4		evidence to support what you earlier believed.
10:10	5	Q	Is there a risk that, by putting it down on paper
	6		as to "here's what I think might have happened or
	7		here's what I think did happen" without having the
	8		evidence yet, that somehow this might be used by
	9		police to get witnesses to conform their evidence
10:10	10		to the theory?
	11	A	I don't think I ever viewed it as that when I put
	12		together operational plans and sat down and
	13		discussed, you know, potential leads or directions
	14		for the investigation to take. I guess that it
10:10	15		exists, but certainly, I never had that concern as
	16		an investigator when I did this type of work.
	17	Q	And so would preparing a document such as this
	18		summary, would it be your view, then, that that
	19		would be an appropriate part of police
10:11	20		investigative work?
	21	A	Yes.
	22	Q	If we can just go back to 023255. At the bottom
	23		of the summary, and this is again just your
	24		narrative, at the bottom of the summary two points
10:11	25		are outlined under the heading <i>Suggestions</i> . The

	1		first deals with the idea of having John, Wilson
	2		and Cadrain brought to Saskatoon, quote:
	3		" where with all present the true
	4		story can be obtained ever (even) if
10:11	5		hypnosis or polygraph are necessary."
	6		What was the significance, if any, of that
	7		comment in the summary?
	8	A	I think there was certainly a recognition by the
	9		author of the document that it may be difficult to
10:11	10		get the truth from Nichol and Ron Wilson, and that
	11		he is suggesting that it may be necessary to
	12		employ techniques beyond simple questioning of
	13		"did you what did you see?"
	14	Q	If we can then go to the next page. And here's
10:12	15		where you say:
	16		"A comparison was made
	17		between the details provided by Nichol
	18		John and Ronald Wilson in their
	19		69-05-21/24 interviews and those
10:12	20		described in the summary. The best that
	21		can be said is that their disclosures
	22		vaguely conform to the police theories."
	23		And if we can go to 023446, and this is in
	24		Appendix F to the report, and it's titled
10:12	25		Comparison of Investigative Summary to May
			1

1		Statements of John and Wilson, can you just
2		and I'm going to go through this with you in
3		detail, Mr. Sawatsky, if you're able to find it.
4	Α	I believe is that before or after the
5	Q	It's right after the Mackie summary.
6	Α	Right after? Okay. Yes, I have it here.
7	Q	Got it? And I intend to go through this with you
8		in detail, but can you tell us generally what this
9		document is, and what was the purpose of
10		conducting this comparison?
11	Α	Yeah. The purpose here was the investigator would
12		be sitting down, trying to analyse each element of
13		the statement, and make a comparison to try and
14		determine whether or not what Nichol John and Ron
15		Wilson told the police at the end of the
16		interviews conformed exactly to the document, and
17		see if perhaps there was some evidence that would
18		support the assertion that this document was
19		something that would they were the police
20		were going to force them or get them to conform
21		to.
22	Q	And so, if the Mackie summary was used to cause
23		Wilson and John to give false evidence that
24		conformed with the script, would you then expect
25		their ultimate evidence, then, to be consistent
	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	2 3 4 A A 5 Q 6 A 7 Q 8 9 10 11 A 12 13 14 15 16 17 18 19 20 21 22 Q 23 24

			7 age 55525
	1		with what is in the script?
	2	A	Exactly.
	3	Q	And so that was the purpose of the exercise, to go
	4		through and compare the script, if I can call it
10:14	5		that and I appreciate, Mr. Commissioner, it's
	6		the Mackie summary but in this context what was
	7		being alleged is that if the fifth page of the
	8		summary was indeed the script and it was given to
	9		the police, and then to John and Wilson, and said
10:14	10		"lookit, here's what we want you to say, say it",
	11		that's was what you would check?
	12	A	That's right, it was given to the police the
	13		assertion was that it was given to the police and
	14		that they would then get the witnesses to conform
10:14	15		to that script.
	16	Q	And so if the evidence of Wilson and John before
	17		the Mackie summary did not conform to what was in
	18		the summary, but after their evidence did, would
	19		you agree that that would be some evidence to
10:14	20		suggest that the summary may have been a factor in
	21		getting that evidence?
	22	А	Yes, that would certainly be suspicious.
	23	Q	On the other hand, if what Wilson and John ended
	24		up saying after the summary was prepared did not
10:14	25		conform to what was in the summary, what would

	1		that tell you?
	2	А	Well that would certainly tell me that the script
	3		wasn't prepared so that they would conform to its
	4		contents.
10:15	5	Q	And so, if we can just go back a couple of pages
	6		to the summary at 444, and just so that we're
	7		clear here, I think the document we're gonna go
	8		through is that your investigators, I guess, had
	9		the information that Wilson and John had given
10:15	10		pre-May '69, and that would have been in their
	11		first statement of early March; correct?
	12	А	Correct.
	13	Q	Yeah. Then I think your officers took each one of
	14		these summaries and looked at that and said okay,
10:15	15		what did Wilson and John each say after, in other
	16		words, in May of '69 after the Mackie summary was
	17		prepared, and did it conform to what it's alleged
	18		to have happened, did it conform to what Mackie
	19		put in his summary; is that right?
10:16	20	А	That's right.
	21	Q	If we can then go to 446, and I think you did it
	22		on a witness-by-witness basis, so the first one,
	23		and I don't think we need, Mr. Commissioner, to
	24		bring up the summary. What I can tell you is that
10:16	25		when we go through this document, I think when we
			Movey CompuCourt Panarting

1		see a summary point here, this is taken basically
2		verbatim from page 5 of the Mackie summary, so
3		they take a point in there and then they go
4		through and compare with what came after. Is that
10:16 5		correct, Mr. Sawatsky?
6	A	That's correct.
7	Q	And so here, summary point actually, why don't
8		we just for the first one, just go back to 444,
9		please. I won't do this for every one, but you'll
10:17 10		see in this summary point here, it says:
11		"Wilson appears to be driver of car,
12		therefore, Milgaard would leave car to
13		get purse - having seen Miller closer
14		his sex drive takes over and he forces
10:17 15		her down alley to where she is found."
16		So then if we can go ahead to 446, we see here
17		that summary point is repeated and then it
18		appears, Mr. Sawatsky, your investigators then go
19		and look at what came after; is that right?
10:17 20	A	That's right, they analysed what was in the
21		statements, etcetera, after that.
22	Q	And so here what is reported after comes from
23		Mr. Karst's May 21 report, it says:
24		"During the conversation with Ronald
10:17 25		Wilson, he admitted attending in
	I	

	1		Saskatoon with Milgaard and Nickey on
	2		the early morning of January 31st and in
	3		contradiction of his original and other
	4		interviews, he admitted that Milgaard
10:17	5		had left the car when they became stuck
	6		at approx. 6:45 that morning, while
	7		looking for the Cadrain residence. All
	8		Wilson would say at this time was that
	9		Milgaard appeared to be puffing and
10:18	10		running, slightly out of breath when he
	11		returned to the vehicle, and he admitted
	12		that he had since thought that this was
	13		the time that Milgaard was probably
	14		involved in a murder."
10:18	15		Again, can you tell us, did Ron Wilson in his
	16		let's call it in his May evidence, and what I'm
	17		referring to when I say his May evidence, being
	18		the May 21 and onward, okay? Did he adopt this
	19		summary point that was found in Mackie's summary
10:18	20		in your view?
	21	А	Well, I think partially, I think you could look at
	22		that and say there's some aspects of that that are
	23		there.
	24	Q	And the summary and I guess what is
10:18	25		inconsistent then?

			Page 36333
	1	A	I think what is inconsistent is that Wilson
	2		doesn't talk about Milgaard's sex drive taking
	3		over and forcing her down the alley to where she
	4		is found, he doesn't suggest that's what happened.
10:19	5	Q	And what about the leaving the car to get the
	6		purse as opposed to getting stuck and leaving the
	7		car?
	8	A	Exactly, he talks about leaving the car, but he
	9		talks about the car being there for a different
10:19	10		purpose.
	11	Q	And so on this point, what and I appreciate at
	12		the end you looked at all of the points, but then
	13		on this point, are you saying lookit, some of it
	14		is some of it conforms, but some of it doesn't?
10:19	15	А	That's correct, you know, the very first part
	16		conforms and then after that it doesn't.
	17	Q	And then go down to the bottom, the next summary
	18		point, and again this is taken:
	19		"All were out of funds and may have gone
10:19	20		driving with a view to getting money."
	21		And then the next page, and this again comes in
	22		May:
	23		"Enroute to Saskatoon, Wilson divulged
	24		to me that on that trip"
10:19	25		Etcetera, they,
		ii	<b></b>

			1 age 30334
	1		"discussed B & E's, along with
	2		rolling someone and purse snatching as a
	3		source of money"
	4		Etcetera, and it appears that that would conform
10:20	5		with what's in the Mackie summary; correct?
	6	А	Correct.
	7	Q	But would that also be corroborated by what the
	8		witnesses said was true?
	9	А	That was corroborated by other means, and in fact
10:20	10		was even corroborated in part by Milgaard himself
	11		to Mr. Tallis.
	12	Q	And then if we can go to the next page and then
	13		you make a note here on this point, that:
	14		"In making this comparison it should be
10:20	15		noted that Wilson's 69-03-11 statement
	16		to Riddell there is a suggestion that
	17		this group needed money"
	18		And so and then you go on to say that:
	19		"Milgaard's first interview with the
10:20	20		police would have given Karst the
	21		basis for this belief as well. He
	22		indicates they were in need of money."
	23		And the truth was confirmed later. So do I take
	24		it from that that although this was in the
10:20	25		summary and it conformed, there was information
		i .	

	1		prior to the summary from Wilson and Mr. Milgaard
	2		that might have led the police to believe that
	3		that was true and it was later confirmed to be
	4		true?
10:21	5	А	That's correct.
	6	Q	The next point, summary point:
	7		"On seeing nurse (Miller) she was
	8		approached on pretence of getting
	9		directions with a view to stealing her
10:21	10		purse. Also Wilson appears to be driver
	11		of car, therefore, Milgaard would leave
	12		car to get purse - having seen Miller
	13		closer his sex drive takes over and he
	14		forces her down alley to where she is
10:21	15		found."
	16		And then it goes on to provide the summary of the
	17		evidence about what transpired this morning, and
	18		Wilson's account is the three of them drove into
	19		the city, drove around, they met a girl in the
10:21	20		area described above, asked for directions, the
	21		asking done by Milgaard, and then:
	22		"They drove a short distance further and
	23		while making a turn, the vehicle became
	24		stuck, as they had no reverse gear. At
10:21	25		this time Milgaard left for help,

	1		returning approx 15 minutes later."
	2		Can you tell us again what was your conclusion
	3		that this summary point was adopted by Mr. Wilson
	4		in his later evidence?
10:22	5	A	Again, only in part.
	6	Q	And what part was not consistent?
	7	А	The "having seen Miller closer his sex drive takes
	8		over and forces her down the alley to where she is
	9		found, " that part was not confirmed.
10:22	10	Q	And then go to page 450, and I guess the summary
	11		point here:
	12		"Wallet and toque are in car and when
	13		Milgaard gets keys from Wilson at
	14		Cadrains to put suitcase in car, he
10:22	15		disposes of toque and wallet at this
	16		time."
	17		If I can just pause there. I think the police
	18		had found Gail Miller's wallet three or four
	19		doors down from the Cadrain house and as well the
10:22	20		toque was found by the next-door neighbour, a
	21		toque with what appeared to be blood or some
	22		stain on it was found, so that was what the
	23		police had at the time, and so here the police
	24		report is:
10:22	25		"He states this is where Milgaard took

			1 age 30331
	1		the car keys from him and left the house
	2		driving around the block for 10 mins.
	3		"
	4		And no mention of the wallet or toque. Can you
10:23	5		tell us, what was your conclusion on that point?
	6	A	I don't believe that was confirmed, or that point
	7		was confirmed by the witnesses.
	8	Q	Would you have expected that if Wilson and John
	9		were being coerced to conform to this script, that
10:23	10		one or both of them would have said 'when we got
	11		to Cadrains we saw David throw the wallet out and
	12		he put his toque in the neighbour's yard'?
	13	A	Yes, I would have expected that.
	14	Q	And the fact that it's not in either Wilson or
10:23	15		John's statement, what's the significance of that?
	16	A	The significance of that is that obviously they
	17		weren't coerced into saying that and that this
	18		script wasn't I guess it's an indicator that
	19		the script wasn't sort of a plan to get them to
10:23	20		say that.
	21	Q	If we can go down, summary point:
	22		"Purse thrown in garbage on way through
	23		"
	24		COMMISSIONER MacCALLUM: Just a minute.
	25		MR. HODSON: Sorry.
		i e	

	1		COMMISSIONER MacCALLUM: Sorry, Mr. Hodson.
	2		How could they ever be expected to say that when
	3		Milgaard was, it was proposed that he get the
	4		keys from Wilson at Cadrains and go alone to do
10:24	5		the disposing of the how would they ever know
	6		anything different? How could they ever confirm
	7		that?
	8	A	They wouldn't have known that, My Lord, unless the
	9		police, you know, put that into their minds to
10:24	10		say.
	11	ВУ	MR. HODSON:
	12	Q	I think the Commissioner's question is if I
	13		think is one explanation as to why Wilson and John
	14		wouldn't have adopted that is because they
10:24	15		wouldn't have been in a position to know that; in
	16		other words, if Mr. Milgaard left the house, took
	17		the car and disposed of the wallet and the toque
	18		while they are in the home, they would not have
	19		been able to see it.
10:24	20	A	They wouldn't have known that, that's correct.
	21	Q	So in other words, and I think, correct me if I'm
	22		wrong, that one explanation as to why this was not
	23		perhaps included in Wilson and John's statement is
	24		because they would not be in a position to give

that evidence?

10:24 25

			Page 36339
	1	А	They didn't know it happened, that's correct.
	2	Q	Next point, summary point:
	3		"Purse thrown in garbage on way through
	4		alley from Avenue "N" to "O" - possibly
10:25	5		when Nichol John returns to the car and
	6		is picked up."
	7		And then you go through the statement and the
	8		information that Ron Wilson says Milgaard told
	9		him that:
10:25	10		"he had jabbed her with a knife and
	11		he had put her purse in a trash can and
	12		he had thought she would be alright."
	13		And again, what is your conclusion on that as far
	14		as the conformity?
10:25	15	А	Yeah, it doesn't, it's not conforming to the
	16		script. There's nothing in the script about that
	17		at all.
	18	Q	Okay. Now, I think there's nothing in the
	19		script let's just be clear. There's nothing in
10:25	20		the script, in the Mackie summary that says Ron
	21		Wilson is going to tell us that Milgaard admitted
	22		to him in Calgary that he jabbed a girl, there's
	23		no conformity there?
	24	А	Correct. That's what I was getting at with my
10:26	25		last statement.

	1	Q	Okay. But let's look at the other side, there
	2		is would you agree there is conformity in that
	3		Mr. Wilson is saying he was advised by David
	4		Milgaard that he did throw the purse in the trash
10:26	5		can?
	6	A	Correct.
	7	Q	And just on that point when we talk about the
	8		trash can, I think it became publicized I think in
	9		early February, 1969 that Gail Miller's purse was
10:26	10		found in a trash can I think when they were, when
	11		the police were following around the garbage truck
	12		and found it in the trash can in that alley.
	13		Later on when these witnesses are interviewed, and
	14		I asked you this same question about driving them
10:26	15		around the vicinity of the area, what are your
	16		views about whether it would have been appropriate
	17		for the police to introduce this fact in their
	18		interviews of Wilson and John; in other words,
	19		that how would you find out whether they had
10:27	20		any information relating to the purse in the
	21		garbage can and can you do so by disclosing that
	22		fact?
	23	A	Yeah, I would suggest that you could, but it's
	24		something that you wouldn't do early on in the
10:27	25		interview, I would suggest that, you know, if you
			1

	1		are having difficulty with your interview and you
	2		believe that they know something about it and they
	3		are not telling you, then it may be appropriate to
	4		either ask about the description of the purse or
10:27	5		if they had any knowledge of it and then perhaps
	6		even to show them or to tell them that you knew,
	7		but it certainly wouldn't be appropriate in my
	8		view to suggest it at the outset of the interview,
	9		but perhaps later on when you are having
10:27	10		difficulty getting the truth.
	11	Q	Would the concern be that by introducing that fact
	12		early on, the risk is that you might influence the
	13		witness?
	14	A	That's correct.
10:27	15	Q	If it is a fact that is known, does that change
	16		is there a distinction between facts that are only
	17		known by investigators and facts that might be in
	18		the public domain?
	19	Α	Yes, yes, there's certainly key material that
10:28	20		investigators try to withhold thinking that only
	21		the accused or the witness would have knowledge of
	22		that and therefore, if they imparted that, would
	23		give more support to your belief that they were
	24		telling you the truth.
10:28	25	Q	And then scroll down, the next summary point: $\P$

	1	"All were out of funds and may have gone
	2	driving with a view to getting money.
	3	Also on seeing nurse (Miller) she was
	4	approached on pretence of getting
10:28	5	directions with a view to stealing her
	6	purse."
	7	And then statement of Wilson, and we've been
	8	through this before, is that they asked her for
	9	directions and later got stuck. Again, what was
10:28	10	your view on whether there was, whether that
	11	summary point was adopted by Ron Wilson?
	12	A Well, it was I guess sort of loosely in that there
	13	was some confirmation that they were looking for
	14	money and that was also confirmed again by
10:29	15	Milgaard himself to Mr. Tallis.
	16	MR. HODSON: I see it's 10:30. Probably an
	17	appropriate spot to break.
	18	COMMISSIONER MacCALLUM: Yes.
	19	(Adjourned at 10:29 a.m.)
10:50	20	(Reconvened at 10:50 a.m.)
	21	BY MR. HODSON:
	22	${f Q}$ Can we go to page 023452, please. This is just to
	23	finish up the comparison of the summary points in
	24	the Mackie summary with what Wilson ended up
10:50	25	saying. Some of these are a bit repetitive of

1 Again, this point about what what we've seen. 2 prompted David Milgaard to leave the car I think 3 was a point you raised, was not to steal a purse or for, because his sex drive took over, but I 4 5 think your earlier evidence was what Wilson ended 10:50 up saying was he left the car because the car got 6 stuck and he went to look for help; is that 8 correct? 9 Α That's correct. 10:50 10 And I don't propose to go -- I think these 11 summaries just go through and compare those points with some later statements. If we go to the next 12 13 page, 249 -- sorry, the next page, the conclusion 14 then, and this is the comparison of what's in the 10:51 15 Mackie summary versus what Wilson ended up saying, 16 and it is: 17 18 19 10:51 20

21

22

23

24

10:51 25

"From this comparison, it cannot be said that any of the Saskatoon City Police reports or details in Wilson's statements directly correspond to any of the specific points outlined in the summary. There are, however, points in the Saskatoon City Police reports and Wilson's statements that could be viewed as vaguely conforming to some of the

	1		points in the summary."
	2		And would that have been the conclusion then
	3		reached by your investigators?
	4	A	That's correct.
10:51	5	Q	And so as far as Ron Wilson is concerned, what was
	6		your conclusion as to whether the Mackie summary
	7		was used in an inappropriate way to influence Ron
	8		Wilson to give false evidence?
	9	A	There's certainly no evidence of that.
10:51	10	Q	If we go to Nichol John, I think you did the same
	11		exercise there, so the first point in the summary
	12		point:
	13		"This would be around the funeral home
	14		which would coincide with statements of
10:52	15		Nichol John."
	16		And then it goes on to indicate that on May 22nd
	17		she was transported down to 22nd Street during
	18		which time she indicates she recalled the brick
	19		wall on the east side of the Westwood Funeral
10:52	20		Home, etcetera. So it would appear that the
	21		summary point was in fact that Nichol John's
	22		later statement was consistent with the summary
	23		point; is that fair?
	24	A	Yes.
10:52	25	Q	The next point:
		l	

			•
	1		"Nichol John knows or suspects results
	2		and leaves car. Runs west on 20th
	3		Street in 1400 Block and is girl seen by
	4		Indyk at S. Mary Church. At this point
10:52	5		she changes her mind about saying
	6		anything and goes north on Avenue "O"
	7		where she meets car again."
	8		And then the report was:
	9		"recalled something of the church but
10:52	10		she could not remember exactly what the
	11		involvement was."
	12		And again, just your comment on whether there
	13		was, whether Nichol John adopted what was in this
	14		summary point that I just read to you, what was
10:52	15		your conclusion in that regard?
	16	A	No, she didn't.
	17	Q	Next point at the bottom:
	18		"This would be around the funeral home
	19		which would coincide with statements of
10:53	20		Nichol John."
	21		Next page, and I think this is again, we saw this
	22		where Nichol John did confirm that she was in the
	23		vicinity, so there would appear to be some
	24		conformance there; is that correct?
10:53	25	A	That's correct.
		1	•

	1	Q Next page, summary point here:
	2	"On seeing nurse (Miller) she was
	3	approached on pretence of getting
	4	directions with a view to stealing her
10:53	5	purse. Also this would be"
	6	I think there's a bunch of points put together
	7	here.
	8	"This would be around funeral home which
	9	would coincide with statement of Nichol
10:53	10	John Also Nichol John knows or
	11	suspects results and leaves car. Runs
	12	west on 20th Street in 1400 Block and is
	13	girl seen by Indyk at St. Mary Church.
	14	At this point she changes her mind about
10:53	15	saying anything and goes north on Avenue
	16	"O" where she meets car again. Also
	17	purse thrown in garbage on way through
	18	alley from Avenue "N" to "O" - possibly
	19	when Nichol John returns to car and is
10:54	20	picked up."
	21	And then I think the statement of Nichol John is
	22	the May 24th statement is gone through, and if we
	23	can just go to the next page, here:
	24	"- Recalls seeing no one after she left
10:54	25	car and next recollection is of being

1 back in the car, not knowing how she got 2 there. 3 - Seems to recall seeing Milgaard put a 4 purse into a garbage can, but cannot say 5 at what point this was or where she was 10:54 at the time." 6 Again, can you comment on that comparison? 8 was a lengthy summary, but what was the 9 conclusion there, about whether -- just go back 10:54 10 to the previous page -- whether all those summary 11 points were adopted either in part or in their 12 entirety by Nichol John? 13 Α No, they weren't adopted. Some I guess, it would 14 be fair to say that in part, but generally they weren't adopted by Nichol John. 10:54 15 16 If we can go to page 458, the conclusion here for Q 17 Nichol John is: 18 "From this comparison, it cannot be said 19 that any of the Saskatoon City Police 10:55 20 reports or details in John's statements 21 directly correspond to any of the 22 specific points outlined in the summary. 23 There are, however, points in the 24 Saskatoon City Police reports and John's 10:55 25 statements that could be viewed as

	1		vaguely conforming to some of the points
	2		in the summary."
	3		And can you just elaborate on that?
	4	A	Yes, that's I think that's a fair statement.
10:55	5		Certainly some of the things are vaguely
	6		consistent, others but however, most of it is
	7		not.
	8	Q	And so are you telling us, I think, that your
	9		conclusion was that the Mackie summary and the
10:55	10		theories put forward there, that many of them did
	11		not find their way into Wilson and John's May
	12		statements; is that correct?
	13	A	That's correct.
	14	Q	And did you take that as being evidence that
10:55	15		would or that that would be evidence or tell
	16		us how that would fit in with respect to the
	17		allegation that the Mackie summary was used to get
	18		Wilson and John to give false evidence in
	19		accordance with the script?
10:56	20	A	That would not support the allegation that they
	21		were put up to saying what they said.
	22	Q	Now, in comparing what's in the summary and with
	23		what's in the statements, let's go to the flip
	24		side, were there things in Nichol John and Ron
10:56	25		Wilson's May statements that were not in the
		İ	<b>—</b>

			1 ago 555 75
	1		Mackie summary?
	2	A	Yes, there were a number of things in their
	3		statements that weren't in the Mackie summary.
	4	Q	And what would that tell you then as far as
10:56	5		whether or not the Mackie summary was used as a
	6		script for Wilson and John to give their May
	7		statements?
	8	А	That would certainly support the view that it was
	9		not used as a script.
10:56	10	Q	If we can go back to 023256, and just to keep this
	11		in the logical flow here, I think in your report
	12		you are looking at where, if any, this Mackie
	13		summary fit into this allegation that the police
	14		acted improperly, so this is page 90 of your
10:57	15		report. If we can just scroll back up to the top,
	16		please. So the first paragraph, you indicate that
	17		a comparison was made between what Wilson and John
	18		said in May versus what's in the summary, and
	19		that's just what I walked through, and I think you
10:57	20		told us that's important because that will tell
	21		you if what's alleged did in fact happen; correct?
	22	А	Correct.
	23	Q	Next then you go and say the two main sources who
	24		can provide information concerning this issue are
10:57	25		John and Wilson and it appears then that you go
			Meyer CompuCourt Reporting

1 and go to talk to them or try and get information 2 from them to see whether or not they will 3 corroborate what has been alleged; is that fair? That's fair. 4 Α 5 And so here: 10:57 Q "When Nichol John was interviewed by our 6 investigators..." 8 In May of '93, 9 "...she did not support Wolch's claim 10:58 10 that she was told what to say by the 11 police investigators. As noted above, 12 John has no memory "suggesting" she was 13 told what to say, threatened, coerced or 14 in any manner mistreated by the 10:58 15 Saskatoon City Police. John does not 16 discount the fact that as a young 17 sixteen year old she could have been 18 intimidated by the police. But on the 19 other hand, she says she would not have 10:58 20 given a statement relating to a murder 21 that was not true. As well, her parents 22 confirm that at no time did she complain 23 of her treatment by the police." 24 So after talking to Nichol John, what did your 10:58 25 investigators conclude about her version of

			r ago occor
	1		events in relation to the suggestion that the
	2		Mackie summary was a script that was put to her
	3		and she was coerced into adopting it?
	4	А	Well, Nichol was given the opportunity to tell us
10:58	5		that it was a script and that she was forced to
	6		conform to it and she said the opposite, that that
	7		was not the case.
	8	Q	Then you go on with Ron Wilson, and:
	9		"Wilson claims he was coerced by the
10:58	10		police and as a result, he fabricated
	11		some of the details described in his
	12		statements."
	13		You go through them. Then:
	14		"When asked for examples of particular
10:59	15		police behaviour which illustrate
	16		coercion, Wilson alludes to the fear of
	17		being charged with the murder and
	18		techniques of repeated questioning."
	19		And again, so what then the next page goes on
10:59	20		to dealings with Mr. Caldwell. So as far as Ron
	21		Wilson, did your investigators get anything from
	22		Ron Wilson that would support the allegation that
	23		the Mackie summary was put to Mr. Wilson as a
	24		script and he was coerced, intimidated or told to
10:59	25		follow it?
		ii	

	1	А	No.
	2	Q	Go to the next page, I think here the comment here
	3		about was there some suggestion I think
	4		there was a suggestion in your initial interview
10:59	5		with Mr. Wolch that because this was found on Mr.
	6		Caldwell's file during the Supreme Court reference
	7		or at some point, that there was a possibility
	8		that he may have been the author or may have been
	9		involved in it; is that fair?
11:00	10	A	That's correct.
	11	Q	And so here your investigators, or you write:
	12		"The prosecutor states he did not
	13		author the report or the summary.
	14		Caldwell first saw the documents on
11:00	15		92-03-02 when Saskatoon City Police
	16		Inspector Quinn showed it to him as part
	17		of inquiries he was making. Caldwell
	18		does not recall having seen the
	19		investigative summary prior to that
11:00	20		date. He is not familiar with any
	21		markings indicating it was received and
	22		filed at his office as suggested by Mr.
	23		Wolch."
	24		And then:
11:00	25		"As to the allegation the police told
		I	<b>1</b>

1 witnesses what to say, Caldwell believes 2 Wilson and John's 69-05-21 statements 3 are the truth as they could be measured against a body of known facts." 4 5 So that would be the summary of what your 11:00 investigators got from Mr. Caldwell? 6 That's correct. Α And then here, if we can scroll down, this is the 8 9 investigator comment then and this relates to the 11:00 10 Mackie summary: "Our analysis of the 'investigative 11 12 summary' and comparison of the details 13 to reports and statements made by key 14 witnesses, John and Wilson, does not 11:00 15 substantiate Mr. Wolch's claim that when 16 the police interviewed John and Wilson, 17 they forced them to agree to a theory of 18 events already developed. 19 Further, his claim is not 11:01 20 supported by our findings regarding 21 other allegations and issues. 22 example, other facts corroborate the 23 authenticity of key witness statements, 24 e.g., compact in the car, Milgaard 11:01 25 having a knife, being the vicinity at

	1		time of murder, encountering a girl on
	2		the sidewalk, and Kenneth Cadrain
	3		remembering blood on Milgaard's
	4		clothes."
11:01	5		And again, would that fairly summarize your
	6		conclusions about the Mackie summary?
	7	А	That would.
	8	Q	Now, I think you've told us that there was nothing
	9		in the Mackie summary that would give rise to any
11:01	10		basis for criminal charges against the police; is
	11		that fair?
	12	А	That's fair.
	13	Q	And what about just generally, you talked back in
	14		June that as part of your investigation you also
11:01	15		looked at whether or not the conduct of the police
	16		investigation, whether what they did was
	17		appropriate or not. Can you tell us whether there
	18		was anything in the view of you and your
	19		investigators inappropriate about, number one, the
11:02	20		drafting of the Mackie summary, and two, any use
	21		that may have been made of it?
	22	Α	No, and I think in particular number 2, the use
	23		being made of it, I think we looked at that first
	24		and then secondly sort of the drafting of it. As
11:02	25		I said before, that's not unusual in police

			, age coose
	1		investigations, for investigators to sit down and
	2		plan out or articulate what they feel they need to
	3		gather by way of evidence to substantiate a
	4		charge.
11:02	5	Q	And so drafting this summary, the Mackie summary,
	6		and I'm talking about the fifth page, in late
	7		April, '69, early May, '69, at that stage of the
	8		investigation, was it your view that that was good
	9		police practice?
11:02	10	А	Yes.
	11	Q	And did you see anything nefarious or anything
	12		wrong, negligent or in any way improper about
	13		that?
	14	А	I did not. You know, that appears very much to be
11:02	15		a supervisor or someone in that position outlining
	16		what was available, what next steps need to be
	17		taken, and as I've said, I've done that myself on
	18		occasion on files.
	19	Q	Go to the next page
11:03	20		COMMISSIONER MacCALLUM: What was that page
	21		number, please?
	22		MR. HODSON: It was 023257.
	23		COMMISSIONER MacCALLUM: 023257?
	24		MR. HODSON: Yes.
11:03	25	BY 1	MR. HODSON:
	11	ii	

	1	Q	Next, the allegation is <i>Hushing Witnesses</i> , and
	2		this is:
	3		"Mr. Wolch and Mrs. Milgaard allege that
	4		during their 1980 investigation of
11:03	5		David's conviction, members of the
	6		Saskatoon City Police told witnesses
	7		that they should not speak with the
	8		Milgaard family and investigators. It
	9		is suggested that this was part of their
11:03	10		attempt to ensure a cover up of
	11		information relating to Milgaard's
	12		wrongful conviction and Fisher's guilt."
	13		And would that have been your understanding of
	14		what the allegation was?
11:03	15	А	That's correct.
	16	Q	So in other words, not a case of saying, well,
	17		lookit, the police told the witnesses not to talk
	18		to us because, you know, they thought David was
	19		guilty and they didn't want us to bother them, but
11:03	20		rather this was part of criminal conduct, part of
	21		a larger conspiracy to protect those involved in
	22		the cover-up in going out and actively telling
	23		witnesses not to talk to Mrs. Milgaard; is that
	24		correct?
11:04	25	A	That's what I would understand the allegation to
			Meyer CompuCourt Reporting ————————————————————————————————————

			——————————————————————————————————————
	1		be, yes.
	2	Q	And then again you go through the record about the
	3		correspondence exchanged between the chief of
	4		police and the solicitors, which we've been
11:04	5		through, and then we go down to Albert Cadrain, it
	6		says:
	7		"Albert Cadrain states that the police
	8		contacted him to inform him that Mrs.
	9		Milgaard might be calling to speak with
11:04	10		him. They asked whether or not he
	11		wanted to talk with her and his response
	12		was no. Cadrain indicated the police
	13		did not tell him not to talk to Mrs.
	14		Milgaard."
11:04	15		Can you tell us and that would have been the
	16		information your investigators gathered?
	17	A	Yes.
	18	Q	Can you tell us, Mr. Sawatsky, in your experience,
	19		I take it you would have had occasion to deal with
11:04	20		witnesses after a or have you had a chance to
	21		deal with witnesses after an investigation about
	22		being contacted by the accused or the accused's
	23		families, is that something you've encountered?
	24	A	I know I've been involved in times where witnesses
11:05	25		have been contacted by the media or other parties.
		I	

	1		I don't recall necessarily a set of circumstances
	2		quite like this, but I do recall saying to
	3		witnesses whom I'm contacting that, you know,
	4		people are asking questions, they may come and
11:05	5		talk to you, it's your choice whether you talk to
	6		them or don't talk to them, and providing them no
	7		advice as to whether they should or shouldn't.
	8		I've also had someone contact me and say, look, so
	9		and so is asking me questions, should I talk to
11:05	10		them, and my advice has generally been that's your
	11		choice.
	12	Q	Okay. So again, just in investigating this
	13		allegation that the police went out to talk to
	14		these witnesses to tell them not to talk to the
11:05	15		Milgaards as part of a larger criminal wrongdoing,
	16		did you then go talk to each of the witnesses to
	17		say "did this happen?"
	18	A	Yes, we did.
	19	Q	And so Mr. Cadrain said it didn't happen; is that
11:05	20		correct?
	21	A	That's correct.
	22	Q	Next page. Ronald:
	23		"Wilson testified in the
	24		Supreme Court he could not recall being
11:05	25		contacted by Karst, or any other police

			——————————————————————————————————————
	1		officers, about the Milgaard's wishing
	2		to speak with him. He reiterated this
	3		in our interview with him in"
	4		1993. And would that be an accurate summary,
11:06	5		then, of what Mr. Wilson told you?
	6	A	Yes, it is.
	7	Q	"Nichol John stated she was
	8		contacted, unannounced, by Mrs. Milgaard
	9		about 1980. John refused to speak with
11:06	10		her and contacted a solicitor concerning
	11		Mrs. Milgaard.
	12		John was contacted by Det.
	13		Karst, who indicated he was making her
	14		aware of Mrs. Milgaard's desire to
11:06	15		contact her. He did not tell her not to
	16		speak with Mrs. Milgaard. Rather, he
	17		said 'you can if you want.' His purpose
	18		was to tell her that questions were
	19		being asked."
11:06	20		That would be an accurate summary of what Nichol
	21		John told you?
	22	А	That's correct.
	23	Q	Craig:
	24		"Melnyk states he was not
11:06	25		advised in the 1980's by Saskatoon City
			3

			1 age 30300
	1		Police that there was an investigation
	2		being conducted by the Milgaard family,
	3		nor was he directed not to speak to
	4		them."
11:06	5		And:
	6		"Lapchuk states the Saskatoon
	7		City Police did not contact him in
	8		regard to the Milgaard investigation."
	9		And would that be an accurate summary of what
11:07	10		your investigators concluded?
	11	А	That is an accurate summary, yes.
	12	Q	Next page:
	13		"On several occasions, Karst
	14		has spoken openly to the media on his
11:07	15		role in the Milgaard investigation
	16		suggesting he has no apparent desire to
	17		cover up the details. The witnesses
	18		we've interviewed do not offer support
	19		for the allegation that the Saskatoon
11:07	20		City Police told witnesses not to talk
	21		to Mrs. Milgaard or her investigators."
	22		And would that be an accurate conclusion that
	23		your people reached?
	24	А	Yes, that's an accurate conclusion.
11:07	25	Q	Go to the next page, and I'll go through. This is
			1

the summary, there is a page and a half here, and I'll go through this with you and get your comments because I think this summarizes what your investigators found with respect to the Saskatoon City Police. It says:

"The substance of Mr. Wolch's complaints of a cover up against the Saskatoon Police Department investigators is that when they learned in October of 1970 Larry Fisher was responsible for a number of sexual assaults occurring close to the time of the Miller murder they chose to ignore the obvious link between Fisher and Miller's murder for which David Milgaard was convicted. The other allegations he and his associates pose concerning the police investigation go beyond this suggesting the police coerced witnesses and concocted much of the case against David Milgaard because of intense pressure to solve the crime. If true, these allegations would mean that the police conspired from the outset of the Miller murder investigation to

	1		wrongfully convict David Milgaard and
	2		that when Larry Fisher was apprehended
	3		they continued to cover up the facts
	4		indicating he was actually responsible."
11:08	5		And would that be a fair summary, Mr. Sawatsky,
	6		of the substance of what it was that was being
	7		alleged by Mr. Wolch?
	8	А	Yes.
	9	Q	And so, just so that we're clear on that, it's
11:08	10		I think that goes back to sort of deliberate
	11		misconduct in investigating, charging and
	12		prosecuting and convicting the wrong person
	13		knowingly, and then later, when Mr. Fisher comes
	14		along, knowingly covering up the connection?
11:09	15	A	Correct.
	16	Q	You then say:
	17		"Our review of the Saskatoon
	18		Police investigation indicates they
	19		undertook a thorough and complete
11:09	20		investigation of the murder using every
	21		means at their disposal to collect
	22		evidence, to locate witnesses and to
	23		identify suspects. Clearly, this
	24		process involved an exploration of a
11:09	25		possible connection between unsolved

1 sexual assaults and the Miller 2 rape/murder because some similarities The police had 3 existed between them. exhausted all leads when Albert Cadrain 4 5 came forward to implicate David 11:09 6 Milgaard. Subsequent interviews of 7 Wilson and John resulted in sufficient 8 evidence to charge Milgaard." 9 Would that be an accurate summary that your 11:09 10 investigators reached? 11 Α Yes. 12 "The greatest concern expressed 13 by Mr. Wolch about the evidence obtained 14 from John and Wilson is that they 11:09 15 initially denied involvement and later, 16 after extensive interrogation, 17 implicated Milgaard. Although both were 18 obviously reluctant to assist the police 19 in their efforts, we found no evidence 11:09 20 to verify the claim that their 21 statements were fabricated. The reason 22 they were reluctant to speak openly is a 23 matter of some supposition, however, 24 each one has at some point expressed a 11:10 25 fear of David Milgaard. Both were also

	1		fairly street wise and not easily
	2		intimidated by police questioning so
	3		some persistence on the part of the
	4		police investigators was clearly
11:10	5		necessary. Many of the details provided
	6		by John and Wilson during their
	7		interviews were confirmed by other
	8		individuals and by other circumstances
	9		(e.g. compact, Milgaard's behaviour,
11:10	10		times and locations of events)."
	11		And would that be an accurate summary
	12	A	Yes, it is.
	13	Q	of your conclusions?
	14	A	Yes, it is.
11:10	15	Q	And just on that latter point, I think you
	16		mentioned this earlier, would the information
	17		obtained from Mr. Tallis as to what David Milgaard
	18		told him in 1969 been a piece of information that
	19		was used by your investigators to corroborate or
11:10	20		to determine whether or not what Wilson and John
	21		said to the police after their initial interviews
	22		could be corroborated?
	23	A	Very much so, yes.
	24	Q	Then you say:
11:11	25		"In October of 1970, when

1 Larry Fisher was apprehended for 2 offenses in Manitoba, he confessed to sexual assaults he committed in 3 Since his crimes were 4 Saskatoon. 5 similar in certain respects to the 11:11 Miller rape/murder, Mr. Wolch contends 6 7 the police ought to have (and did) 8 realized he was responsible for this crime too. Our findings do not support 9 11:11 10 this view. We believe the facts show 11 that once Milgaard was implicated by his 12 friends, and once it was determined that 13 he didn't commit the other sexual 14 assaults, the police saw his crime and 11:11 15 Larry Fisher's crimes as separate 16 matters. 17 Fisher's apprehension came 18 19 over, so time itself was an obvious

nine months after the Milgaard trial was factor in how the police viewed the two cases.

Although there was a feeling of indignation over the accusations made against them, during the course of our investigation, we found the majority of

Meyer CompuCourt Reporting =

2	2	officers very cooperative. They were
3	3	agreeable and answered our questions in
۷		a straightforward manner.
11:11 5		The facts, as we understand
$\epsilon$		them, do not support allegations of
7	,	wrongdoing by the Saskatoon police."
8	3	And if we can just go back to the previous page,
Ç		and just have you comment a bit further on this
11:12 10	)	last paragraph about the suggestion that:
11		"In October of 1970, when
12	2	Larry Fisher was apprehended",
13	3	that:
14		" the police ought to (and did)
15	;	",
16	)	realize that Larry Fisher was responsible for
17	,	Gail Miller's murder, you say:
18	3	"Our findings do not support this view."
19		Can you elaborate on that?
11:12 20	) Д	I think at that time Mr. Milgaard had already gone
21		to trial, had been convicted, and I think that
22	2	file was basically closed, so I don't think there
23	3	was any connection made by the investigators.
24		There certainly is evidence
11:12 25	5	that very early on in their own investigation,
		1

	1		before they had David Milgaard as a solid suspect,
	2		that they were looking at the unsolved crimes as
	3		perhaps or the unsolved rapes, sorry, as part
	4		of this, but I think it's important, and one could
11:13	5		note that they never tried to put those unsolved
	6		rapes onto Milgaard. In other words, if they were
	7		drawing a connection and saying "well, the same
	8		person committed the rapes and the murder", why
	9		did they never try to charge David Milgaard with
11:13	10		the rapes? So I think that's further evidence
	11		that there was not a connection made, that once
	12		they had Milgaard and the evidence, that they
	13		simply focused on that and went forward with that.
	14	Q	And then let's talk about October 1970 when it
11:13	15		became known to the police that Larry Fisher had
	16		confessed to at least two of the rapes that the
	17		police initially had connected to the murder. Did
	18		your investigators find any evidence that any
	19		police officer did, in fact, connect, in 1970 or
11:13	20		thereabouts, Larry Fisher to the Gail Miller
	21		murder?
	22	А	No, not at that time.
	23	Q	And did it surprise you or would it surprise you
	24		that no connection was made, if that in fact were
11:13	25		the case, between Larry Fisher's confessions in

1		October '70 and the Gail Miller murder?
2	А	That doesn't surprise me, because I believe that
3		once they had all the evidence that they felt was
4		necessary to take forward to charge David
11:14 5		Milgaard, there was no evidence that he was
6		involved in the other crimes so they, I think the
7		police treated it as two separate sets of
8		investigations.
9	Q	And so again, I guess as, and with your experience
11:14 10		as a police investigator, if I guess it would
11		be eight, nine months after Mr. Milgaard is
12		convicted, although the matter is under appeal,
13		but after he is convicted, to then learn about
14		Larry Fisher's confession to two, to at least two
11:14 15		of the four rapes in and around the time of the
16		Gail Miller murder. Are you what is your view,
17		sir, that as to whether or not that is
18		something that maybe ought to have been connected
19		by police officers?
11:14 20	A	I think it would have been very difficult to make
21		that connection, and certainly there's nothing
22		throughout our investigation, interviewing police
23		officers, reviewing documents, etcetera, that
24		showed that that connection was ever made.
11:15 25	Q	And I appreciate that, but as far as let me
	ii .	

1		pose this question. As a police officer, what was
2		the influence, in your view, that the conviction
3		had on the police, that once David Milgaard is
4		convicted on police officers, I guess, in
11:15 5		considering matters relating to the Gail Miller
6		murder?
7	A	Well certainly I would, although I can't put
8		myself in the minds of the police at that time, I
9		can telling you from my own experience that once
11:15 10		you have a conviction and the evidence is tested
11		by the courts and you have a conviction, that as a
12		police officer you believe that you have the right
13		person, and I'm sure that the investigators
14		throughout this file believed they had the right
11:15 15		person. I mean, we now know that that's not the
16		case, but certainly back in 1969 that was the
17		case.
18	Q	And then go ahead to 023263. Now I wanted to turn
19		to the investigation related to Mr. Caldwell, and
11:16 20		if we can go to the next page and this is in
21		the report there are, I think, a couple of sets
22		of allegations here. The first one,
23		Wrongdoing/Concealed Facts, and this relates to
24		your investigation as to whether Caldwell was
11:16 25		involved in criminal obstruction of justice; is
	I	

	1		that correct?
	2	А	That's correct.
	3	Q	And the first allegation is Wrongdoing/Concealed
	4		Facts. B.1, which we'll go through in detail, is
11:16	5		the allegation that he was aware of the
	6		similarities between the rapes and the murder,
	7		that he was involved in destroying documents, that
	8		he was involved in the Mackie summary, and that
	9		his submissions to the National Parole Board were
11:17	10		part of, I think, other criminal conduct; would
	11		that be a fair summary?
	12	А	Yes.
	13	Q	And then, as well, I think there was allegations
	14		about disclosure issues, and whether what was and
11:17	15		wasn't disclosed, and whether the failure to
	16		disclose was a deliberate effort to obstruct
	17		justice; is that correct?
	18	А	That's correct.
	19	Q	And if we can just go back to page 023197, it's
11:17	20		just for the record, to show where these come
	21		from. We'll see here, this is at page 10 or
	22		pardon me page 30 of your report, it's
	23		outlining these issues related to Mr. Caldwell,
	24		and they go to the next page, issues 16 to 24.
11:17	25		And these would be issues that originated from Mr.
			1

			, age coo, i
	1		Wolch, Mr. Asper, Mr. Bruce, and Joyce Milgaard;
	2		is that correct?
	3	A	That's correct.
	4	Q	If we can go back to page 023265, just outline the
11:18	5		general allegation.
	6		"The first allegation",
	7		and you identify the issues numbers:
	8		" is that Caldwell is guilty of
	9		wrongdoing, primarily because he
11:18	10		improperly concealed facts during his
	11		prosecution of Milgaard. The
	12		information concealed was his knowledge
	13		of the similarity between Fisher's
	14		crimes and the Miller murder. Caldwell
11:18	15		is alleged to have gained this knowledge
	16		from media publicity and police reports
	17		which made reference to Fisher's
	18		crimes."
	19		And would that be a fair summary of what the
11:18	20		substance of that allegation was?
	21	А	That's correct.
	22	Q	And so would this be a case of what you were
	23		investigating was that Mr. Caldwell knew that
	24		David Milgaard was innocent, and that someone else
11:18	25		had committed the crime, and that he deliberately $lack$

			_
	1		took steps to conceal information to convict an
	2		innocent person?
	3	Α	Yes, that's what we were investigating.
	4	Q	And then the next paragraph:
11:18	5		"During Wolch's examination
	6		of police and prosecution files, some
	7		documents contained references for which
	8		he could not account, e.g. yellow
	9		notebook, 'C' file. Based on his
11:19	10		examination of the prosecution files
	11		Wolch suggests material is missing and
	12		questions whether or not it was
	13		destroyed"
	14		And I think this allegation was that, based on
11:19	15		what Mr. Wolch and his group had seen of Mr.
	16		Caldwell's file at the Supreme Court reference,
	17		the allegation was made that files were
	18		deliberately destroyed from the prosecution file;
	19		is that correct?
11:19	20	A	Correct.
	21	Q	Then you go on to describe the investigative
	22		summary, that's the Mackie summary.
	23		"The question posed by Wolch
	24		is whether or not Cadrain wrote the
11:19	25		summary and why he denies ever having
			1

	1		seen it even though it purportedly came
	2		from his prosecution files. The summary
	3		contains statements attributed to John
	4		and Wilson which Wolch alleges they had
11:19	5		not made at the time the document was
	6		prepared. If these suspicions are
	7		correct, and if Caldwell had a hand in
	8		writing the report, then he would
	9		clearly be involved in wrongdoing."
11:19	10		And so that was the allegation on the Mackie
	11		summary?
	12	A	That's correct, yes.
	13	Q	And then lastly, or sorry, the:
	14		"Issue 21 is another example
11:20	15		of alleged wrongdoing by Mr. Caldwell.",
	16		about writing:
	17		" letters to the National Parole
	18		Board regarding David Milgaard's
	19		eligibility for parole, which are deemed
11:20	20		to be unusual and improperly motivated."
	21		And I take it that would have been part of a
	22		broader criminal wrongdoing, in other words that
	23		it was part let me back up. In and of itself,
	24		was there any allegation that the letters to the
11:20	25		parole board were criminal wrong, or was it put

			——————————————————————————————————————
	1	t	o you that they are part of or some indicia of
	2	0	ther criminal wrongdoing?
	3	A T	hat's correct, they could be supportive of, or
	4	C	ould be, evidence of wrongdoing. Those actions,
11:20	5	S	orry, could be evidence of wrongdoing.
	6	Q Y	ou then go on and say:
	7		"The second allegation is
	8		that Caldwell withheld evidence
	9		including the fact Milgaard was not in
11:20	10		the vicinity at the time of the murder
	11		and that Caldwell failed to disclose
	12		information of two witnesses".
	13	S	o yeah, so the one set of allegation of
	14	n	on-disclosure here relates to (V4) and people
11:20	15	i	n the alley, and then also:
	16		"The allegation of non
	17		disclosure also includes a question
	18		concerning Caldwell's actions following
	19		his 60-08-25 meeting with Albert
11:21	20		Cadrain. Cadrain told of an incident in
	21		1968 involving Milgaard. According to
	22		Cadrain, on more than one occasion, he
	23		observed Milgaard give teen age females
	24		drugs, place them into a bath tub
11:21	25		containing water and have sexual
		II	•

	1		intercourse with them. Caldwell had the
	2		Saskatoon police interview Ed
	3		Schellenberg who Cadrain said could
	4		verify his story. Wolch believes the
11:21	5		lack of documentation on this interview
	6		is evidence the police determined that
	7		Cadrain made up the story. And since
	8		Caldwell knew Cadrain wasn't credible,
	9		he was wrong in not disclosing this to
11:21	10		the defence and wrong in using the story
	11		in his reports to the Parole Board."
	12		Now would that be an accurate representation of
	13		that?
	14	A	Yes.
11:21	15	Q	And just so we're clear on that this is, I think,
	16		the first time we've introduced the Schellenberg
	17		bathtub incident. And is it correct,
	18		Mr. Sawatsky, that you investigated, the RCMP
	19		investigated this incident because Mr. Wolch
11:21	20		indicated that it was evidence of criminal
	21		wrongdoing on the part of Mr. Caldwell?
	22	A	That's correct, that's why we investigated that.
	23	Q	And that:
	24		"Wolch contends there is a
11:22	25		greater obligation of disclosure on
		I	

	1		Crown Counsel than that applicable to
	2		the trial setting. For example, his
	3		major concern is that when it became
	4		known in October of 1970 that Larry
11:22	5		Fisher was responsible for the 'rapes',
	6		Crown Counsel had a duty to disclose
	7		these facts and did not."
	8		And that, again, would be a summary of what was
	9		alleged?
11:22	10	A	That's correct.
	11	Q	Can you tell us just generally, and I propose to
	12		go through this specifically, but the issue of
	13		disclosure and a Crown prosecutor's obligation to
	14		disclose; what was your understanding as to
11:22	15		whether or not that issue had been dealt with by
	16		the Supreme Court reference?
	17	А	Well, in our view it had, because the Supreme
	18		Court specifically commented on that. But I
	19		believe Mr. Wolch was of the view that that was
11:22	20		only at the trial setting, that there was other
	21		disclosure that should have been made, and this is
	22		an example of that, outside of the trial setting.
	23		So our approach here was to simply gather as much
	24		evidence and information around that as we could,

and then provide it on to Mr. Fraser and Mr.

11:23 25

			1 age 30377
	1		McCrank, who were certainly in a position to make
	2		comment as to whether disclosure was adequate or
	3		not to answer that allegation.
	4	Q	And is it correct to say that, to the extent that
11:23	5		the failure to disclose or the deliberate
	6		concealing of information as alleged against Mr.
	7		Caldwell constituted criminal conduct or the basis
	8		for a charge, that's something you investigated?
	9	A	That's something we investigated, yes.
11:23	10	Q	And, secondly, you gathered information about what
	11		was disclosed and whether anything was concealed
	12		for the purposes of Mr. Fraser and Mr. McCrank
	13		considering the other issue about, I guess,
	14		professional obligations to disclose; is that
11:23	15		correct?
	16	A	That's correct.
	17	Q	If we can scroll through, that the it appears
	18		that you would have obtained Mr. Caldwell's file,
	19		the prosecution file, from the Government of
11:24	20		Saskatchewan; is that correct?
	21	A	Yes.
	22	Q	Next page. You say:
	23		"None of the documents in
	24		Caldwell's prosecution files make
11:24	25		reference to Larry Fisher. There are

	1		several documents which make reference
	2		to the unsolved sexual assaults -",
	3		and then go on to talk about a number of reports,
	4		and we have been through all these reports,
11:24	5		Mr. Sawatsky, with Mr. Caldwell and other
	6		witnesses. And, again, was one of the initial
	7		steps, then, to look at whether there was
	8		information on his file about the rapes and Larry
	9		Fisher?
11:24	10	A	Yes, whether there was any notes or reports.
	11	Q	You go on to say:
	12		"Other documents in
	13		Caldwell's file which accompany the
	14		laboratory report do not explain its
11:24	15		presence.",
	16		talk about this 'different file' comment, we've
	17		seen that. You say:
	18		"There is no indication in
	19		the file that Caldwell queried the
11:25	20		police to determine the significance of
	21		any of the references to the other
	22		sexual assaults.";
	23		and is that accurate?
	24	А	Yes, it's accurate.
11:25	25	Q	So was it a question of looking at the document,
			1

	1		talking to Mr. Caldwell, talking to the police to
	2		see whether or not Mr. Caldwell did, in fact,
	3		connect the crime and did, in fact, conceal
	4		information?
11:25	5	A	Exactly, to see if there was any evidence of that.
	6	Q	Next page. This outlines the interviews of Mr.
	7		Caldwell and the interview, here you say:
	8		"He rejected the suggestion
	9		he had 'all the facts and police files'
11:25	10		and that he was aware of the
	11		similarities between the rapes and
	12		Miller murder. Caldwell stated he had
	13		no recollection of having police reports
	14		in his prosecution file which made links
11:25	15		and he was not otherwise aware that the
	16		police saw similarities between the
	17		rapes and the murder. Caldwell made a
	18		point of emphasizing the difference
	19		between the police files and his own.
11:25	20		He has no recollection of a 1969 story
	21		in a Saskatoon newspaper connecting the
	22		murders and the rapes."
	23		And would that be an accurate summary, then, of
	24		what your investigators found?
11:26	25	А	Yes.

1 0 So then if we can go down to the bottom, 2 Investigator Comment: 3 "Caldwell sifted through the material received from the police and 4 5 decided what was relevant to his 11:26 prosecution and what needed to be 6 7 disclosed to defence counsel. 8 clear from his hand written notation on 9 the laboratory report and on the 11:26 10 occurrence report that Caldwell read at least two documents which contained 11 12 references to other sexual assaults. 13 far as the other documents (e.g., 14 statements, modus operandi report) are 11:26 15 concerned, he has no specific 16 recollection now of having read them 17 although it seems clear he did. 18 apparently put them aside as not being 19 relevant. 11:26 20 Considering the volume and 21 type of material involved, the 22 references in Caldwell's files to the 23 unsolved sexual assaults and similarity 24 of modus operandi between them and the 11:26 25 Miller murder do not represent a

Δs

	1		significant portion of Caldwell's files.
	2		Given this fact, it would seem
	3		unreasonable to expect that when the
	4		material was first reviewed, or later
11:27	5		Caldwell ought to have become suspicious
	6		that someone else other than Milgaard
	7		was responsible. Caldwell's belief that
	8		he had a strong case against Milgaard -
	9		much of it provided by John, Wilson and
11:27	10		Cadrain, would also be a factor when
	11		examining his knowledge of the facts."
	12		And would that be an accurate summary of what
	13		your investigators concluded?
	14	А	Yes.
11:27	15	Q	And so, again, that would relate to whether or not
	16		Mr. Caldwell was aware of the similarities between
	17		the rapes and the murder and the connection; is
	18		that right?
	19	А	Exactly. And, certainly, we were not able to make
11:27	20		any contention there.
	21	Q	And then the next issue you looked at is whether
	22		he destroyed documents, and it says:
	23		"Robert Bruce",
	24		and you talked about him back in June, he was the
11:27	25		investigator that accompanied Mr. Wolch, I think,
			•

1 at one of the -- at the initial interview; is 2 that right? 3 That's right. Α And then he later provided you with information 4 0 5 from Mr. Asper; is that correct? 11:27 6 Α Correct. 7 And: Q 8 "Robert Bruce raised the 9 issue of missing documents ... He 11:27 10 indicated Wolch was provided a copy of the 'prosecution' file in ringed binders 11 12 which were complete except for sporadic 13 pieces. The document in the binders 14 were numbered consecutively from 001 to 11:28 15 It appears as though he compared 500. 16 the contents to the police files - which 17 were also in binders - and found the 18 numbers were prefixed with the letters 19 A,B,C,D and E. He assumed the first 11:28 20 collection were copies of police reports 21 from the 'prosecution' file and the 22 second set from were from the 'police'

some reports were missing.

files.

23

24

11:28 25

Since the material found in both

sets was not identical, he concluded

	1		Our research suggests Mr.
	2		Bruce is mistaken about the material he
	3		labels as belonging to the 'prosecution'
	4		file. The binders to which he makes
11:28	5		reference are likely <u>all</u> copies of the
	6		police files made at different times.
	7		The later version, which was prepared by
	8		Insp. Quinn's secretary in 1990/91, was
	9		numbered with the prefix's while the
11:28	10		earlier version was not. We have
	11		examined the police files and
	12		prosecution files in detail together
	13		with any cross references and no
	14		inconsistencies have been found."
	15		And that was that your conclusions?
	16	A	That was our conclusion.
	17	Q	Did you spend a fair bit of time going through
	18		this, your investigators?
	19	A	Yes, I recall this as being another issue that a
11:29	20		considerable amount of time was spent on.
	21	Q	And I think the evidence that this Commission has
	22		heard from both police and Mr. Caldwell is that
	23		the police files, not all the police files,
	24		investigation reports were provided to Mr.
11:29	25		Caldwell, only portions were, and that later in $\P$

			•
	1		1990-'91 the police put together a complete
	2		collection of the Gail Miller police file,
	3		labelled it in binders A, B, C, D, and E, and that
	4		those police reports did not correspondence
11:29	5		directly to Mr. Caldwell's file because Mr.
	6		Caldwell said he didn't get them all; was that
	7		your understanding?
	8	A	That's my understanding, yes.
	9	Q	And the allegation that was investigated by your
11:29	10		people was that something nefarious happened, that
	11		Mr. Caldwell had all of the police files and
	12		deliberately destroyed them as part of some
	13		criminal wrongdoing, is that
	14	A	That's correct.
11:29	15	Q	Go to the next page. Just on this investigation
	16		about what was on his file, you indicated that:
	17		"Caldwell's prosecution files
	18		were accessed by numerous individuals
	19		when preparing for the Supreme Court
11:30	20		hearings. Those with access include
	21		Saskatchewan Justice solicitors and
	22		Mr. David Asper, who indicated he spent
	23		several long days reviewing the material
	24		in Regina."
11:30	25		And as far as investigating what was on

1 whether Mr. Caldwell's file, as you reviewed it, 2 was complete or whether documents had been 3 destroyed, can you tell us what was significant, 4 if any, of the fact that, between the time Mr. 5 Caldwell concluded his prosecution and the time 11:30 you looked at his file, people had been looking 6 at the file for legitimate purposes? Yeah, and clearly Mr. Caldwell indicated to us 8 9 that he, when he did review the file he noticed 11:30 10 that some -- that the documents were not 11 necessarily all the way that they had been. So, 12 clearly, he noticed as well that others had been 13 accessing the file. From our investigation there 14 was nothing sinister about that, it was, appeared to be legitimate access for legitimate reasons. 11:31 15 16 Then next page, I think on the issue of documents Q 17 destroyed, the Investigator Comment is: 18 "It is not possible to 19 determine with certainty if documents

11:31 20

21

22

23

24

11:31 25

determine with certainty if documents
from the prosecution files have been
lost or destroyed. Pages in the files
are not numbered numerically from top to
bottom so it is not possible to say if
entire reports or individual documents
are missing. Nevertheless, those

	1		reports in the prosecution files appear
	2		to be intact, i.e. there are no missing
	3		pages, and the reports and other
	4		documents found are consistent with what
11:31	5		one would normally expect to find.
	6		The facts do not support the
	7		inference that file material was
	8		deliberately destroyed. After the files
	9		were released from Caldwell's Saskatoon
11:31	10		office, numerous individuals had access
	11		and consequently, no one can be certain
	12		if every document that was part of the
	13		files in 1969/70 was there in 1990 and
	14		subsequent years."
11:31	15		And that would be your conclusion?
	16	А	Yes.
	17	Q	Then we go on to the Mackie summary. It says:
	18		"Wolch acknowledges that the
	19		investigative summary could have
11:32	20		originated from either the prosecution
	21		or the police files. His primary
	22		concerns appear to be:
	23		(a) a question as to whether Caldwell
	24		could have authored the document,
11:32	25		(b) the document shows a link between $lack$

			_
	1		the (V1)- sexual assault and the
	2		Miller murder, and
	3		(c) the contents demonstrate the fact
	4		Nichol John and Ron Wilson were
11:32	5		later told what to say based on
	6		the outline provided in the
	7		investigative summary."
	8		And you may have touched on this earlier, but the
	9		suggestion ranged from that Mr. Caldwell authored
11:32	10		it to being complicit in its use by the police;
	11		is that fair?
	12	А	That's fair.
	13	Q	And, as well, the reference that in this document
	14		there was reference to, I think on page 1, to one
11:32	15		of the sexual assault files; is that correct?
	16	A	That's correct.
	17	Q	You say here:
	18		"Caldwell states he first saw
	19		the 'investigative summary' on 92-03-02
11:32	20		when Saskatoon City Police Inspector
	21		Quinn showed it to him as part of
	22		inquiries he was making. Later, on
	23		March 10th, in the company of Sgt. R.
	24		Pearson, he reviewed the file to provide
11:33	25		answers to questions being posed by

1 Federal Justice. He found the 2 investigative summary in a file 3 unfamiliar to him entitled, 'Milgaard -4 Witness Roberts - Art - Polygraph 5 Operator'. Caldwell speculated that the 11:33 6 summary may have originated from police 7 files which were sent to Sask. Justice 8 Caldwell states that the in Regina. 9 investigative summary was not part of his file and he is not familiar with 11:33 10 'any markings indicating it was received 11 12 and filed at his office'. 13 Although Caldwell said during 14 our interview in July 1993 that he 11:33 15 didn't recall seeing the investigative 16 summary during his handling of the case

17

18

19

21

24

11:34 25

11:33 20

although Caldwell said during our interview in July 1993 that he didn't recall seeing the investigative summary during his handling of the case in 1969 we felt he could be mistaken. The basis for this was in his recollection that he saw a police report concerning a statement attributed to Milgaard's father. The statement was to the effect that when Milgaard's father was informed of the police investigation he said he was not surprised and indicated he had suspected 'something

	1	like this might happen'. Caldwell
	2	stated he read about this statement in a
	3	police report but the only document we
	4	could find in either the police or
	5	prosecution file which made mention of
	6	this account is page four of the
	7	investigative summary. Assuming
	8	Caldwell is correct in his recollection
	9	that nothing is missing from his files,
11:34	10	we concluded he must have read the
	11	investigative summary. We
	12	re-interviewed Caldwell on this point.
	13	He was firm in his response that his
	14	recollection was that he saw the
11:34	15	father's comments in a police report,
	16	although he concedes that it could have
	17	come to him otherwise, eg. told to him
	18	verbally and put into his mind as having
	19	been seen in print. According to
11:34	20	Caldwell, the investigative summary was
	21	not part of his file and there was no
	22	reason for him to have it."
	23	And, again, would that be an accurate summary of
	24	what you found?
11:34	25	A Yes, it is.

			Vol 175 - Wednesday, August 30th, 2006
			——————————————————————————————————————
	1	Q	Anything there to elaborate on?
	2	Α	No, simply to say that that comment about, from
	3		Milgaard's father was in the investigative
	4		summary, so I think it and it was obvious Mr.
11:34	5		Caldwell had knowledge of that, so I think our
	6		thoughts were that it's possible he may have seen
	7		that, but didn't seem to have any independent
	8		recall of seeing it.
	9	Q	Then if we can go down under Investigator Comment
11:35	10		you say:
	11		"Regardless of which
	12		alternative is the correct version,
	13		since Caldwell didn't write the summary
	14		the fact that he may have read it seems
11:35	15		to have little import. The significant
	16		interviews of John and Wilson took place
	17		in $60-05-22/24$ and Milgaard was charged
	18		a week later. Caldwell received the

	1		handled the report in the same manner as
	2		described in B.1 above."
	3		And would that be an accurate
	4	A	Yes.
11:35	5	Q	summary of your conclusions? So whether he did
	6		or didn't see it, whether he did or did not have
	7		the Mackie summary in 1969-1970 was, in the view
	8		of you and your investigators, of no import; is
	9		that correct?
11:35	10	А	That's correct.
	11	Q	Next page, 023274, another issue, Submissions to
	12		the National Parole Board, and that:
	13		"Mr. Wolch maintains this unusual move
	14		is demonstrative of a peculiar interest
11:36	15		in seeing Milgaard denied parole."
	16		It appears that your investigators talked to the
	17		regional manager of the National Parole Board and
	18		it says here that Bisset:
	19		"states it was not unusual, between
11:36	20		1970 and 1977, for a prosecutor to write
	21		to the Parole Board. The Board, in
	22		fact, would solicit information from any
	23		agency that might have input, be it
	24		positive or negative."
11:36	25		And then:
		ii	· · · · · · · · · · · · · · · · · · ·

		-
	1	"An Act was proclaimed in 1992 requiring
	2	those in the criminal justice system to
	3	provide the National Parole Board with
	4	information of the kind provided by
11:36	5	Caldwell."
	6	And then it appears your investigators talked to
	7	Mr. Kujawa who said:
	8	"In his opinion, it would be uncommon
	9	for a prosecutor to write the National
11:37	10	Parole Board, however, he has done so on
	11	a few occasions on the request of the
	12	Board."
	13	Next page, I'll just go through these and get to
	14	your investigator's comment. You talked to
11:37	15	Perras who was assisting Mr. Caldwell in a minor
	16	respect at the trial. Perras did not find this
	17	unusual. And then you talked to Mr. Caldwell it
	18	appears and he says that he wrote to the board
	19	after reading a booklet and attending a course
11:37	20	and:
	21	"He felt he had a duty to write the
	22	letters because, as Crown prosecutor he
	23	had a comprehensive knowledge of the
	24	Milgaard case."
11:37	25	And if we can go to the next page, the

	1		investigator comment:
	2		"It was uncommon, but, presumably not
	3		inappropriate, for a Crown prosecutor to
	4		send letters to the National Parole
11:37	5		Service concerning a serving prisoner."
	6		And was that your investigator's conclusion?
	7	A	Yes.
	8	Q	And so is it fair to say that it wasn't anything
	9		that you felt was worthy of criminal charges or
11:37	10		anything of that nature?
	11	A	Yes, that's correct.
	12	Q	Next, Allegation: Failure to Disclose, and again,
	13		this was a number of different issues of
	14		disclosure, and I take it that it appears that
11:38	15		your group categorized these disclosure issues
	16		into various groups; is that right, or subject
	17		matters?
	18	A	That's right.
	19	Q	So the first one is witnesses relating to Avenue
11:38	20		"O" versus "N", and we have been through this on a
	21		number of occasions before, Mr. Sawatsky, but I
	22		think this allegation is that Mr. Caldwell had
	23		information on his file that would suggest that
	24		Gail Miller would have been traveling down Avenue
11:38	25		"O" rather than Avenue "N" and yet at trial the
			Meyer CompuCourt Reporting ————————————————————————————————————
		C	ertified Professional Court Reporters serving P.A., Regina & Saskatoon since 1980

	1		allegation was that Mr. Caldwell put forward to
	2		the jury the Crown theory that she was on Avenue
	3		"N" when she was approached by the Milgaard
	4		vehicle and therefore he breached some duty to
11:39	5		disclose, he had information that would support
	6		her being on "O", he didn't disclose it and put
	7		forward a position she was on Avenue "N". Is that
	8		a fair summary of the basis of the allegation?
	9	Α	That's a fair summary of the allegation.
11:39	10	Q	And is this one, I think here, this allegation
	11		appears to have its genesis with Mr. Asper; is
	12		that correct?
	13	Α	Yes.
	14	Q	And that's something that Robert Bruce provided to
11:39	15		you I believe that originated from Mr. Asper, that
	16		this was one of the issues that Mr. Asper had
	17		raised through Mr. Bruce as part of your
	18		investigation?
	19	А	Yes. I believe this allegation came a bit later
11:39	20		after the interview with Mr. Wolch.
	21	Q	And I think maybe the last line here:
	22		"By withholding information that she
	23		more than likely would have been on Ave.
	24		O, the Crown avoided giving the defence
11:40	25		evidence contradicting the theory on

11:41 25

And if we can go through, I won't go through the details, and actually go to page 023278, and reference is made here to Mr. Caldwell's address to the jury where he said:

which their case was premised."

"It must be inferred that she set off on foot for the bus line on 20th down either Avenues P -- excuse me, Avenues O or Avenue N, one or the other. She had to go south from her residence, and the Crown suggests on the evidence that it was down Avenue N proceeding southward..."

## Etcetera. It says:

"As noted, it is Mr. Asper's contention that in order to rely on the evidence of John and Wilson the Crown needed to advance the Avenue N theory. However, this does not appear to be the case because in addition to offering the alternative routes of Avenues O or N, Caldwell pointed out to the jury a disagreement between the evidence of John and Wilson concerning what happened after they encountered the girl on the

	1		street."
	2		And it goes on as to where the vehicle was.
	3		"The judge, in his charge, also made it
	4		clear that it was open to them to accept
11:41	5		either Avenue O or N as the route
	6		taken."
	7		And then goes on to talk about the address to the
	8		jury that left that open. And then the next
	9		page, you say:
11:41	10		"The facts outlined above suggest
	11		Caldwell had no intention of narrowing
	12		his case to a theory which tended to
	13		show the evidence supported an Avenue N
	14		versus an Avenue O theory."
11:41	15		And again, would that be an accurate conclusion
	16		of your investigators?
	17	A	Yes, that's accurate.
	18	Q	The next one is the two witnesses in the alley
	19		which I think are Marie Indyk and the Merrimans
11:41	20		about what they saw. If we can go to the next
	21		page. I think if we can go to the top, you say:
	22		"There is no indication from either the
	23		police files or the prosecution files
	24		that the police ever informed Caldwell
11:42	25		about their interview of the
		1	

			•
	1		Merriman's."
	2		And then if we can scroll down:
	3		"Mr. Asper states, the fact that Mrs.
	4		Indyk was called to testify she didn't
11:42	5		see anything is proof that Caldwell knew
	6		the defence had an interest in calling
	7		witnesses who didn't see anything.
	8		Therefore, he was cognizant of the need
	9		to disclose statements of the numerous
11:42	10		individuals who saw nothing unusual
	11		around Avenue N and he was clearly wrong
	12		in not doing so."
	13		And again, would that be a summary of what was
	14		being put forward on the Merriman and the Indyk
11:42	15		issue?
	16	A	Yes, it would.
	17	Q	Next is the $(V4)$ assault, and you're familiar
	18		with the $(V4)$ $(V4)$ assault and later
	19		allegations that it was Larry Fisher who committed
11:42	20		the assault?
	21	A	Yes, I am.
	22	Q	Can you tell us, again, did your investigators
	23		look at this issue of if $(V4)$ $(V4)$ and
	24		we've been through, we've actually heard a fair
11:43	25		bit of evidence about the details, but that if
		Ì	

	1		(V4) (V4's account of what happened is
	2		accepted as fact, in other words, that it was
	3		Larry Fisher who assaulted her at 7:07 a.m. on
	4		Avenue H, what was the conclusion of your
11:43	5		investigators as to whether or not that eliminated
	6		Larry Fisher as the killer of Gail Miller?
	7	A	I think our conclusions were that it certainly
	8		cast some doubt on that because of the time
	9		frames. I believe we tried to re-enact that, we
11:43	10		had investigators walk and run that, the distance
	11		between and tried to see if we could match the
	12		times, and we discounted the fact that it was
	13		likely the same person who committed the murder
	14		and committed the assault of $(V4)$ $(V4)$
11:43	15	Q	So are you saying that the allegation that Larry
	16		Fisher assaulted $(V4)$ $(V4)$ , are you telling
	17		us that that was evidence that the RCMP relied
	18		upon to I guess conclude that Larry Fisher may not
	19		have been the perpetrator; in other words, almost
11:44	20		as an alibi for him?
	21	А	I certainly think it formed part of our
	22		conclusions, or part of the reasons why we drew
	23		the conclusions we did.
	24		COMMISSIONER MacCALLUM: I wonder if we
11:44	25		could be careful about the use of pronouns here.

	1		I'm just getting so if it was Fisher, on the
	2		assumption that Fisher assaulted (V4) on
	3		Avenue H, would that lead you to doubt that he
	4		could have killed Miller?
11:44	5	А	Yes, My Lord.
	6		COMMISSIONER MacCALLUM: Okay, thank you.
	7		Go ahead, Mr. Hodson.
	8		BY MR. HODSON:
	9	Q	Yeah. And so again I think parts of what your
11:44	10		investigation was, to check the credibility of, or
	11		at least the timing of what Ms. $(V4)$ , when she
	12		said the assault took place; correct?
	13	А	That's correct.
	14	Q	Although she was pretty adamant that it was 7:07
11:44	15		a.m.; was she not?
	16	А	She was very firm I believe on her time and has
	17		maintained that throughout the years.
	18	Q	And I guess the second thing, is it correct that
	19		your investigators would look at whether or not
11:45	20		her identification in 1990 of Larry Fisher as the
	21		perpetrator of her assault was credible?
	22	А	Yes.
	23	Q	But if you assume that Ms. (V4's account is
	24		correct both as to time and to perpetrator, and I
11:45	25		think you answered this question, and that it was

	1		Larry Fisher who assaulted her at 7:07 a.m., that
	2		made it less likely that Larry Fisher killed Gail
	3		Miller?
	4	A	Yes, it made it less likely.
11:45	5	Q	Now, this issue relates to the disclosure of the
	6		information that Mr. Caldwell had. If we can go
	7		to the next page you say:
	8		"Wolch suggests the police assumed the
	9		same person attacked both Miller and
11:45	10		(V4), but since it didn't fit the
	11		Milgaard theory, there was no interest
	12		in pursuing the link. These details are
	13		alleged to have formed part of the file
	14		material sent to Caldwell by the police.
11:46	15		Since Caldwell had this information he
	16		was obliged to disclose the facts to
	17		defence counsel."
	18		Now, putting aside who assaulted (V4) (V4)
	19		for a moment, based on what you investigated,
11:46	20		what are your thoughts as to whether or not the
	21		Saskatoon City Police, with the information they
	22		had at the time, namely, $(V4)$ $(V4's$
	23		statement, assumed the same person attacked both
	24		Gail Miller and (V4) (V4)?
11:46	25	A	I think when you look at that in itself, it
			1

1		appears to be rather an odd set of circumstances.
2		It would seem to me as an investigator that it
3		would be unusual that the two would be connected,
4		the crimes themselves are so different, where you
11:46 5		have a stabbing, rape and then a simple touching
6		or and I don't mean to suggest that that's not,
7		you know, serious, because it is in the sense of
8		the victim, victimization, but certainly the
9		offences themselves are very, very different.
11:47 10	Q	And what about the time factor and the distance
11		between the two locations?
12	А	And as I indicated, we tried to re-enact that to
13		sort of see if there's a possibility of a
14		connection, and although you certainly can't
11:47 15		discount it outright, it doesn't sound probable.
16	Q	So then you go on to say:
17		"We found no indication Caldwell was
18		given copies of police reports
19		concerning (V4's assault. His files
11:47 20		contain an index to witness statements
21		listing her along with the other
22		ninety-four statements. Her original
23		statement was included as number forty."
24		And then:
11:47 25		"Concerning knowledge of the assault on

Α

(V4)---- (V4)--- and his failure to disclose relevant facts to the defence, Caldwell states he has no recollection of "...being aware of other similar crimes," or, "...of any other crimes at all in that time, period." And, in particular, Caldwell has no recollection of the name (V4)--- or the circumstances surrounding her assault.

Mr. Tallis, Milgaard's defence counsel, was not informed about (V4---'s complaint of assault during trial."

And I believe, and I stand to be corrected on this, I believe, Mr. Sawatsky, the evidence we've heard is that the (V4)---- (V4)--- statement on the top, there was some handwritten note, unrelated assault, and I'm not sure if that was on the police report as well, I think it was on just the statement, and I think there was some evidence from Mr. Caldwell on that, that -- do you recall looking at that issue at all?

I recall, yes, during our investigation I recall some discussion about that and being informed of that, that someone, likely Mr. Caldwell I think,

		r age so res		
	1		had looked at that statement and discounted it as	
	2		being of value to his prosecution.	
	3	Q	Actually, Mr. Caldwell's evidence is that he said	
	4		someone with the police had written that on the	
11:48	5		statement.	
	6	А	Okay. I'm not certain that we ever determined	
	7		either way.	
	8	Q	Now, next if we can scroll down, this is an Issue:	
	9		Cadrain's Story About Virgins, and then:	
11:49	10		"According to Saskatoon police	
	11		occurrence report"	
	12		And we've seen this report, it's the August 25,	
	13		'69 report:	
	14		"Cadrain told Caldwell he first met	
11:49	15		Milgaard in Calgary in the spring of	
	16		1968. He related a story he had earlier	
	17		told the police which was to the effect	
	18		that, on more than one occasion,	
	19		Milgaard gave teen age females drugs,	
11:49	20		placed them in a bath tub containing	
	21		water and had sexual intercourse with	
	22		them. The water was to dispose of any	
	23		blood. Cadrain claimed to have observed	
	24		this take place and indicated Milgaard	
11:49	25		invited him to take part. He said a	

	1			friend Ed Schellenberg could corroborate
	2			his story. The police report states
	3			Caldwell asked the police to interview
	4			Schellenberg (a reason is not given but
11:49	5			it is apparently for the purposes of
	6			assessing Cadrain's credibility)."
	7		And then	the next page:
	8			"As noted earlier, Wolch suspects that
	9			since there is no mention of the results
11:50	10			of the Schellenberg interview in the
	11			police reports or prosecution files, the
	12			police likely found Cadrain made up the
	13			story. If this were true then he
	14			contends Caldwell had an obligation to
11:50	15			disclose details concerning Cadrain's
	16			credibility as a witness to the defence.
	17			Further, Wolch feels mention of
	18			Cadrain's story in Caldwell's
	19			correspondence to the National Parole
11:50	20			Board is totally inappropriate because
	21			Cadrain's story was likely fabricated."
	22		And that	would be a summary, a fair summary of
	23		what you	were investigating?
	24	А	Yes.	
11:50	25	Q	And so ir	n other words, that August 28th, when

	1		Albert Cadrain provided this information to Mr.
	2		Caldwell, I believe it was in the midst of the
	3		preliminary hearing, and are you telling us that
	4		the allegation was essentially this, that Mr.
11:50	5		Caldwell knew the story was fabricated, sent the
	6		police out to investigate, got information back
	7		that confirmed Cadrain had made up the story and
	8		therefore he knew Cadrain wasn't credible and yet
	9		Caldwell, Mr. Caldwell proceeded to put him on the
11:50	10		stand? Is that essentially it?
	11	A	That's essentially it, yes.
	12	Q	And the criminal wrongdoing there would be
	13		concealing information about this incident; is
	14		that your understanding?
11:51	15	A	Correct, yes.
	16	Q	And then you go on to indicate that:
	17		"According to Caldwell, he has no"
	18		Sorry, the police officers at the meeting don't
	19		recall, but:
11:51	20		"According to Caldwell, he has no
	21		recollection of wanting Schellenberg
	22		interviewed, but does not dispute the
	23		fact that he may have requested such an
	24		interview."
11:51	25		He doesn't recall whether he was interviewed,

1 It appears then your officers talked etcetera. 2 to Ed Schellenberg -- scroll down -- who was 3 interviewed, and: "Schellenberg explained that in 1968 he 4 5 went to Calgary with Cadrain... 11:51 in the summer of 1969, two police 6 7 officers from Saskatoon came to see him. 8 His recollection is that the police 9 officers asked him for information about 11:51 10 David Milgaard but he has no memory now of being questioned about Albert 11 12 Cadrain. He told them about several 13 incidents involving David Milgaard, 14 including a story told to him by Albert 11:51 15 Cadrain in 1968 about a bath tub, a girl 16 and blood. He assumed from what he 17 heard that the incident had something to 18 do with a virgin." 19 And then: 11:52 20 "Schellenberg was not present during any 21 such activities. He described his 22 discussion with police as a somewhat 23 hurried affair and does not remember the

24

11:52 25

police officers taking notes."

			ŭ
	1		this information your investigators obtained from
	2		Mr. Schellenberg as it related to the allegation
	3		made by Mr. Wolch?
	4	A	Well, it certainly supported Cadrain's contention
11:52	5		that he had told somebody else about this and Mr.
	6		Schellenberg in fact confirmed that Cadrain had
	7		told him, so certainly that provided new evidence
	8		to support that allegation.
	9	Q	Go down to C.5, Disclosure: Blood on
11:52	10		Clothing/Unusual Behaviour, and I think the
	11		allegation here is that Cadrain and Wilson
	12		testified they saw blood.
	13		"Bruce and Asper indicate the Crown
	14		failed to say that the motel manager,
11:53	15		Rasmussen, did not see unusual behaviour
	16		nor did they disclose the fact that
	17		Rasmussen, John, Danchuk's, and Sharon
	18		Williams didn't see blood on his
	19		clothing."
11:53	20		Now, let's just leave out Sharon Williams for a
	21		moment. All of these witnesses testified at
	22		trial and indicated they didn't see blood; is
	23		that your understanding?
	24	A	Yes, that's my understanding.
11:53	25	Q	What was the allegation here about the failure to $lack$

	1		disclose, what was your understanding?
	2	А	Well, my understanding was that the Crown had
	3		failed to disclose this, yet, like I say, or like
	4		you said, these witnesses were all called at trial
11:53	5		and were cross-examined I presume and could have
	6		been asked that question.
	7	Q	What did you understand to be the nature of this
	8		allegation of wrongdoing then?
	9	А	Well, that because they didn't see blood on the
11:53	10		clothing, it was evidence of perhaps Mr.
	11		Milgaard's innocence.
	12	Q	Okay. But the fact I guess what I'm trying
	13		what is it that Mr. Asper and Mr. Bruce were
	14		saying the Crown or the police did wrong, or I
11:53	15		guess this is a Caldwell allegation, what Mr.
	16		Caldwell did criminally wrong with respect to
	17		Rasmussen, John, Danchuks and Sharon Williams?
	18	А	Well, I guess when we first received this, we
	19		weren't aware that they had testified at trial,
11:54	20		and when we became aware that they had testified
	21		at trial, it certainly, in my view, made that
	22		allegation, you know, sort of without any
	23		foundation.
	24	Q	Okay. So if we can go to page 285, please, just
11:54	25		one point here in the investigation of Sandra
		1	

1 Danchuk, you note here: "Neither Sandra, nor Walter Danchuk 2 3 recall seeing blood on Milgaard's 4 clothing. Of interest, is 5 Sandra Danchuk's recollection that while 11:54 Milgaard was in her house she was under 6 7 the impression that he had a nosebleed. 8 She cannot say why she believes this to 9 be the case. When interviewed by the 11:54 10 Saskatoon City Police, she told the officer of her belief and he suggested 11 12 that if she was in any way uncertain, 13 they would not put this into her 14 statement." 11:55 15 And Sandra Danchuk has given similar evidence to 16 the Commission about a vague recollection. 17 was the significance of this fact to your 18 investigation? 19 Well, certainly when you looked at this, if you 11:55 20 looked at it with the mandate to investigating 21 wrongdoing, it certainly shows that an 22 investigator said to her 'if you are not certain I 23 won't put it in the statement'. It would seem to 24 me that that is sort of an incriminating piece of 11:55 25 evidence, that if you were out to frame David

			<b>o</b>
	1		Milgaard, you would want it, yet the investigator
	2		chose quite the opposite route and said, 'well, if
	3		you are not certain, don't put it in,' so to me
	4		it's not evidence at all of any wrongdoing.
11:55	5	Q	And how would David Milgaard having a nosebleed be
	6		incriminating?
	7	А	Well, it could perhaps mean that he had blood on
	8		his clothing and then of course that could give
	9		rise to the suggestion that she was wrong about a
11:55	10		nosebleed, but she wasn't wrong about the blood on
	11		the clothing.
	12	Q	What about the reverse, what about providing an
	13		innocent explanation as to why David Milgaard had
	14		blood on his pants?
11:56	15	А	And that's certainly the other way to look at it,
	16		because we have several witnesses who say they saw
	17		blood on his clothing and it certainly, it could
	18		have come from him having a nosebleed.
	19	Q	In your investigation, was it ever suggested to
11:56	20		you by anybody on behalf of David Milgaard that
	21		instead of Albert Cadrain lying about seeing blood
	22		on David Milgaard, that he may have actually seen
	23		blood on David Milgaard from a nosebleed or from
	24		some other innocent source?
11:56	25	A	No, that was not suggested to us. $lacktriangle$

			Page 36411 ———————————————————————————————————
	1	Q	If we can go to 023286, the Kenneth Cadrain
	2		information, and we've heard from Kenneth Cadrain
	3		in other evidence, but just to summarize, I think
	4		you summarize it here, that he was five years of
11:56	5		age at the time and in 1991 he gave information I
	6		think to your officers about having a recollection
	7		of seeing blood on David Milgaard's clothing on
	8		the morning of the murder; is that correct?
	9	А	That's correct.
11:57	10	Q	And you say:
	11		"Ken Cadrain was never previously
	12		interviewed concerning this matter."
	13		I think he was interviewed by Sergeant Pearson;
	14		was he not?
11:57	15	А	That's correct, yes, he was interviewed by
	16		Pearson.
	17	Q	I think that was his initial and I think in his
	18		initial interview with Sergeant Pearson, I believe
	19		there's nothing in his statement indicating that
11:57	20		he I stand to be corrected on this I don't
	21		think he saw blood. In his first statement to
	22		Sergeant Pearson he did not see blood on the
	23		clothing, although Mr. Cadrain said he told that
	24		to Sergeant Pearson, so there's an issue there,
11:57	25		but later with your officers he did say that he
			1

	1		saw significant blood on David Milgaard the
	2		morning of the murder; is that correct?
	3	A	Yes, he did.
	4	Q	And what did you make of that, the fact that,
11:57	5		number one, he was five at the time and it wasn't
	6		until 20 some years later that he described seeing
	7		blood on David Milgaard, and much more blood than
	8		his brother Albert had described?
	9	A	Yeah, I guess we were somewhat surprised because
11:58	10		this is the first time that it had come out. Our
	11		mandate here was not to investigate, you know, the
	12		guilt or innocence of David Milgaard, so we simply
	13		recorded this as another fact coming out in our
	14		investigation.
11:58	15		MR. HODSON: I see it's 12 o'clock, our
	16		noon break.
	17		(Adjourned at 11:58 a.m.)
	18		(Reconvened at 1:30 p.m.)
	19	E	BY MR. HODSON:
01:30	20	Q	Good afternoon. If we could go to 023287 again
	21		please, this is just again on the disclosure
	22		issue, I think this is disclosure during the
	23		course of trial, and I believe your investigators,
	24		in fact you were involved in the interview of Mr.
01:31	25		Tallis; is that right?
		1	

	Ī		——————————————————————————————————————
	1	А	That's correct.
	2	Q	And, here, the information he gave is:
	3		" that, given disclosure of the day,
	4		he may well have received more than he
01:31	5		was entitled to receive. Further,
	6		Justice Tallis noted that the aspect of
	7		disclosure was dealt with by the Supreme
	8		Court and he is not able to comment
	9		further on that point."
01:31	10		And was that the information, then, your
	11		investigators received from Mr. Tallis?
	12	A	Yes, it was.
	13	Q	If we can then go to the next page. Here is the
	14		Investigator Comments on the failure to disclose
01:31	15		in the trial setting, and you go through the
	16		Avenue N theory, and you point out that Mr.
	17		Caldwell:
	18		" offered to the jury the possibility
	19		Miller could have taken either Avenue N
01:31	20		or Avenue O."
	21		And then go on to the next page. You say:
	22		"The evidence does not
	23		support the allegation Caldwell was
	24		aware of information suggesting
01:32	25		witnesses could offer evidence contrary
			4

1 to his theory of events or that he withheld any facts tending to show 2 3 Milgaard was not in the vicinity. facts confirm Caldwell had no reason to 4 01:32 5 withhold information tending to show the 6 evidence supporting an Avenue N vs an 7 Avenue O theory because, contrary to Mr. 8 Asper's claims, in order to rely on the 9 evidence from John and Wilson, the Crown 01:32 10 did not put forth a theory which narrowed the events to Avenue N." 11 12 And that would have been your investigators' 13 conclusion? 14 Yes, it would. Α 01:32 15 And then here you say: 16 "We can not answer the 17 argument about Caldwell's knowledge of the need to disclose details about those 18 19 individuals who saw nothing around 01:32 20 Avenue N the morning of the murder 21 (based on the defence request to call 22 Mrs. Indyk to say she didn't see 23 anything) and whether he was wrong in 24 not disclosing (V4---'s statement. 01:33 25 These questions are legal rather than

			r age come
	1		investigative issues - and ones which it
	2		appears the Supreme Court has already
	3		decided. (The Court concluded that
	4		disclosure was adequate according to the
01:33	5		practice prevailing at the time)."
	6		And that would have been your conclusions then?
	7	А	Yes, it would have been.
	8	Q	And then the next page, and again I'll just touch
	9		on parts of this, Mr. Sawatsky, because I'm not
01:33	10		reading parts of those comments, those are already
	11		on the record. But here:
	12		"Based on comments in a
	13		police report it is believed that prior
	14		to calling Cadrain as a witness,
01:33	15		Caldwell had the police interview a
	16		friend, Ed Schellenberg",
	17		you go on to describe that and say:
	18		"Although there are no details of
	19		Schellenberg's interview in either the
01:33	20		Saskatoon City Police files or the
	21		prosecutions files, since Caldwell
	22		initiated the interview, it is likely
	23		the police did advise him of the results
	24		at least verbally. Based on
01:34	25		Schellenberg's 'verification' of
		II .	

	1		Cadrain's story, Cadrain's credibility
	2		would not appear to have been in
	3		question and there would not have been
	4		no need for disclosure of the interview
01:34	5		with Schellenberg. Further, since he
	6		believed that what he was told was true,
	7		it would appear Caldwell's mention of
	8		this information in reports to the
	9		National Parole Board was not improper."
01:34	10		And you have got the word "verification" with
	11		quotes; what is the significance of that?
	12	А	The significance of that is that Cadrain had told
	13		Mr. Caldwell that that happened, and that he
	14		had was aware of that, and that Mr he had
01:34	15		told Mr. Schellenberg, and we were now able to
	16		interview Mr. Schellenberg, who confirmed the fact
	17		that Mr. Cadrain had told him that happened, and
	18		also that he had been interviewed by the police
	19		back in 1970, or whenever, he had told them as
01:34	20		well.
	21	Q	Short of talking to David Milgaard about the
	22		incident, was there any other way to corroborate
	23		whether or not what Mr. Cadrain told Mr. Caldwell
	24		was true or not?
01:34	25	А	No, there wasn't.

			Page 36417 ————————————————————————————————————
	1	Q	And then out if we can scroll down Outside
	2		of Trial Setting, and I think this relates to the
	3		disclosure post-conviction and relates to the
	4		October 1970 confessions of Larry Fisher and then
01:35	5		subsequent steps; is that correct?
	6	A	That's correct.
	7	Q	And here this is, again, this is part of your
	8		investigation into Mr. Caldwell. He says:
	9		"As noted earlier, Mr. Wolch
01:35	10		is most concerned about the alleged
	11		failure of Caldwell to disclose details
	12		about Larry Fisher once he was
	13		apprehended in October of 1970"
	14		"In making this allegation,
01:35	15		Wolch indicates that when Mr. S. Kujawa
	16		handled the Milgaard Appeal proceedings,
	17		" ,
	18		January of 1971:
	19		" he was also aware of such
01:35	20		similarities between the Fisher crimes
	21		and the Miller murder and he, too, had a
	22		responsibility to disclose the facts to
	23		Mr. Tallis."
	24		And so do I take it, from that, that the
	25		allegation was essentially that Mr. Caldwell

			1 age 304 10
	1		became aware in October 1970, or shortly
	2		thereafter, about the connection between Larry
	3		Fisher and Gail Miller, and that he had a duty to
	4		disclose that information to Mr. Tallis or to
01:36	5		David Milgaard, and that he deliberately did not
	6		as part of some criminal obstruction?
	7	A	Yes, that's the substance of that allegation.
	8	Q	And so that would require you to investigate what
	9		Mr. Caldwell knew about Larry Fisher's confessions
01:36	10		in 1970 and what, if anything, he did with them;
	11		is that fair?
	12	A	That's fair.
	13	Q	And so here:
	14		"Caldwell states the only
01:36	15		time his office became involved in
	16		matters involving Larry Fisher was to
	17		transmit a telephone request, in March
	18		of 1971, from the Regina office to
	19		Deputy Chief Corey. He didn't have a
01:36	20		file or other material relating to
	21		Fisher because there was no reason for
	22		him to have had same."
	23		And the next page:
	24		"Caldwell is emphatic in
01:36	25		stating he made no connection between
			4

	1		the circumstances of the Miller murder
	2		and Fisher's rapes. Our investigation
	3		has not revealed evidence suggesting
	4		anything to the contrary. Since he made
01:36	5		no connection and had no doubts David
	6		Milgaard was properly convicted,
	7		Caldwell had nothing to disclose.
	8		To summarize, there is
	9		nothing arising out of our investigation
01:37	10		to substantiate the allegation Caldwell
	11		failed to disclose relevant facts either
	12		during his prosecution, or later."
	13		And that would be an accurate summary of what
	14		your investigators concluded?
01:37	15	А	Yes, yes it is.
	16	Q	The next one is the supplemental issue, the
	17		Relationship With Saskatoon City Police - Defence
	18		Counsel. And this is, you say:
	19		"During our interview with
01:37	20		Mrs. Milgaard she indicated that
	21		Caldwell had made comments during an
	22		interview with author Peter
	23		Carlyle-Gordge to the effect that he and
	24		Tallis 'put him away together'. She
01:37	25		believes that the comment indicates

			Page 36420
	1		collusion on the part of Caldwell and
	2		Tallis, and that since there was an
	3		assumption of Milgaard's guilt, he was
	4		given only a token defence.
01:37	5		She indicated that Ian
	6		Disbery, Tallis' assistant during trial,
	7		provided David Asper with an Affidavit
	8		concerning the defence conduct. She
	9		felt that Disbery might be able to
01:38	10		provide information concerning the
	11		manner in which Milgaard's case was
	12		handled."
	13		And would that fairly summarize that allegation?
	14	А	Yes.
01:38	15	Q	And that would be that Mr. Tallis committed
	16		criminal obstruction of justice by providing a
	17		token defence or colluding with Mr. Caldwell to
	18		ensure that David Milgaard was convicted?
	19	А	That's correct.
01:38	20	Q	And one of the avenues Mrs. Milgaard asked you to
	21		pursue, then, was to talk to Ian Disbery, who I
	22		think was junior counsel to Mr. Tallis at the
	23		trial?
	24	А	That's correct.
01:38	25	Q	Next page. Looks as though you talked to Peter
			1

				-
	1		Carlyle-0	Gordge, or looked at his interview to see
	2		if you co	ould find mention of this conversation. I
	3		think Mrs	s. Milgaard had had indicated that her
	4		allegatio	on of collusion was based on something Mr.
01:38	5		Caldwell	had said to Mr. Carlyle-Gordge; is that
	6		right?	
	7	A	That's ri	ight.
	8	Q	And then	here:
	9			"Caldwell was asked about his
01:38	10			relationship with the Saskatoon City
	11			Police and Defence Counsel, C.F. Tallis,
	12			in light of the overall allegation of
	13			conspiracy and adequacy of counsel.
	14			Caldwell vehemently denied
01:39	15			there was ever any collusion between
	16			himself and Mr. Tallis. Prior to the
	17			Milgaard case they did work together on
	18			a matter dealing with an individual they
	19			sought to have declared a dangerous
01:39	20			sexual offender. Caldwell feels the
	21			alleged quote of he and Tallis working
	22			together to put someone away may relate
	23			to this case."
	24		And then	goes on to give:
01:39	25			"He rejected strongly any suggestion

	1		that Mr. Tallis would do such a thing
	2		either.
	3		Concerning his association
	4		with the city police, he has never been
01:39	5		involved in any relationship with the
	6		police which would compromise his
	7		position as Crown counsel. At the time
	8		of the Milgaard investigation, Mr.
	9		Tallis acted as counsel for the police
01:39	10		association."
	11		And, on that last point, was that one of the
	12		grounds or allegations relied upon by the
	13		Milgaards in suggesting that Mr. Tallis was
	14		somehow involved in criminal wrongdoing is
01:40	15		because he happened to be the lawyer acting for
	16		the police association?
	17	A	I don't believe that was put forward as an
	18		allegation, but it certainly was something we
	19		uncovered during our investigation, that specific
01:40	20		issue. It's certainly something we uncovered
	21		during our investigation and thought worthy of
	22		comment.
	23	Q	And then, if we can go to the next page, you say
	24		here:
01:40	25		"Mr. Justice Tallis was
			4

		S Commence of the commence of
1		interviewed 93-04-29 and the aspect of
2		collusion was mentioned to him. His
3		response was that such a notion was
4		absurd."
01:40 5		And I believe you participated in that interview
6		with Mr. Tallis; is that correct?
7	A	That's correct.
8	Q	And was he being interviewed, at that time, as a
9		suspect for a criminal offence?
01:40 10	A	Yes, he was.
11	Q	Did you give him a warning when you interviewed
12		him?
13	A	Yes, I believe I did.
14	Q	Can you tell us, just generally, what was Mr.
01:40 15		Tallis' reaction to the fact that the police were
16		investigating him for criminal obstruction of
17		justice?
18	A	As I recall Mr. Tallis just, after he accepted the
19		warning, simply indicated that he intended to tell
01:41 20		us to answer whatever questions he could, and
21		proceeded to do so in an open and forthright
22		manner.
23	Q	And as far as the allegation, then, of collusion,
24		I take it that you put that to him that "it has
01:41 25		been alleged that you and Mr. Caldwell colluded to $lacktrian$

			——————————————————————————————————————
	1		put David Milgaard away"; is that
	2	A	Yes, yes I did.
	3	Q	And his response, as indicated here, was that the
	4		notion was absurd?
01:41	5	A	Exactly.
	6	Q	Ian Disbery you talked to as well.
	7		"Disbery had no criticism of
	8		the manner in which Caldwell, Tallis or
	9		the Saskatoon City Police handled their
01:41	10		responsibilities. The relationship
	11		between Tallis and Caldwell was a
	12		professional one."
	13		And the Investigator Comments:
	14		"No evidence was uncovered
01:41	15		during the course of our investigation
	16		to substantiate the inferences of
	17		conspiracy and collusion amongst
	18		Caldwell, Tallis and the Saskatoon City
	19		Police.
01:41	20		The sources mentioned by
	21		Mrs. Milgaard do not corroborate her
	22		suspicions of collusion.
	23		It should be pointed out that
	24		both the Crown prosecutor, Mr. Caldwell,
01:42	25		and defence counsel Mr. Tallis, enjoy
		I	- In the second of the second

	1		excellent reputations within the legal
	2		
			community. Mr. Caldwell was senior
	3		Crown counsel in Saskatoon for 25 years
	4		and those in the criminal justice system
01:42	5		considered Tallis to be one of the most
	6		respected and able defence lawyers in
	7		Saskatchewan."
	8		And would that be a fair summary of your
	9		conclusion?
01:42	10	А	That's a fair summary. I think one of the things
	11		I particularly noted in this file throughout the
	12		investigation was the number of times Mr. Caldwell
	13		and Mr. Tallis, you know, were complimented to us
	14		by others as being very professional, and I'm
01:42	15		suggesting that's likely why we made note of it in
	16		our report.
	17	Q	And as far as the collusion allegation, and so
	18		your investigators concluded there was no merit to
	19		that?
01:42	20	A	That's correct.
	21	Q	Next page. And would that just on that
	22		point was it and we'll talk about this later
	23		but would that also have been one of the
	24		grounds put forward to you by Joyce Milgaard and
01:43	25		her counsel as to why we say David Milgaard is

	1		innocent, in other words "he's innocent, and one
	2		of the reasons he is is because his defence lawyer
	3		colluded with Mr. Caldwell to put him away"?
	4	А	Yes, I Mrs. Milgaard mentioned that. She also
01:43	5		mentioned that he, that Mr. Tallis was
	6		incompetent, and that David did not have the
	7		benefit of a good trial because he was
	8		incompetent. She also mentioned that Mr. Tallis
	9		didn't put David on the stand, which he should
01:43	10		have done, and I recall specifically asking Mr.
	11		Tallis about that and his answer to me was that
	12		his instructions were that he, David did not want
	13		to take the stand, and that Mr. Tallis indicated
	14		to me that he was always in the habit of taking
01:43	15		written instructions from a client in a situation
	16		like that, however, indicated that he didn't have
	17		that particular piece of paper available.
	18	Q	We talked earlier about, when you were doing this
	19		investigation, the fact that you didn't have the
01:44	20		benefit of the DNA done in '97, the fact of Larry
	21		Fisher's conviction, and the fact of the
	22		government's acknowledgment of David Milgaard's
	23		factual innocence; correct?
	24	A	That's correct, yes.
01:44	25	Q	And I think you told us that and we'll see this

			1 ago 30-121
	1		later in your report when you talk about your
	2		investigative team and their conclusions about
	3		whether there was any new information which
	4		supports the contention that David Milgaard is
01:44	5		innocent, and you recall that being towards the
	6		end of your report?
	7	A	Yes, yes I do.
	8	Q	And I want you to comment on how, and I think you
	9		told us earlier that what one of your tasks was to
01:44	10		go through and look at each of the grounds put
	11		forward by the Milgaards as the reasons they said
	12		David Milgaard is innocent and to test those; is
	13		that right?
	14	A	That's right.
01:44	15	Q	And let me put it this way; if in fact Mr. Tallis
	16		had colluded with Mr. Caldwell to put David
	17		Milgaard away and give a token defence, that might
	18		be evidence that would be indicative of David
	19		Milgaard's innocence?
01:45	20	A	Yes.
	21	Q	Correct?
	22	A	Yes, it may be, yes.
	23	Q	That might explain how an innocent person could be
	24		convicted?
01:45	25	A	Yes.
	I.	l	<b>_</b>

			<b>o</b>
	1	Q	When you go through and test that ground and
	2		others, and find that there is no merit to them,
	3		can you tell us what influence would that have on
	4		you and your team's assessment, then, of the
01:45	5		assertion that David Milgaard is innocent?
	6	A	Well that would certainly be another area that we
	7		were unable to sort of substantiate or support as
	8		being evidence of a wrongful trial or misconduct
	9		on the part of any officials. It would just be
01:45	10		one more piece of evidence that wasn't supported.
	11	Q	It would be
	12	A	It was put forward as conclusive evidence, or put
	13		forward as strong evidence that we weren't able to
	14		support.
01:45	15	Q	Would it have the opposite effect, that if you
	16		put it this way, if you found it to be credible it
	17		might tend to show that he is innocent; in finding
	18		that it's not credible can you tell us whether it
	19		had any effect of making you more convinced than
01:46	20		you otherwise might be of his guilt?
	21	A	Yes. I think over time and with accumulation of
	22		incidents that aren't substantiated, yes, it would
	23		have that effect.
	24	Q	And why?
01:46	25	A	Well, simply because you are given a set of
			•

1 circumstances that you are told will show someone 2 is innocent, and as you look at each one of those 3 you find out that they are not supported or you 4 are not able to support them through any evidence 5 of witnesses or documents or anything, at the end 01:46 of it you are only left with one conclusion and 6 that is that that information is not -- does not have any foundation or any basis and therefore you 8 9 would look at the conviction and say, in the 01:46 10 absence of anything else, it must be a proper conviction. 11 12 Okay. Here's the summary on Mr. Caldwell, and you 13 say: 14 "The allegations against Mr. 01:46 15 Caldwell are to the effect that he was 16 well aware of the fact the police saw

media.

01:47 20

similarities between the rapes which were committed by Larry Fisher and the circumstances surrounding the murder of Gail Miller and that he failed to disclose this knowledge to the defence." And his knowledge is purported to come from the And if we can scroll down, the police, you've summarized what was provided, indicate:

"Neither then, nor later when Larry

	1	Fisher was identified as the assailant
	2	did he make any connection between those
	3	assaults and the murder."
	4	If we can go to the next page, here you indicate:
01:47	5	"Caldwell's role in
	6	facilitating the disposition of Fisher's
	7	charges in Regina was a minor one. We
	8	could find no evidence from witnesses,
	9	or from file material which suggested
01:47	10	Fisher's apprehension caused him to form
	11	doubts about Milgaard's conviction.
	12	Based on his knowledge of the facts and
	13	his personal observations of those
	14	involved Caldwell was, and is, resolute
01:47	15	in his belief of Milgaard's guilt.
	16	Obviously, Fisher's apprehension did
	17	nothing to diminish this belief."
	18	You then go on and summarize the National Parole
	19	Board and say:
01:48	20	"Very reputable and credible individuals
	21	confirm Caldwell's motives in writing
	22	the letters were proper ones."
	23	And:
	24	"When interviewed, Caldwell
01:48	25	was indignant at the allegations made
		•

	1		against - not only himself, but others,
	2		including counsel for the defence.
	3		During our interviews of Mr. Caldwell we
	4		found him very open and forthright.
01:48	5		When answering our questions, at no time
	6		was he either reticent or evasive; he
	7		made every effort to cooperate and to
	8		fully explain his role in the
	9		prosecution of David Milgaard."
01:48	10		And would that accurately summarize, then, your
	11		investigative team's conclusions about Mr.
	12		Caldwell?
	13	А	Yes, it would, and I can point out that I
	14		participated in this interview as well of Mr.
01:48	15		Caldwell.
	16	Q	Of Mr. Caldwell?
	17	А	Yes.
	18	Q	And again, the bottom line, was there anything
	19		that your investigative team found in their
01:48	20		investigation of Mr. Caldwell that would provide
	21		the basis for any criminal charges of obstructing
	22		justice or anything of that nature?
	23	А	No.
	24	Q	And, short of the standard of evidence that would
01:49	25		give rise to a criminal charge, was there
	- 11		<b>-</b>

	1		anything and with the caveat that you told us
	2		certain issues relating to disclosure were left to
	3		Mr. McCrank and Mr. Fraser, but apart from that,
	4		the work that your team did, did you uncover any
01:49	5		information that caused you, as investigators, to
	6		think that he had done anything improper or wrong
	7		short of criminal conduct?
	8	А	No.
	9	Q	Go to 023297. Now turn to the Department of the
01:49	10		Attorney General and Mr. Kujawa. Go to the next
	11		page. And I think this summarizes the allegations
	12		against the Attorney General, and is it fair to
	13		say that this, the genesis of this allegation is
	14		the Michael Breckenridge information?
01:49	15	А	Yes.
	16	Q	And we see here that this is the issue 1, that:
	17		"Kujawa had both 'files' at the same
	18		time",
	19		the Michael Breckenridge information, and we have
01:50	20		been through that in a significant degree, so
	21		that would be the first issue, to look at whether
	22		there's any merit in what Mr. Breckenridge had to
	23		say?
	24	А	Yes.
01:50	25	Q	And the second one is that the direct indictment
			<b>1</b>

	1		was unusual and the appearance there, and whether
	2		that was part of a coverup scheme; is that fair?
	3	А	That's fair.
	4	Q	Go to the next page. And you identify in the
01:50	5		first paragraph these issues, I don't think we
	6		need to turn back, they are on page 023198, but
	7		these issues would have been generated by your
	8		interview with Mr. Wolch and Mrs. Milgaard?
	9	А	Yes.
01:50	10	Q	And then, I think, supplemented by Robert Bruce
	11		and David Asper, or information from Mr. Asper
	12		through Robert Bruce; is that correct?
	13	А	Yes.
	14	Q	And here's:
01:51	15		" the allegation that the
	16		Department of the Attorney General, Mr.
	17		Kujawa, in particular, took specific and
	18		unusual actions to prevent public
	19		awareness of Larry Fisher's crimes.
01:51	20		Kujawa is alleged to have had both the
	21		Milgaard and Fisher files at his
	22		disposal when speaking to the Milgaard
	23		appeal and when handling the disposition
	24		of Fisher's charges. The Milgaard file
01:51	25		is alleged to have had references to the
			1

	1		Fisher crimes and Kujawa should have
	2		been concerned about the connection.
	3		Mr. Wolch alleges Kujawa's failure to
	4		disclose knowledge of evidence which
01:51	5		would call into question the Milgaard
	6		conviction was a breach of the duty to
	7		disclose evidence which would tend to
	8		exculpate the accused".
	9		And then here:
01:51	10		"This allegation is based
	11		primarily on information provided by a
	12		former clerk of the Department of the
	13		Attorney General, Michael Breckenridge."
	14		And is that correct?
01:51	15	А	That's correct.
	16	Q	And apart from what Mr. Breckenridge alleged
	17		happened in the offices of Mr. Kujawa, was there
	18		any other allegation of deliberate wrongdoing or
	19		coverup by Mr. Kujawa, the Department of the
01:52	20		Attorney General, that was not in some way related
	21		to what Mr. Breckenridge had said?
	22	А	I think just perhaps the question around the
	23		direct indictment.
	24	Q	Okay. And I think, was that not part of the
01:52	25		continued coverup though, in other words that the

	1		reason they did the direct indictment was to not
	2		expose Mr. Fisher in Saskatoon?
	3	A	Correct, yeah.
	4	Q	And so that, although Mr. Breckenridge didn't
01:52	5		allege anything specifically about the direct
	6		indictment, apart from that one issue was it your
	7		understanding that the rest of the allegations
	8		that you were investigating against Mr. Kujawa and
	9		members of the Attorney General of Saskatchewan
01:52	10		were related to what Mr. Breckenridge had alleged?
	11	A	Umm, sorry, I think Mr. Breckenridge only made
	12		this one allegation about discussions behind
	13		closed doors and those sorts of things. The other
	14		ones came from Mr. Wolch during
01:52	15	Q	Oh, yes, yeah.
	16	A	the time we spent with him.
	17	Q	Maybe I didn't ask it very well, but this notion
	18		that Mr. Kujawa had both the Fisher file and the
	19		Milgaard file and consciously made a decision to
01:53	20		not take steps, or that he connected the two, knew
	21		that David Milgaard was innocent, Larry Fisher was
	22		guilty, and took deliberate steps to cover up in a
	23		planned and deliberate way; we saw the allegation
	24		of Michael Breckenridge that that took place or
01:53	25		that there was meetings between Mr. Kujawa and

			1 age 30430
	1		Mr. Romanow that talked about that?
	2	A	Correct, yeah.
	3	Q	And, apart from what Mr. Breckenridge was
	4		alleging, I'm just trying to get; were there other
01:53	5		things related to that that were made by Mr. Wolch
	6		and Mrs. Milgaard?
	7	A	Yes, I'm sorry, I misunderstood your question.
	8	Q	Yeah.
	9	A	Yes.
01:53	10	Q	If we can scroll down. And I think this comes out
	11		of a, first of all in the letter from Breckenridge
	12		to Wolch that there was closed-door meetings
	13		between Mr. Romanow, Lysyk, Kujawa concerning
	14		discrepancies, and then you go on to describe the
01:54	15		later Breckenridge statement. We have been
	16		through these, Mr. Sawatsky, so I won't bring them
	17		up. If we can then go to the next page, looks
	18		like the very first part of the report looks at
	19		what the department had by way of files; is that
	20		correct?
	21	A	Yes.
	22	Q	And that there was a review done of what Mr.
	23		Kujawa would have had in his files?
	24	A	Yes.
01:54	25	Q	And if we can go to the next page, just identify, $lack$
		l	

			, age co.c.
	1		you in your report:
	2		"Listed hereunder are
	3		documents relating to, first, David
	4		Milgaard and second, Larry Fisher."
01:54	5		I don't propose to go through this because we
	6		have been through the same exercise, but I take
	7		it that one of your initial investigative steps
	8		was to look at what Mr. Kujawa and the Attorney
	9		General had on their file relating to David
01:54	10		Milgaard and Larry Fisher; is that correct?
	11	A	Yes. I see I'm missing that page from my paper
	12		report here, but
	13	Q	Which one is that, the one on the screen?
	14	A	Yeah, 135 I don't have. I've got 133 and then
01:55	15		136, so I'm missing 134 and 135, but I'll
	16		certainly look at this and
	17	Q	Yes, no, and I don't propose to go through it.
	18		It's just this point here, in your report you go
	19		and list what you found on the Attorney General's
01:55	20		file related to David Milgaard and Larry Fisher?
	21	A	Yes.
	22	Q	And so that would be one of the initial steps, is
	23		take a look at the allegation is that Mr.
	24		Kujawa had both files on his desk, that the
01:55	25		Milgaard file had information about the sexual

			7 dg0 00 700
	1		assaults and Fisher, that Mr. Kujawa connected
	2		him. So it appears that the first step was what
	3		did Mr. Kujawa have by way of paper; is that fair?
	4	А	That's fair.
01:55	5	Q	Go to page 90 or pardon me 023306. And here
	6		you indicate that:
	7		"The Saskatchewan Court of
	8		Appeal dismissed Milgaard's appeal
	9		71-01-05. The following documents
01:55	10		relating to the Milgaard case would have
	11		been in Kujawa's file.
	12		a) RCMP reports received between",
	13		March and August '69:
	14		" detailing the facts concerning the
01:56	15		Saskatoon City Police investigation of
	16		the Miller murder and their assistance
	17		to the city police. Certain witness
	18		statements and lab reports were included
	19		with the reports."
01:56	20		And:
	21		"There are several references
	22		in the police reports to 'unsolved
	23		sexual assaults', occurring at
	24		approximately the same time as the
01:56	25		Miller murder.
			•

			1 age 50455
	1		b)",
	2		He would have had:
	3		" Caldwell's 'Report on Completed
	4		Cases' from the preliminary hearing,
01:56	5		together with a copy of a Saskatoon City
	6		Police memo outlining the facts",
	7		and:
	8		"c) Transcripts of the preliminary
	9		hearing and trial and related
01:56	10		administrative material"
	11		So that would have been your conclusions as to
	12		what he would have had in the Attorney General or
	13		Mr. Kujawa's file; is that correct?
	14	A	That's correct.
01:56	15	Q	And then the next page. You say here:
	16		"The first mention of Fisher
	17		we were able to locate in the
	18		Departmental files is correspondence,
	19		date stamped 71-02-09, dealing with
01:57	20		Fisher's outstanding charges. A
	21		subsequent letter dated 92-03-18",
	22		I think that should be '71:
	23		" from Greenberg to the Department
	24		refers to previous correspondence to
01:57	25		which the Department had not replied.
			<b></b>

			S Comments
	1		The previous correspondence is not on
	2		file but it appears to have been sent in
	3		early 1971. This would mean that at the
	4		time they received letters from Fisher's
01:57	5		lawyer inquiring about the disposition
	6		of outstanding charges, the Department
	7		was either in the process of concluding,
	8		or had already concluded the Milgaard
	9		case."
01:57 1	10		Is that correct?
1	11	А	That's correct.
1	12	Q	And I think at that time, what we have learned is
1	13		that the appeal was argued in November of 1970,
1	14		and the Court of Appeal decision I think was
01:57 1	15		January '71, and then sometime later an
1	16		application for leave to the Supreme Court later
1	17		in '71; does that accord with your recollection
1	18		generally?
1	19	А	Yes, it does.
01:57 2	20	Q	So here we now deal with Michael Breckenridge. It
2	21		says:
2	22		"He was interviewed by our
2	23		investigators 93-05-13. At the
2	24		commencement of the interview
01:58 2	25		Breckenridge supplied a three page

	1		article in which he makes statements
	2		concerning government officials and
	3		meetings between Kujawa and Romanow
	4		regarding Milgaard/Fisher. According to
01:58	5		Breckenridge, the closed door meetings
	6		between Romanow and Kujawa took place in
	7		1973."
	8		Now is that this date, 1973, I think the
	9		earlier information suggested that was in '70 or
01:58	10		'71; was that not the case?
	11	A	That is the case, yes.
	12	Q	And certainly I think, if we look back at what I
	13		think was in the earlier statements or at least
	14		what was stated in the press conference, was it
01:58	15		your understanding that the initial allegation was
	16		that what Breckenridge observed happening happened
	17		in '70-'71?
	18	A	Yes.
	19		COMMISSIONER MacCALLUM: So that's just a
01:58	20		typo there?
	21	A	That must be a typo there.
	22		BY MR. HODSON:
	23	Q	No, sorry, well let me ask the question again. I
	24		think what we will see, and I can bring this up
01:59	25		for you, I think in the interviews with
			4

	1		Mr. Breckenridge what he told you is he said to
	2		you it was in '73, yet he was earlier reported to
	3		have said it was in '71?
		73	
	4	A	Yes, that's correct.
01:59	5		COMMISSIONER MacCALLUM: Oh.
	6		BY MR. HODSON:
	7	Q	So I'm sorry if I didn't ask it,
	8	А	Yeah.
	9	Q	but I will get to that about his record of
01:59	10		employment, because I think what the record shows
	11		is that Mr. Breckenridge did not start working
	12		with the government until 1973; is that correct?
	13	A	That's correct, I believe from October of '73.
	14		COMMISSIONER MacCALLUM: While I'm at it,
01:59	15		sir, if I could just clear one more thing up.
	16		When Mr. Hodson asked you if
	17		Breckenridge was the only one that had made this
	18		allegation about closed-door meetings between
	19		Kujawa and Romanow and having both Miller the
01:59	20		Milgaard and the Fisher files in front of him,
	21		I'm not sure what you said to me, what your
	22		answer was. Did there was reference made to
	23		Mr. Wolch and Mrs. Milgaard as well, but was it
	24		the case that allegations through Ms by Mr.
02:00	25		Wolch and Mrs. Milgaard related only to

	1		Breckenridge complaint, nobody else, he was the
	2		only source?
	3	A	That's correct, that's correct. If I recall
	4		correctly, he was the only source, yeah.
02:00	5		BY MR. HODSON:
	6	Q	So just to clarify this, and maybe we'll see this
	7		as we go through the report, and I'll maybe
	8		double-check tonight the May 13th, '93 interview,
	9		but I think in that interview Mr. Breckenridge
02:00	10		indicated that the meetings took place in 1973 as
	11		opposed to the earlier suggestion that they were
	12		in 1971; is that correct? Is that your
	13		understanding?
	14	A	Yes, I believe it is. I would maybe want to check
02:01	15		that as well.
	16	Q	Okay.
	17	А	But I think that
	18	Q	I'll make a note and come back to that, Mr.
	19		Sawatsky. In any event, I think it appears
02:01	20		that Mr. Breckenridge:
	21		"was asked to elaborate on the
	22		details of his accusations and to
	23		describe the contents of the "Milgaard
	24		and Fisher" files. He identified the
02:01	25		Milgaard file as containing copies of
			<b>4</b>

			<b>G</b>
	1		police reports, a "rap sheet", various
	2		pieces of paper, memos and
	3		correspondence, some of which were
	4		copies and others original. The Fisher
02:01	5		file was at least six inches thick."
	6		Now, is that something that you were able to
	7		corroborate with your review of the files, or
	8		disprove?
	9	А	Yes, and also through interviews with other
02:01	10		employees who worked there at the time.
	11	Q	And let me ask you this, can you tell us
	12		generally, your investigators, what were your
	13		conclusions with respect to the credibility and
	14		reliability of what Mr. Breckenridge told you?
02:02	15	А	We were unable to confirm what Mr. Breckenridge
	16		had initially put forward as an allegation.
	17	Q	Did you reach any conclusions as to whether it was
	18		credible?
	19	А	It was not credible.
02:02	20	Q	It says:
	21		"Breckenridge explained his job involved
	22		adding correspondence to these files on
	23		a continual basis, which he would
	24		initial. During the discussion about
02:02	25		the files, he abruptly recalled a
			4

1 memorandum on the Milgaard file stating 2 there was insufficient evidence to 3 prosecute. When pressed on this point, 4 Breckenridge said he could not recall to 5 whom this memo actually referred." 02:02 6 Next page: 7 "Breckenridge says he confronted Kujawa 8 personally about his concerns regarding 9 the files. This took place in 02:02 10 Breckenridge's office area. He does not 11 recall specifically what Kujawa's 12 response was but it was to the effect, 13 "people should mind their own business 14 if they value their jobs." 02:03 15 this recollection on Kujawa's tone and 16 expressions at the time. The word 17 "history" also stands out in his mind 18 when remembering Kujawa's response." 19 He says: 02:03 20 "Breckenridge recalled there was media 21 attention and concern from ridings about 22 both files during the early 1970's." 23 Was that something you were able to verify or 24 corroborate? 02:03 25 Α No.

				——————————————————————————————————————
	1	Q	And then	it appears:
	2			"When asked why it took him so long to
	3			come forward with his information,
	4			Breckenridge indicated that the oath of
02:03	5			secrecy would have been in effect for
	6			ten years after he left the Department
	7			and that he was living in British
	8			Columbia for a while and was not aware
	9			of the attention these two matters were
02:03	10			receiving."
	11		Were you	ever able to verify whether there was
	12		anything	such as an oath of secrecy that would
	13		preclude	Mr. Breckenridge from coming forward
	14		with alle	egations or information regarding
02:03	15		criminal	conduct?
	16	A	I don't h	nave specific recall of examining that
	17		particula	ar point, but I can tell you that I'm not
	18		aware of	that requirement existing within the
	19		departmer	nt.
02:04	20	Q	It says:	
	21			"Our May 13th interview with
	22			Breckenridge was followed by numerous
	23			contacts in an effort to have him
	24			provide specifics concerning his
02:04	25			allegations and to clarify ambiguous

			<b>G</b>
	1		statements. When contacted 93-06-02 he
	2		felt that in order to ensure that he
	3		"had his facts in order" he preferred to
	4		sit down at home and address what he had
02:04	5		to say on paper. On 93-06-25 we
	6		received a two page typewritten article
	7		submitted by Mr. Breckenridge entitled
	8		"The NDP Story", along with a copy of
	9		the "Co-Operative Commonwealth
02:04	10		Federation Programme"."
	11		Is that correct?
	12	A	That's correct.
	13	Q	Were you did you have any personal contact at
	14		all with Mr. Breckenridge?
02:04	15	A	I did not.
	16	Q	Who was the officer that was involved in dealing
	17		with Mr. Breckenridge, was it Mr. Templeton?
	18	А	I would have to look back and see who it was. I
	19		don't have a specific recall of that, but I know I
02:05	20		discussed Mr. Breckenridge's, the circumstances
	21		around the investigation and interview of him with
	22		the investigative team.
	23	Q	And do you recall what the sense was of those who
	24		dealt with Mr. Breckenridge directly, what they
02:05	25		felt about his credibility and reliability?
			•

			Page 36448 ————
	1	A	I believe they felt he was unreliable, and
	2		certainly the information he provided was not any
	3		evidence of what his claims were.
	4	Q	And then Robert Perry, it appears he was
02:05	5		interviewed, the private investigator engaged by
	6		David Asper, to interview Breckenridge; is that
	7		correct?
	8	А	Yes, that's correct.
	9	Q	Next page, it says:
02:05	10		"Perry met with Breckenridge on two
	11		occasions. During his first meeting on
	12		92-05-14, Breckenridge was unable to
	13		clearly organize his thoughts, so Perry
	14		asked him to write out his own
02:05	15		statement. Later, on 92-05-22,
	16		Breckenridge gave Perry his statement.
	17		In it Breckenridge indicates he
	18		commenced employment with the Department
	19		in 1970 or 1971 and he left when Kujawa
02:06	20		threatened his job. An exact
	21		termination date is not given."
	22		And that's where the initial reference was, Mr.
	23		Sawatsky, initially Mr. Breckenridge said 1970 or
	24		'71 is when he commenced his employment; correct?
02:06	25	А	Correct.

	1	Q	And I believe, and I'll check this point, when he
	2		met with your officers in 1993, he then said that
	3		this incident with Romanow, Lysyk and Kujawa
	4		happened in '73 as opposed to '70/'71?
02:06	5	A	I believe that's correct, yes.
	6	Q	And here:
	7		"On 92-06-14, Mrs. Milgaard met with
	8		Breckenridge and Perry for about two
	9		hours. Breckenridge's period of
02:06	10		employment was not discussed, nor was
	11		Perry given instructions to verify the
	12		time later. However, one day later, the
	13		Public Service Commission wrote a memo
	14		responding to a request from
02:06	15		Breckenridge to verify his period of
	16		employment. It shows he worked with the
	17		Department from 73-10-03 to 75-06-29."
	18		And if I could just call up the document, and
	19		this is a document that I think your
02:07	20		investigators obtained, 004193, and just note the
	21		date here, I'm going to ask you, it was June 14th
	22		that Mr. Perry told you that he and Mrs. Milgaard
	23		met with Mr. Breckenridge. Go to the next page.
	24		Actually, it's about the seventh page in.
02:07	25		Actually, go to 154087, please. Actually, sorry,
			1

you can leave this document up, if you can just scroll ahead until you find the -- right here.

There are a number of versions of this document,
Mr. Commissioner, on the database. This one is part of a memorandum that Sergeant Pearson and
Murray Brown had, but I believe, Mr. Sawatsky,
this is the memorandum referred to in your report that we talked about from the Public Service
Commission; is that correct?

A Yes.

And I think from other sources it's confirmed that the blacked-out name is in fact Michael

Breckenridge and it says:

"In response to your request, our records indicate your service with the Saskatchewan government is as follows:"

And then has the dates of October, '73 to June, '75, if we can just scroll down, so from records management. So if we can just go back to page 023309, can you tell us, what did you and your investigators conclude about the significance of the fact that the day after Mr. Perry and Mrs.

Milgaard met with Michael Breckenridge, that the next day Mr. Breckenridge appears to have obtained from the Public Service Commission

	1		confirmation of his employment record indicating
	2		that he did not work with the Department of
	3		Justice until 1973?
	4	A	I guess one would conclude that it certainly
02:09	5		indicates that there may have been some
	6		uncertainty about the information he had provided
	7		as saying that it was in 1970 when he worked in
	8		the department and was aware of this behind closed
	9		doors, etcetera. It may be also that there was
02:09	10		some doubt on the part of Mrs. Milgaard as to
	11		whether or not his story was true because someone
	12		was asking for him to verify his employment, so
	13		certainly it was a question around what times he
	14		worked at the department.
02:09	15	Q	And did you and your investigators make any
	16		conclusions about the purpose of Michael
	17		Breckenridge making the request that he did on or
	18		around June 15th, 1992 and whether that related to
	19		his meeting with Mrs. Milgaard and Mr. Perry?
02:09	20	A	I guess the connection one would make is that it
	21		was likely as a result of that meeting he was
	22		either asked to provide it or offered to provide
	23		his record of employment.
	24	Q	And
02:10	25		COMMISSIONER MacCALLUM: Can I just stop

	1		you here? I have to ask this. Mr. Breckenridge
	2		apparently told Investigator Perry that he
	3		started with the department in '70 or '71, but he
	4		didn't and he told you, your investigators,
02:10	5		that the incident with the government officials
	6		happened in 1973 didn't he?
	7	A	Yes.
	8		COMMISSIONER MacCALLUM: He was actually
	9		employed in 1973. Did he ever tell anybody that
02:10	10		the incident with the government officials
	11		happened in 1970 or 1971?
	12	A	That was his first series of statements, is that
	13		it happened in 1970 or '71.
	14		COMMISSIONER MacCALLUM: Who did he tell
02:10	15		that to?
	16	A	To Mrs. Milgaard I believe, and Mr. Wolch.
	17		MR. HODSON: We can call up his statement.
	18		Just give me a moment. I think the evidence
	19		we've heard, Mr. Commissioner, is that the
02:11	20		initial statement that he gave to the Milgaards
	21		that was used at the September, 1992 press
	22		conference indicated that he worked there in
	23		'70/'71 and that the incident took place during
	24		that time period.
02:11	25		COMMISSIONER MacCALLUM: Oh, okay. That's

	1	fine, thank you.
	2	MR. HODSON: So I think, and I will get up
	3	later today or tomorrow morning the 1993
	4	interview. I think it was after issues became,
02:11	5	after it was reported that Mr. Breckenridge
	6	didn't work there until 1973, that his version of
	7	events then said the incident took place in '73.
	8	COMMISSIONER MacCALLUM: Oh, yes, okay.
	9	MR. HODSON: So if we go back here I'm
02:11	10	not sure if it's in this statement. Just go to
	11	the next page. Sorry, just go back, "I was hired
	12	to the Blakeney government in approximately 1970
	13	or 1971 and then transferred to the Attorney
	14	Generals'" so that was his information. This
02:12	15	is his initial statement as to events surrounding
	16	the Milgaard case.
	17	COMMISSIONER MacCALLUM: So he really
	18	doesn't say when the incident happened, that he
	19	observed the incident?
02:12	20	MR. HODSON: Well, if we can go down, go to
	21	the next page
	22	COMMISSIONER MacCALLUM: All he said so far
	23	is it happened when he was employed in the
	24	Attorney General's Department.
02:12	25	MR. HODSON: I can go back perhaps tomorrow

1 2 3 4 5 02:12 6 8 me one moment. 9 COMMISSIONER MacCALLUM: 02:13 10 MR. HODSON: 11 12 13 "What we're saying is we have 14 02:14 15 16 17 18 19 02:14 20 21 was at that time..." 22 23 24 02:14 25

morning, Mr. Commissioner, and get the collection of documents that we've put in on the point. recollection of what, certainly what was communicated at least initially by Mr. Breckenridge was that the incident -- not only did he work there in '70/'71 and that the incident took place there -- if you can just give

Sure, yeah.

Go to page 023419, and this is part of the press conference, and we've been through this, this is where Mrs. Milgaard says:

> information that says Roy Romanow and this we have said in the letter to the Minister of Justice - that he was in these meetings. I met with him and I thought he was credible. I met with him and private investigators. We made sure that he was employed where he said he

And again, so the initial statements that Mr. Breckenridge gave indicated that he was employed there in '70 or '71 and I believe also, but I will check the documents and deal with them

tomorrow morning, that that's when he alleged was the time of the incident as well.

COMMISSIONER MacCALLUM: Yes, I would appreciate if you covered that off, because Mr. Breckenridge could of course be forgiven for being mistaken as to the dates of, the years of his employment, but he couldn't be forgiven for saying that an incident happened at a time when he was not employed there, if you get what I'm meaning.

I think the evidence we heard from, at least from some witnesses, and perhaps maybe I'll ask this question to you, Mr. Sawatsky, that did you uncover anything in your investigation that would suggest in 1973 there would be any reason for Mr. Romanow, Mr. Kujawa and Mr. Lysyk, I'm not sure if he was still there at the time, to be reviewing both the Fisher and Milgaard files?

No, we didn't, but I can also add that we did interview other witnesses who worked there at the time that Mr. Breckenridge did.

Q Yes.

And they didn't confirm what Mr. Breckenridge put forward in his allegations.

			•
	1	Q	Okay. So if we can just go back to 023309, and
:	2		I'll maybe come back tomorrow morning,
;	3		Mr. Commissioner, and simply just go through and
	4		we can refresh
02:15	5		COMMISSIONER MacCALLUM: If you would,
	6		please.
	7		MR. HODSON: Yeah, what we've seen on those
:	8		dates.
(	9		COMMISSIONER MacCALLUM: Thanks.
02:15 10	0	ВҮ	MR. HODSON:
1	1	Q	Back to my question here. So the issue here of
1:	2		when Mr. Breckenridge worked with the Department
1:	3		of Justice, and I think there's been some evidence
1	4		to suggest that if he worked there in 1970 or '71
02:16 1	5		when in fact Mr. Kujawa was in fact involved in
10	6		both handling the Milgaard and Fisher files, that
1	7		if he did see something, that might be of
18	8		significance; is that fair?
19	9	А	Yes, that certainly would be.
02:16 20	0	Q	And so just back to the question I had asked you
2	1		earlier, I think you told us that your team's
2:	2		conclusion was that the fact that Michael
23	3		Breckenridge went to the Public Service Commission
24	4		on June 15th well, it doesn't say he went there
02:16 2	5		on that day, he got a reply back on June 15th,
			<b>1</b>

1		1992. If we assume, number one, that it was in
2		response to a request from him, and two, that it
3		was a request made on or before that date, I think
4		you told us that you concluded that it was likely
02:16 5		as a result of his meeting with Mrs. Milgaard and
6		Mr. Perry?
7	A	Yes, and I believe I said that there must have
8		been some uncertainty as to his dates of
9		employment for him to make that request.
02:17 10	Q	Were your investigators ever able to conclude
11		whether or not Mr. Breckenridge, having presumably
12		received this memorandum from the Public Service
13		Commission, because I believe he gave it to your
14		investigators, did he not, or to your group? Do
02:17 15		you recall how it was obtained in '93?
16	А	I'm not certain.
17	Q	Presuming that he received that, did your
18		investigators, were you able to find out whether
19		he provided that memorandum on his employment
02:17 20		dates to Joyce Milgaard, Mr. Perry or anybody on
21		behalf of David Milgaard?
22	А	No, I don't believe so.
23	Q	Did your investigators reach any conclusions as to
24		whether or not it was likely that that
02:17 25		information did you consider that question,

	1		whether his employment information that he
	2		received would have been made known to anybody
	3		with the Milgaard group?
	4	А	Well, I guess I assumed that there must have been
02:17	5		a question raised on the 14th to cause him to make
	6		that request and on the 14th he met with Mrs.
	7		Milgaard and Mr. Perry, so I'm assuming that it
	8		was likely because of a request out of that
	9		meeting that would have caused him to seek that
02:18	10		employment record.
	11	Q	And so what are you saying, I mean, I think you
	12		said you couldn't find you couldn't determine
	13		whether or not that information was given by him
	14		to the Milgaards; is that correct?
02:18	15	А	That's correct.
	16	Q	But did your investigators reach any conclusions
	17		as to whether whether they felt that it was or
	18		they believed it was?
	19	А	I believed it was myself and, you know, we have
02:18	20		Mrs. Milgaard sometime later saying that she has
	21		verified his employment records and he worked
	22		there at the time, so, I mean, I'm not sure what
	23		you draw from that. Either he had told her and
	24		she simply ignored that or he hadn't told her and
02:18	25		she didn't know.

			1 age 30403
	1	Q	Okay. If we can go down to
	2		Wollbaum/Styles/Richter:
	3		"Wollbaum, Styles and Richter all worked
	4		with Breckenridge for a period of time
02:19	5		in 1973. They strongly reject
	6		Breckenridge's version of the events
	7		outlined. There was no conversations
	8		with Breckenridge or anyone else about
	9		the Milgaard and Fisher files. The
02:19	10		files were not discussed, concerns were
	11		not identified and their jobs were not
	12		threatened in any way."
	13		And again, would that be an accurate conclusion
	14		of the information you received from those
02:19	15		individuals?
	16	А	Yes, it would.
	17	Q	And we've read their statements into the record
	18		already, so I don't propose to go through that.
	19		Next page, it appears you talked to Mr. Caldwell
02:19	20		about this and:
	21		"The only discussions he recalls having
	22		with Mr. Kujawa regarding the Milgaard
	23		file were ones regarding the last minute
	24		testimony of Lapchuk/Melnyk and the
02:19	25		Section 9(2) Canada Evidence Act
			4

		Page 30400 ——	
	1	examination	
	2	At no time	did Caldwell have
	3	occasion to speak wit	.h Kujawa about
	4	Larry Fisher."	
02:19	5	Again, that would be an accura	ite summary of what
	6	your investigators found?	
	7	A Yes, it is.	
	8	<b>Q</b> And then as well Mr. MacKay, w	ve've heard evidence
	9	from him, it says:	
02:20	10	"MacKay was not aware	e of Kujawa having
	11	knowledge to suggest	that Milgaard was
	12	wrongfully convicted,	but believes if
	13	any of the solicitors	suspected such a
	14	miscarriage they woul	d quickly act to
02:20	15	correct such a failur	e in the system.
	16	Such a response would	add to the
	17	integrity of the Depa	ertment, both in the
	18	minds of the court an	d the public.
	19	MacKay rem	arked that Kujawa
02:20	20	had full control of t	he staff of
:	21	four/five solicitors	and that he
:	22	delegated as he saw f	it."
:	23	And that:	
:	24	"Kujawa dealt with ma	ny problems
02:20	25	verbally and did not	have a pension for
			1

		Fage 30401
1		paperwork. If documents were/are not
2		available to explain a decision, this is
3		likely why. This is also why the police
4		might not be informed about the outcome
02:20 5		of a court case."
6		And that would be an accurate summary of what he
7		told you?
8	A	Yes, it would.
9	Q	And the next page:
02:20 10		"Kujawa states he made absolutely no
11		connection between the Milgaard and
12		Fisher cases. He doesn't see how such a
13		connection could be made my anyone, and
14		is quite certain none was made by anyone
02:21 15		in the Department."
16		And then:
17		"Except for consulting Kujawa about the
18		law, procedures for dealing with a
19		hostile witness, the Saskatoon
02:21 20		prosecutor, T.D.R. Caldwell, did not
21		consult him about the Milgaard case.
22		When he handled the appeal before the
23		Sask. Court of Appeal, Kujawa would only
24		have been interested in the Notice of
02:21 25		Appeal and the trial transcripts. There

			1 age 30402
	1		would be no reason for him to have any
	2		portion of Caldwell's prosecution file
	3		and he has no recollection of ever
	4		having same."
02:21	5	And that	again would have been one of your
	6	conclusi	ons?
	7	A That's c	orrect.
	8	<b>Q</b> And as w	ell it says:
	9		"Although he has no"
	10	Or:	
	11		"Pertaining to Fisher, Kujawa states
	12		that his office may well have been
	13		supplied with material describing the
	14		Saskatoon rapes. Although he has no
02:21	15		memory of such being the case, his was a
	16		very busy office and if such information
	17		was supplied, he made no connection
	18		between it and the Milgaard appeal."
	19	And:	
02:21	20		"Kujawa states his office may have
	21		received police reports concerning
	22		Fisher's offenses. He probably didn't
	23		deal directly with the Saskatoon City
	24		Police regarding Fisher as his
02:22	25		Department would have supplied what he
			1

1 needed. 2 Mr. Kujawa vehemently denied 3 that there were closed door meetings concerning Milgaard and Fisher with 4 5 Mr. Romanow, or anyone else." 02:22 Would that be a fair conclusion of what you 6 found? Yes, it would. 8 9 Next page: 02:22 10 "The information supplied by Michael 11 Breckenridge does not support the 12 allegations. The "Milgaard/Fisher" 13 cases were processed and finalized 14 between 1969 and 1971 but Breckenridge 02:22 15 was not employed there until 1973. 16 claims to have initialed and put away 17 correspondence on an ongoing basis yet, 18 this is not substantiated by our 19 findings." 02:22 20 I think his And let me just pause on that point. 21 evidence was, or his allegation was that 22 Mr. Breckenridge, when he worked with the 23 Department of Justice, was involved in dealing 24 with paperwork on the Milgaard and Fisher files; 02:22 25 is that correct?

	1	А	That's correct.
	2	Q	And again, would there be any reason in 1973 for
	3		there to be paperwork and correspondence being
	4		handled by Mr. Breckenridge on files that had been
02:23	5		concluded two years earlier?
	6	А	No, there wouldn't.
	7	Q	And was that part of Mr. Breckenridge's
	8		corroboration, if I can call it that, that go look
	9		on the files, you'll see my initials, that's how
02:23	10		you can corroborate that I looked at them?
	11	А	He certainly held that out to be something that we
	12		could look for in our investigation.
	13	Q	And here:
	14		"RCMP reports sent to Kujawa's office
02:23	15		between March and May of 1969, contain
	16		several references to the fact the
	17		police investigators strongly considered
	18		a connection between the Miller murder
	19		and two rapes and an attempted rape
02:23	20		occurring in the fall of 1968. As
	21		Director of Public Prosecutions, Kujawa
	22		may, or may not have read these
	23		reports."
	24		And we've looked at those reports and dealt with
02:23	25		this issue, so your conclusion was the and
			1

			1 age 30+00
	1		these are the RCMP reports, that they were there
	2		in his office and he may or may not have read
	3		them, but you couldn't determine that; is that
	4		correct?
02:23	5	A	That's correct.
	6	Q	"None of the materials submitted to
	7		Kujawa subsequent to May of 1969
	8		contained further references to the
	9		early police hypothesis of a connection
02:24	10		between the unsolved rapes and the
	11		Miller murder. Clearly, this was
	12		because Milgaard was arrested in May and
	13		any connection ceased to exist in the
	14		minds of the investigators.
02:24	15		To support the allegations it
	16		would have been necessary for Kujawa to
	17		have:
	18		(a) been involved in a conspiracy to
	19		concoct the case against Milgaard at the
02:24	20		outset, or
	21		(b) to have read the RCMP police
	22		reports, and then 14 months later
	23		associate Fisher with the early
	24		references."
02:24	25		And I'm wondering if you can just elaborate on

		Page 36466 —————
1		that comment?
2	А	I think it's an attempt to try and show that the
3		only way that in our view he could be involved was
4		either point (a) or point (b) and there certainly
5		was no evidence of that.
6	Q	And just so I understand this, in order for Mr.
7		Kujawa to be in order for the allegations that
8		he was involved in the conspiracy and cover up, he
9		would have to have some way of knowing about the
10		rapes and the connection to the murder; is that
11		right?
12	А	That's correct.
13	Q	And so one way is that he was involved right at
14		the start and he was aware of the rapes in '69
15		because he was part of the conspiracy with others
16		to concoct the case against David Milgaard?
17	А	Exactly, and of course there's no evidence of
18		that.
19	Q	Or the second way would be that he would have to
20		have read the RCMP reports, the 1969 RCMP reports
21		when they were filed in his office in 1969 and
22		then, as you say, 14 months later associate what
23		he read in those reports with what he learned
24		about Larry Fisher in 1971 or when he first
25		started handling Fisher; is that what you are
	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	2 A 3 4 5 5 6 Q 7 8 9 10 11 1 12 A 13 Q 14 15 16 17 A 18 19 Q 20 21 20 21 22 23 24

	1		saying?
	2	А	That's correct.
	3	Q	And so you are trying to connect where he would
	4		have had knowledge, where Mr. Kujawa would have
02:25	5		had knowledge of the rapes to when he started to
	6		deal with Larry Fisher; is that right?
	7	А	That's right.
	8	Q	You say:
	9		"Based on our examination of the files
02:25	10		and our interviews of witnesses, the
	11		facts do not support the allegation of a
	12		connection or cover up within the
	13		Department. The available information
	14		suggests that at no time did Kujawa, or
02:26	15		anyone else in the Saskatchewan
	16		Department of the Attorney General, form
	17		a connection between the Milgaard and
	18		Fisher cases."
	19		And would that have been your conclusion?
02:26	20	А	Yes.
	21	Q	The next page, it says:
	22		"Note:
	23		During our meeting with Mr. Wolch
	24		92-11-26, he was quick to point out that
02:26	25		he never talked to the clerk
		1	

1 (Breckenridge) and he considered, "...him to be the least important bit of 2 evidence that we have... "Wolch made no 3 further reference to Breckenridge during 4 5 our interview. The issues raised by 6

Breckenridge formed the basis of our investigation, i.e., wrongdoing and obstruction of justice by former officials of the Department of the Attorney General. Yet, once the investigation was ordered, Wolch rejected the value of what Breckenridge had to offer.

In addition, during the Milgaard press conference, it was made clear that they had confirmed Breckenridge's employment with the Department during the period in question. This was extremely The best that can be said misleading. about this comment is that perhaps it was an inference drawn from Breckenridge's statement, however, given the obvious confused nature of

			. age 65 766
	1		Breckenridge's allegations the use of
	2		his material was inappropriate and was a
	3		misrepresentation of the facts."
	4		And would that be an accurate conclusion of your
02:27	5		investigation team?
	6	A	Yes, it would.
	7	Q	And if you could just elaborate on that, just the
	8		first two paragraphs or let's just take the
	9		middle paragraph here, and you are saying here
02:27	10		that it was the Breckenridge allegation that
	11		formed the basis of the investigation; is that
	12		correct?
	13	A	Yes. I think that was really the genesis of this
	14		investigation, was that specific allegation.
02:27	15	Q	And so what did you take from the fact that once
	16		your investigation started, that the genesis
	17		being that prompted it, that Mr. Wolch, who I
	18		think you described as the informant or the
	19		complainant, backed off on that allegation, what
02:27	20		did you read into that or make of that?
	21	A	Well, I think I indicated in June that there was a
	22		number of allegations that Mr. Wolch put forward
	23		as being very strong and then a number that he
	24		wasn't as strong on, perhaps a bit softer on, this
02:28	25		was one of those, and I guess I would have
			Movey CompuCourt Penarting

	1		expected that this, you know, he would have held
	2		this up as being very strong. He didn't do that
	3		during the initial interview.
	4	Q	And what did you make of the fact that the
02:28	5		Breckenridge allegations were made in a public
	6		press conference, did you put any, at least
	7		initially, any weight on that or significance on
	8		the fact that the allegations were actually made
	9		public before they were provided to the police,
02:28	10		did that give you some sense that there must be
	11		more credibility to them than otherwise, otherwise
	12		they wouldn't be made public, or the reverse?
	13	A	Certainly, and I think the fact that there was
	14		also an indication that his employment had been
02:28	15		checked out and that he worked at the department
	16		at the time.
	17	Q	Now, can you elaborate on this last paragraph
	18		about this, the press conference and the
	19		confirming of the employment, where did that fit
02:29	20		in in your investigation of this complaint?
	21	A	Well, certainly Mrs. Milgaard or Mr. Wolch or
	22		whomever, someone from either Mr. Wolch, Mr.
	23		Asper or Mrs. Milgaard went forward after the
	24		interview of Breckenridge where he was asked to
02:29	25		give his employment records, went forward publicly $\P$

	1		and said that they had confirmed that he worked at
	2		the department at the time. If they had knowledge
	3		of that, then certainly that was misleading.
	4	Q	And then as far as your investigation of
02:29	5		Mr. Breckenridge, if it was a case of why in
	6		November of 1992 didn't you say, okay, well,
	7		lookit, if the Breckenridge thing is the least
	8		important bit of evidence, why did you feel still
	9		an obligation to investigate it?
02:29	10	A	I believe we felt an obligation to investigate
	11		every single claim and investigate to the best of
	12		our ability, notwithstanding that at the end of
	13		the investigation it may not have been a very
	14		strong allegation.
02:30	15	Q	Now, I think you concluded there was no merit to
	16		what Mr. Breckenridge had to say; is that you
	17		said it maybe in different ways.
	18	A	I think that's fair.
	19	Q	Did you find any evidence in your investigation of
02:30	20		the Attorney General, Mr. Kujawa, Mr. Romanow, Mr.
	21		Blakeney, Mr. Lysyk, Mr. Caldwell, any of the
	22		police, anybody involved, that provided any
	23		corroboration of Mr. Breckenridge's allegation or
	24		the allegations that related to that put forward
02:30	25		by Mr. Wolch and Mrs. Milgaard and Mr. Bruce and
			Meyer CompuCourt Reporting ————————————————————————————————————

	1		Mr. Asper that there was some conspiracy involved
	2		amongst these individuals to either frame and/or
	3		cover up the matter?
	4	А	No, there was no evidence of that.
02:30	5	Q	Would you have expected, as a police officer in
	6		your and as an experienced investigator, that
	7		if, in 1970-'71, that members of the Attorney
	8		General's office and the police department were
	9		involved in deliberately framing an individual and
02:30	10		covering up that by having someone and then
	11		learning about Mr. Fisher and covering up that
	12		fact, would you expect to find, in the course of a
	13		later investigation, some information that would
	14		tend to incriminate that or corroborate that?
02:31	15	А	Yes, I would. Even if it's something that, you
	16		know, didn't provide adequate or enough evidence
	17		on which to base a charge you certainly would
	18		expect that you would hear something from someone.
	19		I believe we interviewed, well, well over 200
02:31	20		people here, and you would think that, if that had
	21		happened, that there would be some evidence come
	22		out, some statement, some piece of paper, some
	23		piece of correspondence, something that would
	24		support that, and that was not the case.
02:31	25	Q	Was there anything that your investigators learned

				———— Page 36473 ————————————————————————————————————
	1		that might	suggest there was something like a
	2		conspiracy	or a coverup in play?
	3	А	I don't red	call anything that I could put my finger
	4		on.	
02:31	5	Q	If we can g	go to the next page, this deals with the
	6		direct indi	ctment issue, and here the:
	7			"Direct indictment was, and
	8		is	s, an unusual procedure for the Crown
	9		to	use because Attorney's General
02:32	10		di	slike becoming personally involved in
	11		a	case."
	12		" K	Kujawa states that the use of a direct
	13		ir	ndictment was the appropriate method
	14			•
02:32	15			The matter was most
	16		CC	onveniently dealt with in Regina and
	17		th	nis was the reason Fisher was conveyed
	18		fr	om Prince Albert for the hearing. The
	19		d€	ecision also took into account the fact
02:32	20		Ku	ajawa's office had been dealing with
	21		al	l of the key individuals involved,
	22		е.	g. Fisher's Winnipeg solicitor and the
	23		At	torney General. Briefing someone else
	24		WC	ould be time consuming."
02:32	25		And then so	croll down.
				Movey CompuCourt Penarting

1 "MacKay was directed to 2 handle certain aspects of the direct 3 indictment." 4 "Given that he was serving 13 5 years on the Manitoba charges, this 02:32 would be acceptable." 6 We're talking about the time frame to get it set 8 up. 9 "Mr. MacKay feels the 02:32 10 accusation that the Department's handling of Fisher was to avoid 11 12 publicity is purely nonsense. 13 timing of his appearance (... Christmas 14 season) was not prompted by any ulterior 02:33 15 motive on behalf of anyone in the 16 Department." 17 And then: "According to Greenberg, 18 19 Fisher's solicitor at the time, the 02:33 20 Direct Indictment may well have been at 21 his request, as a matter of expediency. 22 He was not concerned about the 'delay' 23 and feels the time was justified, given 24 the fact the Saskatchewan Attorney 25 General did not want to deal with their

			1 age 30473
	1		offenses until the Manitoba charges were
	2		disposed of."
	3		Next page.
	4		"Mrs. Milgaard makes the
02:33	5		suggestion the Queen's Bench judge
	6		hearing Fisher's case in Regina was
	7		unaware of his Manitoba convictions at
	8		the time of sentencing. Our
	9		investigation clearly shows that he was
02:33	10		so informed."
	11		And I think we've heard evidence of that, that it
	12		was a concurrent sentence, so that the Manitoba
	13		sentence was before the Court; is that your
	14		findings?
02:33	15	A	Yes.
	16	Q	And then the Investigator Comments, scroll down:
	17		"Given the Criminal Code
	18		provisions in 1969, Fisher had to appear
	19		in Saskatchewan to dispose of the
02:33	20		outstanding Saskatoon rape charges, they
	21		could not be waived to Manitoba.
	22		Fisher's solicitor did not,
	23		and does not, find fault with the use of
	24		a direct indictment.
02:34	25		Although use of a Direct
			Meyer CompuCourt Reporting

			<b>G</b>
	1		Indictment was unusual because of its
	2		infrequent use, there is no evidence
	3		that the Dept. of the A.G. used the
	4		procedure for the wrong reasons, e.g. as
02:34	5		part of a coverup of a miscarriage of
	6		justice."
	7		And those would have been your conclusions?
	8	A	Yes, they would.
	9	Q	And I think, just on that point, we've heard some
02:34	10		evidence I think, Mr. Sawatsky, that there and
	11		I think your investigation confirms it that
	12		there were a couple of, maybe, well, three
	13		procedures or matters relating to Larry Fisher
	14		that were not the ordinary way of dealing with his
02:34	15		charges, is that fair? First of all that there
	16		was a direct indictment, and that was unusual?
	17	A	Yes, and Mr. Kujawa even confirmed that that was
	18		an unusual thing to do.
	19	Q	And, secondly, that Mr. Fisher had his charges
02:34	20		dealt with in Regina as opposed to Saskatoon where
	21		the charges originated; is that right?
	22	A	That's right.
	23	Q	And third, I think the suggestion that the timing,
	24		that it being around Christmas and the fact that
02:35	25		there was little or no publicity was also
			1

			1 age 30-11
	1		something that was viewed to be unusual, that the
	2		timing was unusual?
	3	A	That's correct.
	4	Q	And I'm not, I think there's been a debate on
02:35	5		that, but that but that would have been what
	6		was put forward to say "lookit, here's what's
	7		suspicious about these matters"?
	8	A	That's correct.
	9	Q	And I suppose, if one started with the premise
02:35	10		that there was some deliberate effort to cover up
	11		and to try and deal with Fisher in a way that
	12		people would not become aware of it, one way to do
	13		it might be to do it by direct indictment in a
	14		different city at a time when the media might not
02:35	15		hear about it; is that fair?
	16	A	Yes, that is fair.
	17	Q	And I take it, though, that in your investigation
	18		you checked out those unusual circumstances to
	19		find out whether there was an innocent explanation
02:35	20		or whether they were part of some grander criminal
	21		wrongdoing; is that fair?
	22	A	That's fair.
	23	Q	And did you, did you find and I think your
	24		report reflects this that there was some,
02:36	25		'suspicions' is maybe the wrong word, but the
	I.	l	<b>_</b>

			Vol 175 - Wednesday, August 30th, 2006 Page 36478
			- r age 30476
	1		Fisher charges were handled differently than
	2		normal cases; is that fair?
	3	А	Yes.
	4	Q	Or some parts of it?
02:36	5	A	Yes. And in particular I recall, in interviewing
	6		Mr. Kujawa, he indicated that that was unusual
	7		because it meant the Attorney General was becoming
	8		directly involved in a case, and that was not the
	9		best situation to have. But, other than that,
02:36	10		there was nothing that was unusual about that, no.
	11	Q	If we can go to the next page, here is your
	12		summary:
	13		"The allegations against Mr.
	14		Kujawa are to the effect that based on
02:36	15		his handling of both the Milgaard appeal
	16		file and Fisher's rape charges, he had
	17		knowledge of the similarities between
	18		the circumstances of the Miller murder
	19		and those offences committed by Larry

02:36 20 Fisher. The similarities were such that

Kujawa obviously realized doubt was cast

22

23

24

02:37 25

conviction. He is said to have engaged

on the legitimacy of David Milgaard's

in closed door meetings with other

officials, i.e. Messrs. Romanow and

Lysyk, to discuss the situation following which steps were taken to discourage employees, such as Michael Breckenridge, from speaking about the cases. His use of a direct indictment to dispose of the Fisher rape charges was alleged to be evidence of his attempt to avoid publicity and public awareness of the Fisher crimes.

Our investigation establishes that the source of these allegations, Michael Breckenridge, is not a reliable nor, for that matter, a very credible witness. His information is disputed by not only the other employees but by the facts concerning the period during which he was employed in the Department.

The Departmental files

indicate that if Mr. Kujawa read the

police reports sent to his office early

in the Miller murder investigation he

would have seen what has already been

confirmed - the police were considering

the possibility the same person who

raped and murdered Miller may have raped

	1		several other woman in Saskatoon in
	2		1968. Considering the responsibilities
	3		of his office, it is questionable
	4		whether or not Mr. Kujawa would have
02:38	5		read the police reports. If he did,
	6		later in November of 1971 when he
	7		handled the Milgaard appeal and then in
	8		March 1971 when he received
	9		correspondence about Fisher's desire to
02:38	10		waive charges, he would have had to have
	11		linked the early police reports to
	12		Fisher. Mr. Kujawa states clearly he
	13		made no such link and doesn't know how
	14		anyone could. Our findings support this
02:38	15		conclusion."
	16		And that would have been your Investigator's
	17		Conclusions?
	18	А	That's correct.
	19	Q	Then the next page. The Breckenridge allegations
02:38	20		also touched on Mr. Lysyk and Mr. Romanow; is that
	21		correct?
	22	А	Yes.
	23	Q	And in that regard, when you interviewed,
	24		Mr. Lysyk was a sitting judge, I think, at the
02:38	25		time you interviewed him; is that correct?
		II.	

	Ī		——————————————————————————————————————
	1	А	That's correct.
	2	Q	And did you as well, when you interviewed him,
	3		give him a warning that you were investigating him
	4		for a criminal offence?
02:38	5	А	I didn't interview Mr. Lysyk. I did interview
	6		Mr. Romanow.
	7	Q	And did you give him a warning?
	8	A	I did.
	9	Q	And do you know if Mr. Lysyk, would that have been
02:38	10		the procedure that your officers would have used,
	11		to give him a warning that he was being
	12		investigated for a criminal offence?
	13	А	I would assume they would have, yes.
	14	Q	And they:
02:39	15		"All were very cooperative
	16		and emphatically denied there was any
	17		substance to the charges.",
	18		and that would have been your conclusion?
	19	А	That's correct.
02:39	20	Q	And if we can quickly go to 023320. Actually, go
	21		to the previous page. This part of your
	22		investigation is the physical forensic evidence.
	23		And then go to the next page. And so, here, the
	24		allegations about that:
02:39	25		"Physical/Forensic Evidence Does Not

	1		Inculpate Milgaard",
	2		and you go through the blanket, hair samples,
	3		knives, and the cosmetic bag, and then as well
	4		the forensic evidence, and I'll go through parts
02:39	5		of this. But can you tell us generally how did
	6		this fit into your investigation, or why were you
	7		looking at these matters, and how did they fit
	8		into what you were investigating?
	9	A	These were part of, in a sense, part of the
02:40	10		allegations of Mr. Wolch. Certainly, we wanted to
	11		examine the exhibits to the extent we could to
	12		disprove or prove the allegations.
	13	Q	And so is it a case that, if the physical forensic
	14		evidence proves that David Milgaard is innocent,
02:40	15		or establishes a likelihood of innocence, that
	16		that somehow might be evidence to show that the
	17		police and Crown were involved in criminal
	18		wrongdoing; was that
	19	А	It certainly could be part of it.
02:40	20	Q	Or was it a case that this happened to be part of
	21		the information or tied in with everything else
	22		that was given to you and so you pursued it?
	23	А	That's correct.
	24	Q	This might be an appropriate spot to break for the
02:40	25		afternoon.

1		COMMISSIONER MacCALLUM: Yes, as soon as I
2		get a little clarification.
3		Just how could it be part, an
4		allegation that the forensic evidence didn't
5		prove guilt or perhaps proved innocence, how
6		could that relate to the criminal matters that
7		you were charged with investigating?
8	A	I think, My Lord, if suddenly we found in the
9		physical evidence that proved someone else did it
10		as opposed to David Milgaard, that would,
11		certainly would, could be one ground for belief
12		that there had been some somewhere that there
13		had been conspiracy, or that there had been some
14		wrongdoing on the part of some of the officials
15		that we were investigating.
16		COMMISSIONER MacCALLUM: Okay. They
17		could they should have known that they were
18		dealing with an innocent man and
19	А	Possibly.
20		COMMISSIONER MacCALLUM: they continued
21		to prosecute?
22	A	Possibly, it could have been that that could have
23		been repressed or withheld as evidence,
24		COMMISSIONER MacCALLUM: Oh, I see.
25	А	and we certainly would have wanted to follow

	2		COMMISSIONER MacCALLUM: I see.
	3	А	and we could have drawn a number of conclusions
	4		if that happened.
	5		BY MR. HODSON:
	6	Q	I think as we go through it I think,
	7		Mr. Sawatsky, if you can comment on this it
	8		appears that most of the focus on the physical
	9		evidence is not only what the physical evidence
02:41	10		showed, but how it was handled by the police and
	11		Crown; is that fair, that what the police and
	12		Crown did with the physical evidence?
	13	А	That's correct.
	14	Q	And so we'll go through. I think that's my sense
02:42	15		of the connection, at least, as what's in the
	16		report; is that fair?
	17	A	Yes, that's fair.
	18		COMMISSIONER MacCALLUM: I see.
	19		(Adjourned at 2:42 p.m.)
03:05	20		(Reconvened at 3:00 p.m.)
	21		BY MR. HODSON:
	22	Q	Mr. Sawatsky, I'm going to just try and go back to
	23		the chronology of Michael Breckenridge's
	24		statements just so that I can we'll walk
03:06	25		through the documents, and I think an issue had
			Meyer CompuCourt Reporting

	1	been raised earlier about the dates, and this is
	2	all part of the record and has been put in. But
	3	the first document, and this is part of the RCMP
	4	report, you actually have as appendices the two
03:06	5	Breckenridge statements, so if you can go to page
	6	023459.
	7	Now, Mr. Commissioner, these
	8	statements are also on the record with different
	9	doc. IDs, but I'll just use the ones that are part
03:06	10	of the statement.
	11	COMMISSIONER MacCALLUM: Sure.
	12	BY MR. HODSON:
	13	Q This is the first statement of May 22nd, '92.
	14	Actually, sorry, let me go to 023461, I'm sorry,
03:06	15	that's the first one. And, again, this is all
	16	part of the RCMP report. And at the top, this is
	17	March 21, 1992, so this is the very first letter
	18	from Mr. Breckenridge to Mr. Wolch, and I'll just
	19	go through and highlight that in there. He says:
03:07	20	"I have been watching with
	21	interest the David Milgaard case since I
	22	worked in the Attorney General's Dept.
	23	in Sask. at the time of those cases
	24	(Fisher and Milgaard)."
03:07	25	And, again, I think you mentioned earlier that

			7 age 55 755
	1		what was your understanding of when those cases
	2		were concluded?
	3	A	1971.
	4	Q	And he says, goes on to talk about:
03:07	5		"My job was to process the criminal
	6		files."
	7		"Roy Romanow had just been elected and
	8		appointed Attorney General",
	9		and that was in June of 1971. And then he says:
03:07	10		"At the time of those cases
	11		there were many closed door meetings
	12		••• ",
	13		and then goes on and says:
	14		"I remember delivering both cases to
03:07	15		Serge at the same time."
	16		So that's the initial statement.
	17		The next statement, if we can
	18		go to 023459, this is the second statement that
	19		was given May 22nd, '92 after the meeting with
03:08	20		Mr. Perry and here is where he says at the top:
	21		"As to events surrounding the
	22		Milgaard case:
	23		I was hired to the Blakeney
	24		gov't in approximately 1970 or 1971, I
03:08	25		worked in the Dept. of Ind and Commerce,
			4

	1	the minister was Kim Thorson. After
	2	approximately 6 mos. there I transferred
	3	to the Attorney General's dept under Roy
	4	Romanow."
03:08	5	Again, that is the reference in that statement.
	6	Next, if we can go to so
	7	that was the two statements that he gave. You
	8	can go to 15 pardon me, 004193, and go to I
	9	think the seventh page, this is the Public
03:09	10	Service Commission. So those are the first two
	11	statements in March and May of 1992, and this is
	12	the June 15th, '92 memorandum of the Public
	13	Service Commission to Mr. Breckenridge that
	14	indicates he started in 1973, October of '73 in
03:09	15	the Justice Department. That's the document I
	16	referred to.
	17	Then if we can go to page
	18	023420. And here is the press conference of
	19	September 19th, 1992 and these are all
03:09	20	appendices to the report, Mr. Sawatsky and a
	21	question is asked, actually if we can just scroll
	22	up further, Mrs. Milgaard says:
	23	"Perhaps I can tell you what this man
	24	told me, very succinctly.",
03:10	25	" described what took place after one

	1		of these closed door meetings. Now Roy
	2		Romanow was in this meeting, okay.
	3		Kujawa was in the meeting",
	4		etcetera. Then, if we can scroll down, a
03:10	5		reporter then asks a question:
	6		"Can I ask you when exactly that meeting
	7		took place? Was it after David's
	8		conviction but before his appeal.
	9		Mrs. Milgaard: Yeah, it was during 1971
03:10	10		that these meetings took place when ah
	11		like the, they had both the files
	12		together at that time. And I guess a
	13		decision would have had to have been
	14		made."
03:10	15		So that, Mr. Sawatsky, I think was the
	16		background. Was that your understanding then as
	17		far as the timing, or what was your understanding
	18		about what was alleged or what Mr. Breckenridge
	19		alleged as far as when he worked there and when
03:10	20		this incident, or incidents, took place between
	21		Mr. Romanow, Mr. Kujawa?
	22	A	Yeah, I believe his focus was on 1970 and 1971.
	23	Q	And then if we can go to 035725, and go to page
	24		this is a continuation report, and if you can go
03:11	25		to page 035736, and this is the RCMP notes of the $lacksquare$

			1 age 30+03
	1		May 13th, '93 interview with Michael Breckenridge;
	2		is that correct?
	3	А	That's correct.
	4	Q	And is that, I guess it's Jorgenson at the bottom;
	5		is that right?
	6	А	That is, yes.
	7	Q	And so here, I've checked, and I my
	8		understanding is I don't believe Mr. Breckenridge
	9		was prepared to be taped for an interview so these
03:11	10		are notes of the RCMP interview, and it says:
	11		" based on an interview of
	12		Mr. Breckenridge",
	13		and then scroll down:
	14		"I asked Mr. Breckenridge if the
03:11	15		contents of these two documents",
	16		and those are the two that I just showed you
	17		where he said he worked there in '70-'71:
	18		" are true and correct and he advised
	19		that they were."
03:11	20		Those were also the documents where he described
	21		the incidents taking place around that time
	22		frame. Then the next page:
	23		"Breckenridge was questioned
	24		about his employment history with the
03:12	25		Sask. Gov't. Initially he felt that he

	1		started with the Gov't in 1971 and he
	2		believed that he started with the A.G.'s
	3		Department in 1972. He was subsequently
	4		shown a document that outlines his
03:12	5		employment history with the Gov't. He
	6		had no problem with it, and did not
	7		disagree with the date on it concerning
	8		when he started with the A.G.'s Dept."
	9	A	nd so it would appear, Mr. Sawatsky, that it was
03:12	10	a	t the interview with your officers that he
	11	С	hanged the time frame from '70-'71 to '73, both
	12	a	s to his employment and presumably the incident;
	13	i	s that fair?
	14	A T	hat's fair.
03:12	15	<b>Q</b> A	nd did you find that to be credible?
	16	A N	o.
	17	Q I	f I can go back to is there anything else, Mr.
	18	С	ommissioner, on that?
	19		COMMISSIONER MacCALLUM: No, thank you very
03:13	20	m	uch, that's good.
	21	BY MR.	HODSON:
	22	Q I	f we can go back to page 023320, and go to the
	23	n	ext page, this deals with physical evidence. And
	24	i	t appears that, here:
03:13	25		"The police collected
		ll .	

1 numerous items during the course of 2 their investigation of Gail Miller's 3 sexual assault and murder. Many of the 4 items were eliminated as not having any 5 evidentiary value and were disposed of 03:13 accordingly." 6 And then you say: 8 "Robert Bruce and David Asper 9 question the relevance of several items 03:13 10 ... a blood stained blanket, hair samples and knives found near the scene. 11 12 The obvious notion being these exhibits 13 might be part of an undisclosed case 14 against Larry Fisher. They challenge 03:14 15 the evidence offered at trial concerning 16 the cosmetic bag and the statement David 17 had a knife enroute to Saskatoon from 18 Regina. The allegation being that this 19 evidence does not inculpate David 03:14 20 Milgaard." 21 And I take it then, just back to the question 22 asked before the break, it appears that the 23 allegations on the physical evidence were tied to 24 this allegation that the authorities in some way 03:14 25 did something criminal or wrong with respect to

	1		reference to a Saskatoon police report that had a
	2		bloodstained blanket, and:
	3		"He indicates the blanket may be linked
	4		to Larry Fisher in that a Fisher
03:15	5		relative gave a statement concerning a
	6		missing blanket."
	7		I think, if I can just summarize what is already
	8		on the record, I think it was there was a
	9		statement that said Larry may have used a
03:15	10		relative's car around this time, and there was a
	11		blanket missing, and there was a police report on
	12		the Gail Miller file that said a woman found a
	13		stained blanket on her driveway some miles out of
	14		the city, and I think Mr. Bruce had suggested
03:16	15		that the blanket may have been, or was, the
	16		blanket that Larry Fisher used when he killed
	17		Gail Miller, and that it was the missing blanket
	18		from his relative, and that somehow this is
	19		evidence that should have been followed up or
03:16	20		wasn't handled properly; is that a fair general
	21		summary?
	22	A	Yes, it is, a very general summary.
	23	Q	And you talk about:
	24		" blood soaked baby blanket found in
03:16	25		her driveway pulled out by"

1		their dog. The next page. And it appears that
2		it turned out that it was animal stool as opposed
3		to blood on the blanket, and that it wasn't in
4		fact a blanket from Larry Fisher or his relative,
5		is that the conclusion you reached?
6	A	Yes.
7	Q	So just down at the bottom:
8		"The Sonnleitner",
9		and Sonnleitner is a relative of Larry Fisher:
10		" quilt was lost sometime between
11		1967 and the winter of 1969. Given the
12		descriptions of the 'Sonnleitner' quilt
13		and the 'Stretch' blanket, it is
14		unlikely they were one and the same.
15		We were not able to determine
16		who wrote the note concerning animal
17		stool. Based on this comment it is
18		apparent that the police made a
19		determination that the blanket found by
20		Stretch was of no evidentiary value."
21		Your conclusion was there was nothing there of
22		evidentiary value, either on the allegations of
23		criminal wrongdoing, or that would be relevant to
24		the issue of who may have killed Gail Miller?
25	A	Correct.
	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	2 3 4 5 6 A 7 Q 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24

	1	Q	Next page. Hair Samples from Miller's sweater,
	2		there was a reference that there was a hair found.
	3		If you can just scroll down to the <i>Investigator's</i>
	4		Comments:
03:17	5		"The Miller sweater was not
	6		examined for hair, and is no longer
	7		available for testing or comparison."
	8		So that was something that was pursued and found
	9		that there was nothing available to compare; is
03:18	10		that correct?
	11	А	That's correct.
	12	Q	Next is the knives, and:
	13		"A number of issues focus on
	14		concerns about the type of knife used in
03:18	15		her murder and whether either Milgaard
	16		or Fisher had knives in their
	17		possession.
	18		Bruce and Asper question
	19		whether or not other knives found in the
03:18	20		area, i.e. a bone handled knife and a
	21		pearl handled knife, could have been
	22		connected to the murder.
	23		Further, they submit that
	24		David Milgaard did not have a knife in
03:18	25		his possession. That is, according to $\P$

Page 36496 1 his Supreme Court testimony, Milgaard stated he did not recall having any 2 3 knives in the car en route to Saskatoon 4 from Regina." 5 Next page. And we have been through this 03:18 6 extensively, Mr. Sawatsky, with other witnesses. I'll just touch on a couple of points. bone-handled knife involving Constable Oliver, if 8 9 we can scroll down, please, you say: 03:18 10 "As part of his written 11 submission to the Supreme Court, 12 Mr. Wolch refers to this knife as being 13 one which ought to have been tendered as 14 evidence or made available to the 03:18 15 This would have afforded the defence. 16 defence the opportunity to show the 17 knife to Wilson and John and other

them could identify it as a knife they
had seen previously. The blade of this
knife is described as being 'identical
in size to the entry sites ...'."

And I think, is it correct to say that with
respect to some of these allegations, that
Mr. Bruce simply took portions of the written

assault victims to determine if any of

			1 age 30431
	1		argument filed on behalf of David Milgaard to the
	2		Supreme Court and said "here, this is, this line
	3		of inquiry leads to criminal conduct, investigate
	4		this"?
03:19	5	А	Yes.
	6	Q	And the knife was one of those?
	7	А	Yes, that appeared to be the case.
	8	Q	And then it appears efforts are made to find the
	9		owner of the knife. If we can go to the next
03:19	10		page, at the bottom, Investigator Comment:
	11		"The trial evidence
	12		established that a broken paring knife
	13		found at the scene was the murder
	14		weapon. Nothing has been brought
03:19	15		forward by our investigation of
	16		Bruce/Asper's questions concerning the
	17		bone handled and pearl handled knives
	18		which would suggest this evidence ought
	19		to be questioned."
03:20	20		And that was your conclusion?
	21	А	Yes.
	22	Q	So there was nothing with respect of the
	23		bone-handled hunting knife that was evidence of
	24		any impropriety by the police or Crown; was that
03:20	25		your conclusion?

	Ī		Page 36498 ————
	1	73	mb-t-la our consiluation was
	1	A	That's our conclusion, yes.
	2	Q	Now to the next page. You mention here, under
	3		paring knife:
	4		"Ronald Wilson testified
03:20	5		Milgaard was in possession of a knife
	6		during their trip, which he described as
	7		being sort of a paring knife with a
	8		reddish brown handle. (In a 1990
	9		interview with Eugene Williams, Federal
03:20	10		Justice, Wilson stated that Milgaard had
	11		a bone-handled hunting knife, which he
	12		obtained from the Aylesbury elevator,
	13		which he broke into en route to
	14		Saskatoon.)"
03:20	15		And let me just pause there. I think the one
	16		allegation was that the police found a
	17		bone-handled hunting knife in the vicinity of the
	18		murder in addition to the maroon-handled paring
	19		knife; correct?
03:21	20	A	Correct.
	21	Q	And it was not provided at trial and tendered as
	22		evidence, and there was an allegation by Mr. Asper
	23		and Mr. Bruce that somehow the police and Crown
	24		did something wrong by either not putting the
03:21	25		knife, the bone-handled knife, in at trial, or

			<b>S</b>
	1		showing it to Wilson and John as witnesses, or
	2		providing it to Tallis. In other words they
	3		did they buried it or they took steps to
	4		conceal it; is that
03:21	5	А	Yes.
	6	Q	fair?
	7	А	Yes, that's fair.
	8	Q	How did you so that allegation, how did that
	9		square with this comment here about Wilson's
03:21	10		evidence, at least in 1990 that there was
	11		bone-handled hunting knife, at least according to
	12		him at that time, which was taken from the
	13		elevator? Did you find did you draw any
	14		connection between those two?
03:21	15	Α	We were unable to draw a connection between the
	16		two. A knife of similar description was found by
	17		Saskatoon police, you know, in near the murder,
	18		but there was no
	19	Q	Sorry, I
03:22	20	Α	evidence to indicate they were linked.
	21	Q	No, and sorry, I didn't ask the question well.
	22		Not to link the knives, but how did you square the
	23		two allegations, I mean the fact that the
	24		suggestion was that the that the bone-handled
03:22	25		paring knife should have been put at trial, at

1 trial it should have been put to Wilson and John, 2 Mr. Tallis should have been able to say, "lookit, 3 do you recognize this bone-handled hunting knife", 4 and because the Crown took steps to conceal it, it 5 wasn't; and then here you appear to be saying 03:22 "lookit, Ron Wilson said that such a knife was 6 taken from the elevator" -- or not, a bone-handled hunting knife, I'm not suggesting the same 8 9 knife -- but he describes a knife, and I'm trying 03:22 10 to understand, in your investigation, how did you 11 square those two issues? 12 А I -- I don't think I'm sure what you are getting 13 at there? Well I quess, on the previous page, the allegation 14 03:23 15 is, at least in your report the allegation is that the Crown and the police had a bone-handled 16 17 hunting knife found at the scene of the crime, 18 they concealed it, and that that's how -- evidence 19 that will somehow exculpate Mr. Milgaard or 03:23 20 inculpate Mr. Fisher; and then the next page of 21 the report you talk about 1990 Ron Wilson saying 22 he, at least in 1990, says that he recalled seeing 23 a bone-handled hunting knife taken from the 24 elevator on the trip to Saskatoon. And I'm just 03:23 25 wondering, they are back to back in the report, I

			ŭ
	1		wasn't sure if there was a connection between
	2		those two or whether they were separate issues?
	3	A	No, I don't believe there was a connection, I
	4		think the knife that was found at the scene was
03:23	5		different and was not believed to be the same
	6		knife that Wilson talked about.
	7	Q	Okay. That so that they were you did look
	8		at that issue then?
	9	A	No, I don't think we looked at the issue beyond
03:23	10		that, I think our belief was that they were not
	11		related.
	12	Q	Okay. If you can go down to the bottom, actually
	13		over to the next page, there is a comment here
	14		that:
03:24	15		"Mr. Tallis' testimony at the
	16		Supreme Court touched on the question of
	17		whether or not Milgaard told him
	18		anything about having a knife in his
	19		possession. His recollection is that
03:24	20		David did not indicate that he had a
	21		hunting knife although he did make
	22		reference to having a knife that could
	23		be used for perhaps getting into
	24		places.",
03:24	25		and the flexible blade. So the information of

			. ago 5555 <u>2</u>
	1		Mr. Tallis was that according to David he did
	2		have a knife, but it was neither a paring knife
	3		nor a bone-handled hunting knife, but a
	4		flexible-blade knife; is that correct?
03:24	5	А	That's correct.
	6	Q	Go to the next page. Some mention here about what
	7		Linda Fisher told the police about knives, and I
	8		think initially in her first interview with
	9		Mrs. Milgaard and Mr. Henderson she described a
03:25	10		missing knife with wooden handle and rivets; you
	11		recall being made aware of that?
	12	А	Yes.
	13	Q	And then later on, a couple months later, she told
	14		Sergeant Pearson she recalled losing a second
03:25	15		knife, being a bone-handled hunting knife, and I
	16		think that was pursued. And the next page. And
	17		then:
	18		"Our investigators
	19		interviewed Linda Fisher on 93-03-16 and
03:25	20		she re-iterated what she told
	21		Mrs. Milgaard about her paring knife
	22		having rivets. She then went on to say
	23		she recalled missing another paring
	24		knife. The subject of a second missing
03:25	25		paring knife arose when the

03:26 25

investigators showed Fisher a photograph from the Saskatoon City Police files of a knife similar to the murder weapon and asked whether or not it was similar to the one she was missing."

"In response, Linda stated that she was missing a mauve coloured knife similar to the one in the photo. Fisher could not recall when this particular paring knife went missing in relation to the date of the murder.

Linda Fisher's announcement of a second missing paring knife does not sit well in light of the statements she made during her interview with Mrs. Milgaard and Paul Henderson ... In this interview her response to a question from Henderson asking why she distinctly remembers details concerning her missing paring knife is that she didn't have a large collection of kitchen knives, that it was her favourite one, the only one she used and that 'I didn't have no other small paring knife I think I had a butcher

1 knife but I didn't like using that ... Ι 2 didn't have no other knife to peel 3 potatoes'." 4 And can you comment on, it appears in '93 that 5 Linda Fisher introduces a third missing knife, is that correct, to the two previous ones? 6 The first was a wooden-handled paring knife, the second was the bone-handled hunting knife, and I 8 9 think neither of those matched either the murder 03:26 10 weapon or the bone-handle hunting knife found in 11 the alley; is that correct? 12 А Correct. 13 So in '93 she tells your investigators after 14 looking at a photograph of a knife similar to the 03:27 15 murder weapon, that she's missing a third knife, 16 being mauve coloured, and assuming mauve and 17 maroon are similar, which I think Mrs. Fisher 18 testified she believed to be the case, what -- can 19 you tell us, what was the significance of that to 03:27 20 your investigators? 21 I think our investigators had some doubts about Α 22 the credibility of Linda Fisher based on continual 23 changing her story, and I think the other thing is 24 that there was some indication that when she was 03:27 25 interviewed by Mr. Henderson and Mrs. Milgaard,

			ŭ
	1		that there may have been a suggestion made of a
	2		maroon or red-handled knife. Certainly that would
	3		mean that perhaps Linda, even unknowingly or
	4		inadvertently, grabbed onto that suggestion.
03:28	5	Q	Can you tell
	6	A	This certainly was the first time that she had
	7		indicated that there was another knife other than
	8		the ones that she had mentioned previously.
	9	Q	So in 1993, and let's, for the purposes of this
03:28	10		discussion, assume that mauve is similar enough to
	11		maroon, if in fact she had a credible
	12		identification of the murder weapon in '93, would
	13		that not be evidence that would be, would tend to
	14		incriminate Larry Fisher?
03:28	15	A	Yes, yes, I believe it would.
	16	Q	And we know now, you didn't know then, but at Mr.
	17		Fisher's trial she did in fact identify the
	18		maroon-handled paring knife as being a knife that
	19		was similar or identical to a knife that she had
03:28	20		back in 1969 and had gone missing. Were you aware
	21		of that?
	22	A	I was aware of that, yes.
	23	Q	Now?
	24	A	Yes.
03:28	25	Q	I guess back in '93 what was it that caused your

	1		investigators to conclude that there wasn't and
	2		maybe I'm reading this wrong, but it appears from
	3		this report that not much weight was put on Linda
	4		Fisher's 1993 identification of a missing
03:29	5		mauve-coloured knife similar to the murder weapon?
	6	А	Correct. I don't think we were making the
	7		suggestion that she was necessarily lying or
	8		trying to mislead, simply that because of the way
	9		her story continued to change and because of the
03:29	10		way the suggestion was made to her, that perhaps
	11		we could question the reliability of her evidence
	12		in that regard.
	13		COMMISSIONER MacCALLUM: That's because of
	14		the way the suggestion was made to her by Mrs.
03:29	15		Milgaard?
	16	А	Yes, or Mr. Henderson, I'm not sure which, but I
	17		believe there was a suggestion about a maroon or a
	18		red-handled knife made to her.
	19	BY MF	R. HODSON:
03:29	20	Q	Let me just contrast that. If this had been a
	21		case that as a police investigator, the very first
	22		time you met with Mrs. Fisher and she had not
	23		talked to anybody and you said can you tell me,
	24		are you missing any knives and, if so, describe
03:30	25		them for me, and she was able to describe a knife

	1		that was very similar to the murder weapon, is
	2		that something if that had happened in 1993, is
	3		that something that your investigators might have
	4		said here's some evidence that is incriminating of
03:30	5		Larry Fisher?
	6	Α	Yes, that certainly would have been stronger,
	7		bearing in mind that we knew from the trial and
	8		the conviction that it was a red-handled knife
	9		that had been used, or a maroon-handled knife,
03:30	10		plastic knife that had been used in the murder.
	11	Q	And was it a question as to why in 1993, why
	12		didn't Linda Fisher disclose this missing knife
	13		earlier, was that a concern then?
	14	А	Yes.
03:30	15	Q	Go to the next page and the Investigator Comment:
	16		"Those attempting to establish that
	17		Larry Fisher is the real killer contend
	18		that the murder weapon and/or other
	19		knives found in proximity to Miller's
03:31	20		body could have been from Larry Fisher's
	21		residence. Linda Fisher's statements
	22		about missing knives are the prime
	23		reasons for this assertion.
	24		Linda Fisher was interviewed
03:31	25		in 1990 by Mrs. Milgaard and Paul

1 Henderson, Mr. Eugene Williams, and by 2 Sqt. R. Pearson. Again, in 1993, she 3 was seen by our investigators. numerous interviews were to determine 4 5 Linda's knowledge and recollection of 03:31 important details, such as Larry's 6 7 whereabouts during the time of the 8 murder, the condition of his clothing, 9 and his access to a paring knife. Linda 03:31 10 Fisher's additional details about the first paring knife and her news about 11 12 the two additional knives were elicited 13 during these interviews. When Linda Fisher voiced her 14 03:31 15 suspicions about Larry Fisher in 1980, 16 17 The description she gave of her missing

when Linda Fisher voiced her suspicions about Larry Fisher in 1980, she said she was missing a paring knife. The description she gave of her missing knife did not entirely compare with the knife entered in evidence at Milgaard's trial. That is, her knife was smooth edged and not serrated, the handle was wooden and not plastic, and being wooden, her's had rivets. In subsequent interviews with Fisher additional details concerning this missing paring

1 knife emerged and she also announced she 2 was missing two other knives, one being 3 a paring knife, and the other a bone handled hunting knife." 4 5 And if we can just scroll down to the bottom: 03:32 "The circumstances do not allow us to 6 7 further authenticate Linda Fisher's 8 stories about her missing knives. 9 Nevertheless, it should be noted that in 03:32 10 his Supreme Court testimony, Larry 11 admits to using a paring knife in his 12 Saskatoon offences which says he took from home or the Pambrun's." 13 14 And then: 03:32 15 "At trial, the broken paring knife 16 tendered was accepted as being the 17 murder weapon..." 18 Etcetera. 19 "As well, both Nichol John and Ronald 03:32 20 Wilson said that en route to Saskatoon 21 Milgaard had a knife similar to the 22 murder weapon. None of the other knives 23 discussed here were material to the case 24 against David Milgaard. As far as Larry 03:32 25 Fisher's possible involvement is

	1		concerned, the facts suggesting he may
	2		have had a paring knife similar to the
	3		murder weapon in his possession the
	4		morning of the murder are questionable.
03:33	5		And even if he did, we have uncovered no
	6		evidence linking him with the scene."
	7		Again, would that be an accurate summary?
	8	А	Yes, it would.
	9	Q	And just on this identification, and I'm not sure
03:33	10		if you are able to answer this, it may have been
	11		one of your investigators, I think we heard
	12		evidence from Mrs. Fisher that she may have had
	13		trouble just between maroon and mauve being I
	14		think at the Fisher trial she identified the knife
03:33	15		when she saw it and said yes, that's our knife,
	16		and there may have been questions. What was your
	17		understanding about whether or not she had
	18		identified the murder weapon as being identical
	19		to, similar to, or was there some doubt about
03:33	20		whether maroon and mauve were different colours?
	21	А	Are you talking about at the trial?
	22	Q	No, in 1993. Let me put it this way. Was it the
	23		conclusion of your investigators that Linda Fisher
	24		had identified the murder weapon as being similar
03:34	25		to or identical to a knife that had belonged to
			Meyer CompuCourt Reporting

			Ŭ
	1		her and went missing around 1969?
	2	A	I think her third statement certainly, or her
	3		third knife in her statement certainly moves in
	4		that direction, that it's closer to the murder
03:34	5		weapon than any of the other two knives that she
	6		had talked about.
	7	Q	But being did you conclude that it was a direct
	8		match?
	9	A	No.
03:34	10	Q	If we can go to the next page, we'll now deal with
	11		the Cosmetic Bag/Compact. In your view, was there
	12		a distinction between a cosmetic bag and a
	13		compact? I see both are used here.
	14	A	Well, not really I guess. If I thought about it,
03:34	15		I would think that the bag is perhaps what holds
	16		the makeup and the compact is just that little
	17		square thing that opens up and inside it there's
	18		some powder and perhaps a little mirror or
	19		something, that's the distinction I would make.
03:34	20		Whether that's correct or not, I'm not certain.
	21	Q	And if we can go down, we'll see here, and this is
	22		an issue that seems to have as its genesis Mr.
	23		Asper; is that right, through Mr. Bruce? That's
	24		where this allegation came from?
03:35	25	A	Yes, it is.

			1 age 30012
	1	Q	And:
	2		"In his analysis of the Crown's case,
	3		Mr. Asper questions the contrast between
	4		"cosmetic bag" and "compact". The
03:35	5		following will outline the trial
	6		evidence and statements made concerning
	7		this issue."
	8		And I think, correct me if I'm wrong, the
	9		allegation was that, number one, this incident
03:35	10		didn't happen, there was nothing thrown out of
	11		the car, whether it be a cosmetic bag or a
	12		compact; is that correct?
	13	A	That's correct.
	14	Q	And therefore that was evidence of wrongdoing
03:35	15		because that didn't happen?
	16	А	That's right.
	17	Q	And as well was there also some reference to, and
	18		maybe in support of that contention, that some
	19		witnesses used the term compact, some used
03:35	20		cosmetic bag, is that how that tied in?
	21	A	Yes. I guess one could say that obviously
	22		something to do with makeup was thrown out of the
	23		window. I don't think we were ever able to
	24		determine whether it was a compact bag a
03:36	25		cosmetic bag or a compact.

			7 age 30073
	1	Q	And did you and your investigators place any
	2		significance on the fact that the term cosmetic
	3		bag and compact may have been used interchangeably
	4		between perhaps not only witnesses, but people
03:36	5		later describing those two?
	6	A	Certainly that's possible. I don't think we
	7		placed a lot of weight on the fact that one person
	8		may refer to it as a compact and another person
	9		refer to it as a cosmetic bag.
03:36	10	Q	Go to the next page. So is it fair to say that
	11		this part of the investigation was the event
	12		didn't happen; therefore, somehow the police and
	13		Crown were involved in criminal conduct in getting
	14		Wilson, John and Cadrain to say that it did
03:36	15		happen?
	16	А	That's correct.
	17	Q	And here you refer to Nichol John who I think in
	18		1993 was able to recall and confirmed her earlier
	19		accounts of the incident and recalled describing
03:37	20		part of the bag and a colour and ID, so she had,
	21		she was able to tell, or she told your
	22		investigators in 1993 that she had a recollection
	23		of finding a plastic cosmetic bag containing
	24		makeup; is that right?
03:37	25	A	Yes, that's right.

			1 age 30014
	1	Q	And you talked to her parents, her parents said
	2		yes, they recalled Nichol telling them of finding
	3		a compact in the glove box of the car. Ron
	4		Wilson, when interviewed by your investigators,
03:37	5		stated he has no recollection of a compact,
	6		although he had testified to that at trial; is
	7		that correct?
	8	A	That's correct.
	9	Q	Albert Cadrain confirmed for you
03:37	10	A	I believe that's also one of the things that Mr.
	11		Wilson recanted, was the compact or the cosmetic
	12		bag.
	13	Q	Yes. And so Albert Cadrain in '93 told your
	14		investigators that he recalled the compact
03:38	15		incident?
	16	A	That's correct.
	17	Q	And then David Milgaard was asked in the Supreme
	18		Court and:
	19		"he was, "positive that if there
03:38	20		had been something like that I had
	21		thrown out the window that I would have
	22		a recollection for that. And I never
	23		ever threw any compact out of the window
	24		of the car."
03:38	25		And again that would have been, as opposed to

1 your investigators interviewing Mr. Milgaard, you 2 would have taken his evidence from the Supreme 3 Court reference? 4 That's correct. Α 5 And then: 03:38 Q "Mr. Tallis testified in the Supreme 6 7 Court that he had discussions with David 8 Milgaard about David throwing a compact 9 out of the car. In response to a 03:38 10 question from Mr. Tallis, David indicated he didn't know where it came 11 12 from, "it was just there." When asked 13 why he threw it out, he said "well I 14 don't know. I just threw it out. 03:38 15 is all there was to it." Mr. Tallis 16 also indicated Milgaard denied the 17 compact had anything to do with the victim." 18 19 And then at the bottom, Investigator Comment: 03:38 20 "The facts are that Nichol John found a 21 compact and/or cosmetic bag in the 22 glovebox... Based on the information 23 provided, we are unable to determine 24 exactly what John found, but her 03:39 25 description of the item very closely

	1		matches the cosmetic bag and items of
	2		makeup said to have belonged to Gail
	3		Miller.
	4		If the item thrown out by
03:39	5		Milgaard was Miller's cosmetic bag, then
	6		Miller must have been accustomed to
	7		carrying more than one cosmetic bag.
	8		Miller's family said she carried two,
	9		possibly three compacts, but there is no
03:39	10		information to suggest she carried more
	11		than one cosmetic bag. No compacts were
	12		found in her purse or at the scene."
	13		So I take it the distinction between cosmetic bag
	14		and compact may have been significant in light of
03:39	15		what was found in Gail Miller's purse?
	16	A	Yes, it may have been.
	17	Q	So in other words, if she the distinction would
	18		be important if her purse contained a cosmetic bag
	19		and she normally didn't carry more than one, or
03:39	20		similarly with the compact?
	21	A	Yes, if she normally didn't carry more than one.
	22	Q	You say:
	23		"We are unable to determine, with
	24		certainty, what was found in the vehicle
03:39	25		and to whom it belonged. However,
			4

1 several points are clear: 2 (a) either a compact or cosmetic bag, 3 which was not in the vehicle previously, 4 was found in the glovebox shortly after 5 the group left Saskatoon; 03:40 6 (b) Milgaard's actions in throwing it 7 out of the vehicle were peculiar, and in 8 light of all of the other facts of this 9 case, suspicious; and, 03:40 10 (c) David Milgaard was unable to explain his behaviour to his defence counsel." 11 12 And can you just elaborate on that? 13 I think, you know, we had witnesses telling 14 us that it happened, we had certainly supportive evidence from Mr. Tallis that Milgaard had told 03:40 15 16 him it happened, so I think we believed in the 17 investigation that that had occurred; therefore, 18 that certainly didn't give any support to the 19 allegation that evidence was contrived or made up. 03:40 20 And so let's just focus on the two areas that you 21 The first one is, I think it was put look at. 22 forward by Mr. Bruce and Mr. Asper as here's 23 evidence that somehow the police and/or Crown were 24 involved in criminal wrongdoing by contriving this 03:41 25 cosmetic/compact incident and getting witnesses to

			7 age 300 10
	1		give false evidence; would that be a fair summary
	2		of the allegation?
	3	A	Yes.
	4	Q	Or what you looked into?
03:41	5	А	Yes.
	6	Q	And having looked into it, you concluded that
	7		something, either a cosmetic bag or a compact, was
	8		in fact thrown out, and therefore did you conclude
	9		that Wilson, John and Cadrain were not lying at
03:41	10		trial when they testified as such?
	11	А	That's correct.
	12	Q	And what was the significance of Mr. Tallis'
	13		evidence and/or statement about what David
	14		Milgaard told him about the compact or cosmetic
03:41	15		bag, how did that figure into matters?
	16	А	Well, I think two things, number one, it certainly
	17		strengthened our belief that it in fact happened,
	18		but secondly, there's some perhaps one could
	19		look at it as suspicious that David couldn't
03:41	20		provide an explanation as to why he did that.
	21	Q	To his counsel?
	22	A	To his counsel.
	23	Q	Right. So again so on the criminal wrongdoing
	24		part, I think you are saying the cosmetic bag
03:42	25		provided no evidence, or the handling of the

	1		cosmetic bag or compact provided no evidence on
	2		the wrongdoing part?
	3	A	That's correct, provided no evidence.
	4	Q	And then part of what you did as well I think in
03:42	5		your investigation, you said is there any evidence
	6		or information provided that would cause us to
	7		conclude that David Milgaard was innocent and/or
	8		Larry Fisher was the perpetrator, right, that was
	9		sort of the second ancillary part of what you were
03:42	10		doing?
	11	A	Yes.
	12	Q	And can you tell us, what did your investigation
	13		into the allegations relating to the compact bag,
	14		or the compact or cosmetic bag, how did your
03:42	15		conclusions on that influence your thinking about
	16		David Milgaard's guilt or innocence?
	17	A	Well, certainly it, you know, in the absence of an
	18		explanation, it certainly provided some
	19		corroborative evidence of the fact that someone
03:43	20		had a compact, that there was a compact in the car
	21		that could have been linked to the murder scene.
	22	Q	And I think you say here was peculiar and
	23		suspicious, so it's a case of saying lookit, this
	24		is an unanswered question and it's suspicious?
03:43	25	A	That's correct.
			4

	1	Q	What about the fact that and so let me back up.
	2		So the fact that you then confirmed that something
	3		was thrown out and it was suspicious because it
	4		was a woman's cosmetic or compact and there was no
03:43	5		explanation, not saying it was necessarily Gail
	6		Miller's, but that would be an inference
	7		presumably your investigators would draw?
	8	A	Yes.
	9	Q	What was the significance, if any, that you and
03:43	10		your investigators placed on the fact that this
	11		allegation would be put forward as a grounds of
	12		saying here's why David is innocent, because the
	13		compact/cosmetic bag is fabricated and you
	14		investigate it and conclude that it's not, and
03:43	15		then so quite apart from the cosmetic bag incident
	16		itself, did you put any significance on the fact
	17		that it was a ground put forward to say here's why
	18		we say he's innocent?
	19	A	Yeah, I think, you know, taken in totality with
03:44	20		all of the allegations, it was another unfounded
	21		allegation, so certainly it strengthens the belief
	22		that there's nothing that's coming forward that
	23		would tend to exonerate Mr. Milgaard.
	24	Q	But I guess did the fact that it was being put
03:44	25		forward and you and your investigators concluded
			<b>1</b>

	1		it didn't have merit, what I'm trying to get at is
	2		did that have any impact on your thinking or your
	3		group's thinking about David Milgaard's guilt or
	4		innocence apart from what you learned about the
03:44	5		cosmetic bag or compact?
	6	A	I thought I had answered that, but perhaps
	7	Q	Well, what I'm trying to get at is did you become
	8		more convinced of David Milgaard's guilt because
	9		you found the allegation to lack credibility?
03:45	10	А	Yes, I think you could draw that inference, that
	11		certainly it was another piece of evidence which
	12		was supportive of the conviction.
	13	Q	Next is the Allegation: Forensic Evidence
	14		Discredited, and this relates to the secretor
03:45	15		issue which we will not spend a great deal of time
	16		on. If we can go to the next page, and I think
	17		what was alleged here, that the allegation was
	18		that the frozen semen found at the scene was
	19		somehow improperly used to convict David Milgaard;
03:45	20		is that correct?
	21	А	Yes.
	22	Q	And do you recall, what was it or what are the
	23		things generally that you looked at then, or was
	24		it just to examine everything with respect to that
03:46	25		piece of evidence?

			Page 36522 ————
	1	A	Yes, it was to see if there could be any
	2		determinations made about that evidence that would
	3		be helpful to our investigation.
	4	Q	And so the first one, the seminal fluid scroll
03:46	5		down the first issue:
	6		"Dr. Markesteyn expressed doubts about
	7		the origin of the "yellowish lumps""
	8		And:
	9		"He suggested the possibility the
03:46	10		substance could have been non human
	11		possibly of canine origin"
	12		And then you go on to say:
	13		"Analysis of the two frozen lumps was
	14		undertaken by RCMP analyst Paynter.
03:46	15		He determined one of the lumps was found
	16		to be human seminal fluid."
	17		And so did your investigators then conclude that
	18		back in 1969 the frozen semen was determined to
	19		be of human origin?
03:46	20	А	Yes.
	21	Q	And what did you make then of the allegation or
	22		suggestion that it was dog urine, or may have been
	23		dog urine?
	24	А	Well, there was nothing that indicated that to us,
03:47	25		and I believe we tried to go further with that,

			_
	1		but there was no substance available, you know, it
	2		deteriorated over time.
	3	Q	And then if we can just go through the next couple
	4		of pages, I think they summarize, they go through
03:47	5		the testing of David Milgaard as a secretor and
	6		the information that's obtained in 1992 that
	7		showed that David Milgaard was in fact an A
	8		secretor as opposed to a non-secretor, and I think
	9		that was information that came to light through
03:47	10		the Supreme Court reference; is that correct?
	11	A	That's correct.
	12	Q	And then to page 340, Dr. Ferris' report, which
	13		we've seen on many occasions, indicated that on
	14		the assumption that David Milgaard was a
03:47	15		non-secretor, the seminal fluid would tend, if it
	16		came from the perpetrator, would tend to exclude
	17		him as a suspect; correct? That was the, one of
	18		the comments in the Ferris' report?
	19	A	That's correct.
03:48	20	Q	And here, Dr. Ferris was provided with the facts
	21		outlined by Ms. MacMillan, she's the serologist
	22		who did the secretor test:
	23		"In correspondence dated 93-06-04, he
	24		agreed that "In light of this new
03:48	25		evidence and assuming all of the

			Page 36524 —————
	1		original facts are as presented at the
	2		time of the trial the serological
	3		analyses would not allow for the
	4		exclusion of David Milgaard as being the
03:48	5		origin of the seminal samples."
	6		Is that correct?
	7	A	That's correct.
	8	Q	So in other words, the two allegations that you
	9		investigated were, number one, that the frozen
03:48	10		semen was in fact dog urine and you investigated
	11		that, concluded it was not?
	12	A	Correct.
	13	Q	And I guess in the alternative, if it wasn't dog
	14		urine, it was semen from the perpetrator and David
03:48	15		Milgaard would be excluded as a possible donor of
	16		that semen; correct?
	17	A	Correct.
	18	Q	And you investigated that and concluded that
	19		because he was an A secretor, he could not be
03:48	20		eliminated?
	21	A	That's correct.
	22	Q	And in fact if you go to 023341 sorry, just
	23		scroll up here, I think you say both Larry Fisher
	24		and David Milgaard are known to be a type A
03:49	25		secretor as well.
			•

			ŭ
	1		"Therefore, based on these two
	2		characteristics alone either man could
	3		be the source of the seminal fluid."
	4		And that would have been your conclusion?
03:49	5	А	That's correct.
	6	Q	If we can go to 023343. Just go to the previous
	7		page. This just relates to DNA testing and I
	8		think you told us in June that although you looked
	9		at the possibility of having DNA testing done on
03:49	10		Gail Miller's clothing during the course of your
	11		investigation, it was not done until after your
	12		investigation was concluded and it was done by
	13		others; is that correct?
	14	A	That's correct.
03:50	15	Q	And one of the reasons I think you indicated was
	16		the question of whether the technology of the day
	17		would be sufficient to test what was thought at
	18		the time to be a minute and the last piece of
	19		physical evidence; is that right?
03:50	20	A	That's right.
	21	Q	And so here you talk in your report about the DNA
	22		testing, and then if we can go to the next page,
	23		under Investigator Comment, you say:
	24		"Should it be possible to make a
03:50	25		determination from analysis of the
			•

	1		panties, the DNA could provide the
	2		following results:
	3		1) If the results indicate the semen
	4		D.N.A. matches David Milgaard, since he
03:50	5		was not a consensual sex partner and
	6		even denies being in the vicinity of the
	7		crime scene, it would be substantial
	8		proof of his culpability."
	9		Correct, and that seems to be straightforward?
03:51	10	А	That's correct.
	11	Q	"2) If the results indicate the semen
	12		D.N.A. matches Larry Fisher, then the
	13		allegation he is actually the person
	14		responsible would have substance."
03:51	15		Now, what is the difference between with David
	16		Milgaard you are saying it would be substantial
	17		proof of his culpability and with Larry Fisher it
	18		is that the allegation would have substance. Was
	19		there a distinction you were trying to draw
03:51	20		there?
	21	A	Not necessarily, but I think when you look at the
	22		two gentlemen, both Mr. Fisher and Mr. Milgaard,
	23		we certainly had a lot of other evidence that
	24		tended to support Mr. Milgaard may be responsible,
03:51	25		we had witnesses, we had a number of other items, $\P$

	1		whereas with Mr. Fisher there really wasn't much
	2		evidence that tended to show that. We certainly
	3		made some attempts during this investigation to
	4		interview him and other things, but we really
03:51	5		didn't have any other evidence, so certainly if it
	6		would have come back as being him, which we all
	7		know it did now, it would certainly point to him
	8		and would then require some investigation to try
	9		and find other evidence that supported that.
03:52	10	Q	And then point three:
	11		3) If D.N.A. results do not match either
	12		Milgaard or Fisher, given all of the
	13		evidence, it is highly probable the
	14		semen originated from a consensual sex
03:52	15		partner."
	16		And I'm wondering, what about the possibility of
	17		a third perpetrator?
	18	A	Yes, it could have been from an unknown offender,
	19		yes, that as well. That's not said in there, but
03:52	20		certainly should have been perhaps.
	21	Q	If we can go to, just scroll down, Quality of
	22		Forensic Evidence, go through that, if we can go
	23		to the investigator comment on page 023345, and
	24		just scroll down, you talk about:
03:52	25		"During the post mortem examination,

1 Dr. Emson discarded the vaginal seminal 2 fluid after determining motility of the 3 The seminal fluid was spermatozoa. 4 contaminated with blood which could have 5 influenced the accuracy of analysis to 03:53 determine grouping. The sample's value 6 7 now with the advancement of DNA is 8 significant, but even at the time, it 9 should have been retained until a 03:53 10 determination was made of its value as evidence. 11 12 Protection of the scene --" 13 Or let me just pause there on that point. 14 you and your investigators conclude that there 03:53 15 was anything that -- the fact that the vaginal 16 seminal fluid was not retained, did you determine 17 that that was part of any criminal wrongdoing on 18 the part of anybody or was an error? 19 It appeared to be an error. It's certainly an 03:53 20 unfortunate error. 21 And then: 22 "Protection of the scene --" 23 And I think this issue relates to the frozen 24 semen found in the snow three or four days later 03:53 25 and the questions about the integrity of that

sample, and you say:

"Protection of the scene until all relevant evidence was gathered would have eliminated any difficulty with the continuity of the evidence of the seminal fluid found in the snow, but it would not answer questions as to its overall integrity, e.g., as to whether it could have been deposited earlier by some other person. Although the seminal fluid was found in a back alley to which the public had access, it was in the immediate area where the body was found. As well, it could be linked to Miller based on the fact of pubic hair, of common origin to her, was found embedded The inference of these in the sample. circumstances is that the seminal fluid was from Miller's attacker.

Given all the other facts in this case, it would be highly speculative to suggest that the specimen could have been deposited by some other person. From an investigative standpoint, the evidentiary integrity of

	1		the seminal fluid appears to be intact."
	2		And would this have been the response then to the
	3		suggestions in I think Dr. Ferris and Dr.
	4		Markesteyn's report, that somehow the seminal
03:54	5		fluid, the frozen semen found in the lane, that
	6		there was something that was done improperly when
	7		that was gathered?
	8	A	Yeah, and I think what we were trying to suggest
	9		was that the, certainly the integrity of that
03:54	10		exhibit would have been stronger had the scene
	11		been guarded throughout, from the time of the
	12		police coming upon the scene until the time the
	13		sample was found, and because the scene wasn't
	14		guarded there certainly is a potential to argue
03:55	15		that there was some contamination or that it was
	16		something that was placed at the scene later. I
	17		think that's what we were trying to suggest there.
	18	Q	Go to the next page. So here's your summary, and
	19		we've touched on these. The first one is the
03:55	20		bloodstained blanket. Actually, just scroll down.
	21		Here, your conclusion:
	22		" there is no evidence to link him to
	23		the scene of the Miller murder as is the
	24		case with David Milgaard."
03:55	25		And that relates to the blanket and those are

			——————————————————————————————————————
	1		your conclusions?
	2	A	That's correct.
	3	Q	And then:
	4		"The question of whether it
03:55	5		was a cosmetic bag or a compact does not
	6		appear to have much validity. Not only
	7		do the occupants of the car say Milgaard
	8		threw out such an item, but when asked
	9		about it by his lawyer, Milgaard's
03:56	10		response was to the effect that 'it was
	11		just there' and he didn't know why he
	12		threw it out."
	13		And I think we've touched on that earlier; is
	14		that correct?
03:56	15	A	That's correct.
	16	Q	And if we can go to 023349. And there is a part
	17		here, Investigation - David Milgaard, and one for
	18		Larry Fisher. Can you just tell us, generally,
	19		what was the purpose of this part of your report?
03:56	20	А	Well I think, although our investigation was
	21		certainly not to focus on the guilt or innocence
	22		of either Milgaard or Fisher, there were a number
	23		of allegations raised that, certainly, we would
	24		want to look as extensively as we could at both of
03:56	25		those gentlemen, so what we attempted to do was
			Meyer CompuCourt Reporting Regina & Saskatoon since 1980

	1		see what evidence we could determine both towards
	2		Fisher and towards Milgaard.
	3	Q	And can you tell us, I think you've said on a
	4		number of occasions that the purpose of your
03:56	5		investigation was not to reinvestigate the murder
	6		of Gail Miller; is that correct?
	7	А	That's correct.
	8	Q	Is it fair to say, though, that in the course of
	9		investigating the many allegations of criminal
03:57	10		wrongdoing, that effectively your investigators
	11		investigated pretty much everything that they
	12		would have investigated if that had been their
	13		mandate?
	14	Α	I think that's fair to say, yes. We interviewed
03:57	15		most of the witnesses, examined the same evidence,
	16		yes, so I think that's fair to say.
	17	Q	And so, although that may not have been your
	18		purpose, the information gathered from witnesses
	19		would be very similar, if not identical, to what
03:57	20		you would investigate if you had investigated the
	21		murder of Gail Miller?
	22	А	Yes, that's a fair statement.
	23	Q	And I take it that, if you were just doing an
	24		investigation into the death of Gail Miller, you
03:57	25		may not have made a number of the inquiries you
	11		<b></b>

	1		did in the Flicker investigation; is that correct?
	2	А	That's correct.
	3	Q	So at the end of the piece are you telling us
	4		that, lookit, because we had effectively done,
03:57	5		although for a different purpose, much of the same
	6		investigative work, we're going to put down our
	7		findings as to what we found?
	8	А	Yes.
	9	Q	Go to the next page. And would it be fair to say
03:58	10		that, in looking at this index, when you looked at
	11		this issue of David Milgaard versus Larry Fisher
	12		and the information gathered, did you start from
	13		scratch and say "let's start from the beginning
	14		with no assumptions and look at all the
03:58	15		information", or where did you start as far as
	16		your thinking about his guilt or innocence, and
	17		I'm talking about David Milgaard?
	18	A	Yes, I think we started at the beginning and said
	19		okay, what is there as far as evidence is
03:58	20		concerned".
	21	Q	And to what extent did you focus your
	22		investigation on what had been provided to you on
	23		behalf of David Milgaard as the reasons they said
	24		he was innocent, and in particular the 68 issues
03:59	25		that you identified?
		1	

			——————————————————————————————————————
	1	A	Well if the reasons didn't form, weren't
	2		evidentiary, then we didn't focus on them,
	3	Q	Okay.
	4	A	so by then we had already examined all of the
03:59	5		allegations.
	6	Q	No, let me try and rephrase it with, for an
	7		example here, the motel room re-enactment, or
	8		let's take the compact or the cosmetic bag. What
	9		I am trying to get at is did you say lookit, we're
03:59	10		going to do our own investigation, gather all of
	11		the facts and make our own conclusions about David
	12		Milgaard's guilt or innocence or Larry Fisher's
	13		guilt or innocence, or was it a case of you
	14		testing what had been put forward to you by Mr.
03:59	15		Wolch and Mrs. Milgaard as being the reasons why
	16		they said he was innocent, or was it some
	17		combination of the both?
	18	A	Yes, I think stronger on the second, but to a
	19		degree maybe a combination of the both.
04:00	20	Q	So stronger on the second in that you focused on
	21		the allegations?
	22	A	We tested the allegations, yes.
	23	Q	If we can go to the next page. The comment here:
	24		"While it was not within the
04:00	25		scope of our investigation to explore
		İ	

	1		David's guilt or innocence, several of
	2		the issues surfaced by Wolch, Asper and
	3		Mrs. Milgaard touch on this question.
	4		Issues 58 and 63 suggest Milgaard did
04:00	5		not have an opportunity to commit the
	6		murder because he was not in the
	7		vicinity. Issues 60 and 64 deal with
	8		the legitimacy of Milgaard's May 1969
	9		re-enactment of the murder in a Regina
04:00	10		motel room and issues 65-68 deal with
	11		questions posed by Mrs. Milgaard
	12		relating to various facets of David's
	13		case."
	14	An	d I'm just wondering, from that, would that
04:00	15	ha	ve been the focus, then, of what you
	16	in	vestigated as far as looking at the question of
	17	Da	vid Milgaard's innocence?
	18	A Ye	S.
	19	<b>Q</b> So	the first issue is the allegation that he
04:01	20	wa	sn't in the vicinity, and here:
	21		" they maintain Milgaard was never
	22		separated from Ronald Wilson and
	23		therefore didn't have a chance to rape
	24		and murder Miller."
04:01	25	An	d I think this originated from Mr. Bruce and

	1		Mr. Asper, this issue, that it:
	2		" was not stuck in an area that would
	3		provide for an encounter",
	4		and:
04:01	5		" Wolch's contention that it was not
	6		possible for Milgaard to have committed
	7		the murder because at the critical time
	8		he was at the Trav-a-leer Motel."
	9		Can you tell us, how did you, did you
04:01	10		reinvestigate this part or what significance did
	11		you place on the jury's findings on some of these
	12		issues?
	13	A	I think areas where we could reinvestigate, we
	14		investigated as far as we could. Certainly, the
04:01	15		jury findings were are important, and were
	16		considered as we were conducting this
	17		reinvestigation.
	18	Q	But I suppose, if you had investigated and found
	19		that Ron Wilson and Milgaard were never separated,
04:02	20		that might have a bearing on David Milgaard's
	21		guilt or innocence?
	22	А	Yes, it would certainly be something that would be
	23		important for us to bring forward, as a result of
	24		our investigation.
04:02	25	Q	Or that David Milgaard was at the Trav-a-leer
		i	

			- Fage 30037
	1		motel at the time that the murder was supposed to
	2		have taken place?
	3	A	Yes.
	4	Q	That would have been significant?
04:02	5	А	That would be supportive of an alibi, yes.
	6	Q	So are you telling us the fact that the jury
	7		appeared to discount some of the arguments being
	8		put forward to you by Mr. Wolch, Mrs. Milgaard,
	9		Mr. Bruce and Mr. Asper, your investigators went
04:02	10		and investigated them anyway?
	11	A	Yes. And certainly, had we uncovered evidence
	12		which we felt was important, we would have brought
	13		it forward in our report to be dealt with.
	14	Q	If we can go to the next page. You say here:
04:02	15		"When taken to the scene of
	16		the murder on 69-05-24, Nichol John
	17		showed marked emotion. The next day she
	18		implicated Milgaard directly in Miller's
	19		murder and there is little doubt from
04:03	20		her account they were at the scene."
	21		And am I correct, in reading that, that are you
	22		saying there that, if her account is to be
	23		believed, there is no doubt they were at the
	24		scene?
04:03	25	А	Yes.

			1 age 30030
	1	Q	As opposed to did you reach the conclusion that
	2		there was little doubt that they were at the scene
	3		of the crime?
	4	A	I think, from her evidence,
04:03	5	Q	Okay.
	6	A	that there was little doubt that they were at
	7		the scene.
	8	Q	Now there is also a mention here about, and I
	9		think we saw this in her interview with the RCMP
04:03	10		in '93, about being shown pictures. I think your
	11		investigator showed her pictures of the church,
	12		the funeral home, and a brick wall, things of that
	13		nature, and can you tell us what was the purpose
	14		of that and what was the significance of that?
04:03	15	A	It was to assist her in recalling whether or not
	16		she recognized, you know, pictures of the scene,
	17		and as I recall she did identify some of those
	18		pictures and said she did recall, I believe, the
	19		church, the funeral home, and some other photos.
04:04	20	Q	It says:
	21		"She also recalled hearing the church
	22		bells."
	23		Do you recall if your investigators ever followed
	24		up to find out whether or not the St. Mary's
04:04	25		Church had church bells and, if so, whether they $\P$

			5
	1		were operational at the time?
	2	A	I don't recall whether there was a lot of
	3		follow-up. Certainly, I think that's the first
	4		time Nichol had ever said that, I don't recall it
04:04	5		ever being said in any of her previous statements.
	6	Q	And so then the next paragraph talks about the
	7		interview in '93 and the photographs, and is it
	8		fair to say that the in looking at the question
	9		of David Milgaard's guilt or innocence in '93,
04:04	10		when your group looked at this, can you tell us
	11		the significance of Nichol John's 1993
	12		recollection? I mean, you had her statement back
	13		in '69, but what she was telling you in 1993?
	14	А	Well, as I recall, I don't think that I ever
04:05	15		believed that Nichol was a particularly strong
	16		witness, and that, you know, certainly some of the
	17		things she said in her statement could be
	18		corroborated by other means, but there were things
	19		that she said in her statement that couldn't. So
04:05	20		certainly she, you know, I guess my wish was that
	21		she could have been more forthcoming but simply
	22		wasn't able to be so.
	23	Q	Okay.
	24		COMMISSIONER MacCALLUM: That's on the
04:05	25		basis of what she told you in 1993?

1 Α Yes, My Lord. And I think perhaps, perhaps just 2 to go a bit beyond that, the fact that we had had a chance to look at her various interviews over 3 4 the years, and certainly there were things that changed within those interviews that I guess led 5 04:05 me to believe she certainly wasn't a very strong 6 7 I don't -- I don't think that I ever 8 felt that she was not trying to be truthful with 9 us, just that her recall differed from event to --04:06 10 or from time to time. 11 COMMISSIONER MacCALLUM: Okay. 12 BY MR. HODSON: 13 0 And, again, this discussion here about Nichol 14 John, I think, relates to the issue of whether or not David Milgaard was in the vicinity around the 04:06 15 16 time of the murder, and you go through her 17 recollection of being -- of the St. Mary's Church 18 and being in that area, and I take it that -- or 19 tell me, although she didn't have a recall of a 04:06 20 number of events, did you rely upon her statements 21 to you in 1993 and her identification of the 22 photographs as being some evidence that their 23 vehicle may have been in the vicinity on the 24 morning of the murder? 04:06 25 Yes, we did, we certainly did rely on her Α

			r age coorr
	1		evidence, some evidence that they'd been in the
	2		vicinity.
	3	Q	And now here you say:
	4		"In testimony at the Supreme
04:07	5		Court, Milgaard states that in searching
	6		for Cadrain's residence he was looking
	7		for the St. Mary's Cathedral as a
	8		landmark. The church is across the
	9		street from the murder scene."
04:07	10		Then:
	11		"Milgaard was cross-examined about a
	12		comment in his March statement that he
	13		was stuck in an alley near an apartment
	14		block."
04:07	15		Is that, the fact that they were looking for the
	16		St. Mary's Church as a landmark, was that
	17		something you relied upon to say that they may
	18		have been in the vicinity?
	19	А	Yes, it was.
04:07	20	Q	How do you respond to the suggestion that, if they
	21		were right in the alley facing St. Mary's Church
	22		and that they knew that St. Mary's Church was the
	23		landmark that they could find the Cadrain house,
	24		then why would they go to the Trav-a-leer Motel to
04:07	25		get directions if they found the landmark they
			Movey CompuCourt Poporting

			——————————————————————————————————————
	1		were looking for?
	2	A	It was dark, perhaps they didn't recognize that it
	3		was at the end of the alley, and certainly in the
	4		daylight you would be able to see it but at that
04:07	5		time of day it was dark, perhaps they just didn't
	6		see it. There was some indication that they maybe
	7		drove right by it.
	8	Q	Okay. If we can go to the next page, you then
	9		talk about being in the vicinity:
04:08	10		"Milgaard's counsel
	11		Tallis, testified in the Supreme Court
	12		he recalled Milgaard told him the group
	13		did get stuck not long after talking to
	14		a lady",
04:08	15		and that Tallis said:
	16		" the lady was encountered on the
	17		west side of the city."
	18		And can you tell us what, as far as what Mr.
	19		Tallis either testified in the Supreme Court or
04:08	20		told you, was that information that your
	21		investigators relied upon to put David Milgaard
	22		in the vicinity?
	23	А	Yes. I believe Mr. Milgaard had told Tallis that
	24		he was stuck in the area that and certainly the
04:08	25		crime scene itself indicated a vehicle had turned
			1

			r age coore
	1		into the alley and become stuck, or had
	2		certainly was spinning its wheels, and I think
	3		that supported, to a degree, the fact that a good
	4		likelihood that they were there.
04:09	5	Q	And down at the bottom Wilson Never
	6		Separated/Opportunity, this is the argument that
	7		David Milgaard and Ron Wilson were never
	8		separated, therefore David Milgaard did not have
	9		the opportunity to commit the crime; correct?
04:09	10	А	Yes.
	11	Q	And then here:
	12		"In Tallis' testimony at the
	13		Supreme Court he recalled Milgaard
	14		telling him that when the group became
04:09	15		stuck, the two boys exited the vehicle
	16		and went in different directions.
	17		Tallis could not pin down the length of
	18		time the two were away from the vehicle.
	19		His recollection was that Milgaard said
04:09	20		'not too long'."
	21		So did that answer that allegation, then, the
	22		fact that Mr. Milgaard admitted to his lawyer
	23		back in 1969 that he and Wilson had been
	24		separated?
04:09	25	A	Yes.

1 0 Over to the next page. Investigator Comment: 2 "Wolch's claim is that 3 Milgaard was at the Trav-a-leer Motel at Therefore, he wasn't in the 4 0700 hrs. 5 vicinity at the time and didn't have a 04:09 chance to rape and murder Miller. 6 7 To suggest Milgaard was at 8 the motel at 0700 hrs. when the murder 9 is likely to have taken place is a 04:10 10 narrow interpretation of the evidence and, in particular, of Rasmussen's 11 12 evidence. According to Rasmussen, 13 Milgaard could have been at the motel as late as 0730 hours which would have 14 15 allowed him sufficient opportunity to 16 attack Miller and then drive to the 17 motel." 18 And then next page: 19 "There is no doubt from the 04:10 20 evidence of Mr. Tallis and the others 21 involved that Wilson and Milgaard were 22 separated for a period of time when they 23 became stuck. The only question is for 24 how long. If Wilson's evidence is 04:10 25 accepted, they were apart for between 10

	1		to 15 minutes."
	2		And so those would have been your conclusions?
	3	А	Yes, they would have been.
	4	Q	So if we can simplify this, is it a case where
04:10	5		what the Milgaards or their lawyers tell you is
	6		that at least one and this would be part of
	7		many issues put forward to you but on these two
	8		issues it would be, lookit, David Milgaard is
	9		innocent because, number 1, he was never away from
04:10	10		Ron Wilson the morning of the murder; and 2, he
	11		wasn't anywhere in the vicinity of where the
	12		murder took place at the time the murder took
	13		place, and if you find those two facts, or one of
	14		those two facts, that proves he didn't do it;
04:11	15		correct, that's what they put forward?
	16	A	That's what they were suggesting, yes.
	17	Q	Yeah. Your investigators go out and look at them
	18		and, on the first one, you say David told his own
	19		lawyer at the time that he was separated from Ron
04:11	20		Wilson, therefore, that allegation isn't
	21		substantiated; correct?
	22	А	Correct.
	23	Q	And on the not being in the vicinity I think you
	24		said, based on Rasmussen's evidence and what Mr.
04:11	25		Tallis said, that would not be substantiated?
		ii .	

	ſ		——————————————————————————————————————
	1	А	That's correct, and the crime scene itself,
	2		indicating that someone had been stuck in the
	3		alley.
	4	Q	Okay, but someone, not necessarily the Milgaard
04:11	5		vehicle?
	6	A	Exactly.
	7	Q	But so I'm just trying so it's a case of
	8		saying, okay, you've given us all the reasons, or
	9		here's two reasons why you say he's innocent, we
04:11	10		checked them out and find out, at least according
	11		to your investigators, they don't have merit; is
	12		that correct?
	13	А	That's correct, yeah.
	14	Q	Yeah. And would you say, at least on the on
04:12	15		these two issues, was it more than not having
	16		merit; did you find them to be suspicious and
	17		incriminating of David Milgaard?
	18	A	Yes, they were, they were.
	19	Q	And so, instead of being two pieces of information
04:12	20		that were intended to have you say, if proven,
	21		they would prove his it may establish his
	22		innocence, but if not proven they may tend to show
	23		or be incriminating; is that fair?
	24	A	That is fair, yes.
04:12	25	Q	And was that the case with a number of these
			4

			•
	1		allegations that you pursued?
	2	А	Yes, it was.
	3	Q	That if they were true they might, to your
	4		investigators, establish that David Milgaard is
04:12	5		innocent, but when you investigated them and find
	6		out that they are not true, at least according to
	7		your investigators, they tend to be incriminating?
	8	А	That's correct.
	9	Q	If we can go to the Motel Re-Enactment Non
04:13	10		Genuine. If we can go to the next page, it says
	11		here:
	12		"Mr. Asper questions the
	13		evidence produced at trial regarding the
	14		motel re-enactment. He claims
04:13	15		statements by Hall, Melnyk and Harris
	16		convert what was a very damning
	17		admission into a harmless, but crude
	18		joke."
	19		Can you tell us, what was your understanding of
04:13	20		the in 1992 when this was put forward on the
	21		motel room re-enactment we have seen in evidence
	22		that the allegation took two different forms. On
	23		some occasions the suggestion was that the motel
	24		room incident did not happen, that David Milgaard
04:13	25		did not make any stabbing motion nor utter any

1 admissions with his friends, and that the 2 evidence of Melnyk and Lapchuk was fabricated. 3 That was one allegation. A second allegation that was put forward from time to time was that 4 5 the incident may have happened and that David 04:14 Milgaard may have made a stabbing motion to a 6 pillow and may have admitted that he stabbed her 8 or made comments that he stabbed her, but that it 9 was done so in a joking manner and that it wasn't 04:14 10 serious, and that Melnyk and Lapchuk had lied in 11 giving evidence, or taking it serious when it was 12 really a joke. So, in other words, in both cases 13 the suggestion is that the evidence was improper, 14 on the one hand because it didn't happen; on the second one, if it did happen it was a joke and 04:14 15 16 the witnesses and the Crown and the police made 17 it look serious when it wasn't. What was your, 18 which of those two, or what did you investigate; 19 which of the allegations on the motel room did 04:14 20 you look into? 21 Well certainly there was evidence that it Α happened, because Mr. Milgaard told his counsel 22 23 that it happened as well, so that strengthened 24 And I think, you know, after conducting interviews of the witnesses it's obvious that the 04:14 25

1		witnesses placed a different interpretation on
2		what they saw, but certainly we had no doubt that
3		the incident happened.
4	Q	No, but I guess the question was what was your,
<i>04:15</i> 5		initially when you got into this what were your
6		were you investigating the allegation that this
7		incident didn't happen and that Melnyk and Lapchuk
8		lied about it and made it up?
9	A	Yes.
<i>04:15</i> 10	Q	So that, okay, so that was one of the things you
11		looked into?
12	A	That's one of the things, yes.
13	Q	Okay. And then your investigators concluded that
14		it did happen and then looked at the question of
<i>04:15</i> 15		whether it had been misconstrued; is that right?
16	A	That's right.
17	Q	If we can go to we won't go through this in
18		detail. It looks like you talked to all of the
19		main players involved to get their recollection of
<i>04:15</i> 20		what happened; is that correct?
21	A	That's correct.
22	Q	And if you can go ahead to page 023367. And here
23		is I've skipped over, Mr. Sawatsky, the
24		summaries of the interviews of all of the people
04:16 25		involved and their friends, because we've had that

	4	
	1	evidence put in in other formats, but it's simply
	2	summarizing the information you obtained from
	3	those people, and here you referred to Mr.
	4	Milgaard's evidence at the Supreme Court where he
04:16	5	says:
	6	" has no recollection, but believes
	7	nothing like that took place."
	8	And then, down at the bottom, Mr. Tallis'
	9	evidence at the Supreme Court saying that:
04:16	10	" Milgaard said, 'I can't deny doing
	11	it, but if I did say it, it was a
	12	joke.'"
	13	And:
	14	"Tallis said Milgaard was stoned and
04:16	15	that 'He didn't recall making any such
	16	statements.'"
	17	And then, if we go to the next page:
	18	"It appears the motel
	19	re-enactment is a matter of perception.
04:17	20	The incident took place and may have
	21	been a crude and inappropriate response
	22	to goading by Milgaard's friends, or it
	23	may have been a drug induced
	24	re-enactment of his actual crime. Our
04:17	25	investigators indicate all of the $lacksquare$

	1		witnesses offer their version of events
	2		in a believable manner."
	3		And so that would have been the conclusion your
	4		investigators reached?
04:17	5	A	Yes, it is.
	6	Q	And can you tell us, just as an investigator,
	7		what keeping in mind that some of the people in
	8		the room let's, I think you are saying, lookit,
	9		everybody said it happened, something happened,
04:17	10		that was what your investigators found?
	11	A	Yes.
	12	Q	That an incident happened, and some believed it
	13		was serious, some believed it was a joke; correct?
	14	A	Correct.
04:17	15	Q	As an investigator what, what significance, if you
	16		are investigating David Milgaard for the murder of
	17		Gail Miller, coupled together with the other
	18		evidence, is this motel room incident, even with
	19		the different perceptions of the people in the
04:18	20		room, significant, and if so how?
	21	A	Well certainly it's something that is suspicious
	22		and, as an investigator, you would certainly
	23		investigate it as far as you can and to whatever
	24		lengths you can, and simply put it forward as one
04:18	25		more piece of evidence in your file.

	1		I think if it didn't happen it
	2		would be significant because, you know, that would
	3		tend not to be incriminating. But when something
	4		like this happens, notwithstanding the various
04:18	5		interpretations, it tends to be incriminating.
	6	Q	And so back to my earlier question. This was put
	7		forward as a ground to you to say, lookit, this
	8		motel, something wrong was done by the police,
	9		witnesses and Crown in putting forward this motel
04:18	10		room re-enactment, and I think you've told us that
	11		there was no criminal wrongdoing arising out of
	12		how the police and Crown dealt with this?
	13	A	No, there wasn't.
	14	Q	And I believe it was also put forward, or was it
04:18	15		put forward as saying, lookit, check into the
	16		motel room thing and when you are done it, when
	17		you're done your investigation, you'll then
	18		realize that David is innocent or that it somehow
	19		establishes innocence?
04:19	20	A	That's right, that it would be another piece of
	21		evidence that would suggest he is innocent.
	22	Q	And I suppose if the one assertion that Melnyk and
	23		Lapchuk lied at trial and made up the evidence
	24		about the motel room incident when in fact it
04:19	25		didn't happen, if it was proven, that would be

	1		gomething that would be gunnerative of not only
			something that would be supportive of not only
	2		criminal wrongdoing by witnesses and/or the state,
	3		but it might also be supportive of a claim of
	4		innocence?
04:19	5	А	Correct.
	6	Q	The fact that you go and find out that it did
	7		happen, at least according to your investigators,
	8		what significance did that have in your thinking
	9		or your investigation as to whether or not David
04:19	10		Milgaard was guilty or innocent?
1	11	А	Well certainly it tended to support evidence that
1	12		had been put forward at trial that was heard by a
1	13		jury, it tended to support that evidence, and
1	14		would, as a team of investigators, would cause one
04:19	15		to I guess perhaps have another reason to believe
1	16		that Milgaard could have been responsible.
1	17	Q	What about the suggestion that behaviour like this
1	18		might be as consistent or more consistent with
1	19		someone who did not commit the crime? In other
04:20 2	20		words, if someone had committed the crime it would
2	21		be unlikely that they would go and re-enact and
2	22		tell their friends, particularly when they were
2	23		under police investigation; again, is that
2	24		something that you considered?
04:20 2	25	А	I would suppose that's another way to look at it.

	1		I didn't look at it that way but, certainly, I
	2		wouldn't argue that that's another way you could
	3		look at it.
	4	Q	So depending on how you look at it, and perhaps
04:20	5		your starting point, the motel room incident, if
	6		it happened, regardless of whether it's a joke or
	7		not, some could construe it as being favourable
	8		or being incriminating, others might say it's not
	9		incriminating?
04:20	10	A	I think that's certainly possible.
	11	Q	Go to 023369. Just touch on quickly, this is the
	12		issue about the interview of Simon Doell, and I
	13		think the allegation here was that the Crown
	14		theory was that Gail Miller was on Avenue N, and
04:21	15		they had a statement on the police file from Simon
	16		Doell who said that he saw Gail Miller at the bus
	17		stop on Avenue N, but that 20 years later when
	18		they talked to Simon Doell that he said "no,
	19		that's not the case", and that there was
04:21	20		something something about does that
	21		summarize what that issue was?
	22	A	Yes.
	23	Q	And was there anything that you found in that
	24		actually, we'll go to the next page:
04:21	25		"As far as Doell supporting

1		the Crown assertion that Miller was
2		approached by her assailant on Avenue N.
3		is concerned, Doell had no impact
4		whatsoever on Milgaard's case."
5		He didn't testify at the trial?
6	A	No, he didn't.
7	Q	B.4 Issue: Colin Thatcher as a Suspect:
8		"Mrs. Milgaard speculated
9		that Colin Thatcher may have committed
10		Miller's murder and that Merchant's
11		enquiries were launched to determine how
12		much evidence the Milgaard investigation
13		had at that point."
14		What was your understanding just on this, because
15		I think the one contention back at the time from
16		the Milgaard group was that Larry Fisher had
17		committed the murder, correct?
18	А	Correct.
19	Q	That was the main contention?
20	А	Correct.
21	Q	Was there also a suggestion that, well, maybe
22		Colin Thatcher committed it and not Larry Fisher?
23	А	I think Mrs. Milgaard was raising this as
24		something that another possibility that we
25		could look at.
	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	2 3 4 5 6 A 7 Q 8 9 10 11 12 13 14 15 16 17 18 A 19 Q 20 A 21 Q 22 23 A 24

			——————————————————————————————————————
	1	Q	And, next page:
	2		"During our investigation of
	3		Mrs. Milgaard's concerns, we were not
	4		able to establish any link between
04:22	5		convicted murderer Colin Thatcher and
	6		Gail Miller."
	7		Did your investigators, in fact, go out to see if
	8		there was evidence to establish that Colin
	9		Thatcher may have been involved?
04:23	10	A	Yes, they did.
	11	Q	If we can go to the next page. You say:
	12		"There is no evidence the
	13		Saskatoon City Police ever considered
	14		Colin Thatcher a suspect in the Miller
04:23	15		murder investigation and we have found
	16		no evidence to suggest they should have.
	17		During the course of our
	18		investigation of Mrs. Milgaard's
	19		allegations, we did not surface any
04:23	20		reasonable basis for pursuing inquiries
2	21		beyond what has been described."
2	22		Was there any basis to think that Mr. Thatcher
2	23		ought to have been a suspect or investigated for
2	24		the murder of Gail Miller?
04:23	25	A	No, there wasn't, and I believe Mr. Thatcher
			•

			1 ago 5555.
	1	V	vasn't even in the country at the time. I think
	2	l	ne was attending university in the States or
	3	٤	something.
	4	Q (	Go to B.5, I think this was another issue that:
04:24	5		"Mrs. Milgaard stated that confirmation
	6		of David's innocence could be obtained
	7		from the results of an interview
	8		conducted by Dr. Denson in the
	9		mid-eighties. Milgaard was under the
04:24	10		influence of sodium pentothal during his
	11		interview and maintained his innocence
	12		throughout."
	13	I	And I think if you can go through to the next
	14	Į į	page, you say:
04:24	15		"According to Dr. Denson the two Sodium
	16		Amytal (pentothal) sessions with
	17		Milgaard were failed attempts to put him
	18		properly under the influence of the
	19		drug. Given this fact, and the
04:24	20		disputable results of the procedure in
	21		general, Milgaard's test results cannot
	22		be relied upon."
	23	]	Is that an accurate summary of what you did?
	24	A S	Yes, it is.
04:24	25	Q I	Did you ever consider having Mr. Milgaard take a

	1		polygraph test or did you make any inquiries to
	2		determine if he had ever been asked to do one or
	3		had done one?
	4	A	I didn't ask if he had ever been asked to do one.
04:24	5		Certainly polygraph is something that could have
	6		been considered. However, you know, I made two
	7		attempts to interview Mr. Milgaard and wasn't able
	8		to get anywhere with either of them, so it's
	9		something that I never got to the point where I
04:25	10		could ask that question.
	11	Q	Okay. If we can go down to the bottom, B.6 is
	12		Psychiatric Records, and:
	13		"According to Mrs. Milgaard, the Yorkton
	14		Psychiatric Centre has notes on David.
04:25	15		She has never been given access to these
	16		notes which she feels may contain
	17		something of value to this
	18		investigation."
	19		And I think that's in her interview with you,
04:25	20		that something in those records might support
	21		David's case; is that correct?
	22	A	That's correct.
	23	Q	And it appears that you met with David Milgaard:
	24		"During this meeting, Milgaard was asked
04:25	25		for a waiver providing us access to his
			Meyer CompuCourt Reporting

	1		medical records held at the Yorkton
	2		Psychiatric Centre. He declined our
	3		request, stating he had the records and
	4		would make them available to us. These
04:25	5		records were never made available to
	6		us."
	7		So I take it that was not further pursued?
	8	А	That was not pursued any further.
	9	Q	Next page is Issue: Admissions:
04:26	10		"In addition to the issues concerning
	11		David Milgaard's innocence surfaced by
	12		Mrs. Milgaard, questions were raised
	13		about a confession he allegedly made
	14		while in prison. The confession was
04:26	15		purportedly made to Ben Dozenko"
	16		And you go on to describe that. And again, can
	17		you tell us, what would have prompted you to
	18		investigate these admissions, or alleged
	19		admissions?
04:26	20	А	Well, certainly that would be evidence that would
	21		support the fact that there was no wrongful
	22		conviction as far as the actions of the police at
	23		the time and the Crown and prosecutors at the
	24		time.
04:26	25	Q	If we can go to page 023376, I think your

	1		Investigator Comment here:
	2		"Dozenko's recollection that Milgaard
	3		confessed while serving time in Stony
	4		Mountain Penitentiary cannot be verified
04:27	5		through other independent sources.
	6		Other prison acquaintances state
	7		Milgaard always maintained his
	8		innocence, including Robert Desjarlais,
	9		who was never previously interviewed."
04:27	10		So would that be the as far as the admissions,
	11		did your investigators find anything there that
	12		would either support his claim of innocence or be
	13		incriminating?
	14	А	Other than what Mr. Dozenko said, there was no
04:27	15		paperwork or anything to support that, so we
	16		didn't find anything.
	17	Q	And what about Mr. Dozenko's report, was that
	18		something that factored into your investigator's
	19		thinking?
04:27	20	А	I don't recall that as being a particularly strong
	21		piece of evidence in my mind.
	22	Q	If we can then go to the next page, it says:
	23		"The issues discussed here were
	24		questions about the circumstances
04:27	25		surrounding the Miller rape/murder

which, according to David Asper, if properly interpreted, show David Milgaard was not responsible. This included arguments about whether Milgaard was in the vicinity at the time Miller left her residence or whether he was at the Motel, whether or not he was separated from Wilson and John long enough to complete the rape/murder and the submission that the motel room re-enactment was a joke.

All of these facts concerning these circumstances were heard at trial. The jury obviously made a determination that the times involved did afford Milgaard the opportunity to commit the rape/murder. No doubt, the evidence of Ronald Wilson and Nichol John played a large role in the jury's decision and since Mr. Asper argues their evidence was fabricated, his view of the facts excludes their evidence. Thus the argument challenging whether Milgaard was in the vicinity and had the opportunity."

And can you elaborate on that, just that point there, are you saying that what was put forward to you as saying they could not have been in the vicinity was dependent upon Wilson and John's evidence, at least all of their evidence, incriminating evidence being fabricated?

That's correct.

lt says:

Α

"Our investigation did not alter the facts pertaining to whether or not Milgaard was in the vicinity at the time and as to the length of time separated. The murder scene was close to the Cadrain residence as was the church the group apparently used as a landmark. Milgaard cannot be placed in the alley near the body unless you rely on Nichol John's 1969 statements but he can be put within several blocks of the scene. Wilson's evidence at court was that they were separated for 10-15 minutes. Milgaard's trial counsel, C.F. Tallis, stated that sometime after their encounter with a woman Wilson and Milgaard left the vehicle and went in

			. a.g. cocco
	1		different directions. The passage of
	2		time and the altering of stories (e.g.
	3		Wilson) does not allow us to make
	4		further determinations on vicinity and
04:29	5		time separated. It should also be noted
	6		that these issues were dealt with by the
	7		Supreme Court."
	8		And would that be an accurate summary of what you
	9		concluded about those submissions?
04:29	10	А	Yes. Yes, it would.
	11		COMMISSIONER MacCALLUM: Excuse me, in the
	12		preceding paragraph it says, "No doubt, the
	13		evidence " no, back up, please. Scroll up,
	14		please:
04:30	15		"No doubt, the evidence of Ronald Wilson
	16		and Nichol John played a large role in
	17		the jury's decision."
	18		What part of Nichol John's evidence are you
	19		saying played a large part in the jury's
04:30	20		decision?
	21	A	I think what we were suggesting there, My Lord, is
	22		that both Ron Wilson and Nichol John testified at
	23		trial and they testified to involvement of Mr.
	24		Milgaard in the murder and that was obviously
04:30	25		accepted by the jury.

	1	COMMISSIONER MacCALLUM: No, but my
	2	question was what see, Nichol John certainly
	3	gave damning evidence to the police, but she
	4	didn't do it at trial, she adopted some part of
04:31	5	her statement at trial, but not the very inculp
	6	not the very part where she said she observed
	7	Milgaard stabbing somebody, that was not before
	8	the jury. Are you referring to
	9	A No, I believe you are right, that wasn't put to
04:31	10	the jury, but I know that she was challenged on
	11	some of the things she said by the Crown and put
	12	in as an adverse witness, but
	13	COMMISSIONER MacCALLUM: Yes, that's right.
	14	A certainly she did make references to the fact
04:31	15	that they were there at the time.
	16	COMMISSIONER MacCALLUM: In the vicinity?
	17	A In the vicinity.
	18	COMMISSIONER MacCALLUM: Is that all you
	19	are concerned about in this paragraph, that she
04:31	20	put him in the vicinity?
	21	A And that did afford Milgaard the opportunity.
	22	COMMISSIONER MacCALLUM: Okay.
	23	BY MR. HODSON:
	24	Q Just if we can scroll down:
04:31	25	"Another area of concern examined here

	1		was the claim that the motel room
	2		re-enactment of the murder by Milgaard
	3		was a joke. Again, our investigation
	4		did not uncover anything to alter the
04:31	5		facts relating to this evidence. It is
	6		a matter of perception on the part of
	7		those present, several say they saw it
	8		as a joke and several did not."
	9	And then	as well:
04:32	10		"We investigated Mrs. Milgaard's claims
	11		that David had steadfastly maintained
	12		his innocence during his
	13		imprisonment"
	14	And here	:
04:32	15		"We found no new evidence to dispute the
	16		fact he has professed innocence since
	17		his initial arrest."
	18	And then	the next page:
	19		"We had several discussions with David
04:32	20		Milgaard about this investigation but he
	21		was not formally interviewed regarding
	22		the issues. We relied on his Supreme
	23		Court testimony for his version of the
	24		facts relating to our enquiry."
04:32	25	Would it	have assisted you, Mr. Sawatsky, if you

	1		would have been able to get better information
	2		from David Milgaard?
	3	A	I think certainly Mr. Milgaard, in some ways,
	4		would have been key to our investigation because
04:32	5		he could have provided us with some basis as to
	6		what really happened that morning or, you know,
	7		what his version was of what happened that
	8		morning. I recall, you know, two interviews that
	9		I tried very much to take him there and I guess I
04:33	10		would have expected that he would have been a
	11		little bit more prepared to talk about that when
	12		he came in, but he simply wasn't prepared to go
	13		there. I don't know what the reasons were, but he
	14		wasn't prepared to go there.
04:33	15	Q	And so was it a case of him coming to see you, but
	16		for reasons that maybe weren't clear to you, that
	17		he was not able to go back and recall some of
	18		these events, or at least share them?
	19	Α	Not so much a case of not able, he didn't even
04:33	20		appear to want to go back. He showed up but had
	21		other issues on his mind.
	22		MR. HODSON: Okay. I see it's 4:30. This
	23		is a good spot to break.
